West Allegheny Elementary Schools

Donaldson, McKee, Wilson
2022-2023

August 23, 2022

Dear Parents and Guardians of a West Allegheny Elementary Student:

Welcome back to the 2022-2023 school year! We are so glad that your student will be with us each and every day!

In this handbook, you will find information that will help you get to know our schools a little better. You will find documents that will outline procedures that are in place in the building as well as district level policies that we ask you to review with your students.

2022-2023 will be a very exciting school year. All of our schools are proud of the progress that our students continue to make. Part of what makes our elementary schools so special is the emphasis that we place on CARE; you will see and hear students talking about activities that encompass Connections and Culture, Awareness, Relationships, and Extra Support. This year, we will focus on #WeAreOne to continue to build school cultures that support and uplift each child and family.

We are here to work together and help you with any questions or concerns you may have. Please do not hesitate to reach out to us if we can be of assistance.

Here is to a great school year!

Dr. Dierker, Mrs. Wagner, and Mrs. Gray

ATTENDANCE AND ABSENTEEISM

We know how important school attendance is as we realize that if students are not in school, they are not learning. Our goal is to have each student in attendance 95% of the time. However, in the event that a student is not going to be in school on a given day, parents/guardians are asked to call the school Absentee Call-Off Line as soon as possible the evening before or that morning, preferably by 9:00am.

Donaldson 724 213-1013

McKee 724 695-5264

Wilson 724 695-1548

By law, students must return to school with a written note from the parent/guardian explaining the reason and date of the absence. The principal or school guidance counselor will notify parent/guardian when a student's absence is unlawful under those Attendance Laws. Failure to bring a note explaining absence within 3 days will result in absence being marked unexcused/illegal. If a student is expected to be absent for more than three days, parents/guardians are asked to call the school. A note to the teacher is also required for a student's early dismissal due to family or medical concerns. Attendance patterns established at the elementary level can carry over to the middle and high school years.

EARLY RELEASE

If your child has an Early Release from school, please send in a note or email the classroom teacher and school clerk to inform the school about the date, time, and nature of the early release.

HEALTH GUIDELINES

1. All parents must have on file at the school: their home telephone number, their business telephone number as well as an alternate adult's telephone number. Also, please list your doctor's phone number and hospital preference. Completed emergency information forms must be returned immediately to your child's homeroom teacher.
2. Students must be fever, vomiting, and diarrhea free for 24 hours before returning to school.
3. No medication will be administered in school except by the direct order of a physician.
4. Any medication found on a student without above order will not be given to the child.
5. Any child falling and bumping his/her head may be taken home by the parent/guardian for observation and/or necessary action.
6. Only injuries occurring on school property during school hours will be given first aid. Injuries occurring elsewhere must be taken care of by the parents/guardians.
7. Parents/guardians or their designees are responsible for picking up their children when they are sick or injured at school.
8. Serious emergency cases will be handled:
 - a. Emergency transportation will be made to a medical care facility.
 - b. Parents/guardians will be contacted.

Academic Information

HOMEWORK

Homework provides opportunities for students to prepare for, practice, apply, integrate, enrich, and extend school learning; to effectively use school/community resources; and to develop self-discipline. Teachers assess homework according to district guidelines. Students are responsible for completing assignments according to the teacher's established criteria.

SUPPORT SERVICES

Guidance – In all elementary buildings, a guidance counselor is available to provide support to students. Students may be referred to the counselor by the administration, classroom teacher or parent. The counselor addresses any number of issues including attendance, social and/or emotional issues, etc. Do not hesitate to contact the school should you have questions concerning your child's growth.

Literacy Specialists/Reading Clinics – Students in grades first through fifth are involved with What I Need (WIN) as a way to address strengths and growth areas. Programming occurs based on screenings.

Students who encounter academic difficulty may be referred for intervention. Meetings and/or Child Study Team Referrals may be initiated by staff or parents for this process. Data collected by the teachers is reviewed by the team, interventions are implemented, and student progress is monitored. Students not making adequate academic progress through this process may be referred for additional assessment or support. Contact your principal should you have more questions.

Multi-Tiered System of Supports (MTSS) is a framework that helps educators provide academic and behavioral strategies for students with various needs. Each elementary building has a team led by an MTSS Coordinator that meets with teachers and parents to provide the proper interventions to support students in the classroom and school setting.

COMPUTER AND NETWORK INFORMATION RESOURCES

Our elementary schools are proud to offer 1-1 technology for our students. Kindergarten students will be assigned iPads, and students in grades 1-5 will be assigned a Chromebook. This device should travel back and forth with students and should be charged nightly. It is important that these devices only be used for school purposes, and families are encouraged to purchase device insurance to protect the investment in the event of a loss or damage.

CANVAS

The West Allegheny School District utilizes CANVAS as its learning management system (LMS). Students will have access to their teacher's content and class materials in this online portal. Parents also have the opportunity to view materials and coursework, including grades, through the interactive platform. Parents will be invited, as viewers, to their class pages via email. Students will have direct access to Canvas via their school issued iPad or Chromebook.

SKYWARD

Skyward is the tool that we use to report student homeroom assignments, schedules, and report cards for each nine-week marking period. Parents are able to access their student's information through their Skyward account.

WA HELPDESK

As instruction and learning increasingly move into the digital space, West Allegheny School District is committed to providing a secure digital environment for students. Each District-provided student device comes with management software and pre-configured settings to ensure security and a safe web experience. Security updates are routinely deployed to keep apps up-to-date, and cloud-based web filtering prevents access to inappropriate websites in school and at home. These features are also compatible with home web filtering solutions offered by internet providers, such as Comcast and Verizon, for families who want additional control over web content while in the household. For more information, feel free to reach out to the Technology Department at wahelpdesk@westasd.org

**Just send "Y"
or "Yes" to

(For US-based numbers).

Information on SMS text messaging and Short Codes:

SMS stands for Short Message Service and is commonly referred to as a "text message". Most cell phones support this type of text messaging. Our notification provider, SchoolMessenger, uses a true SMS protocol developed by the telecommunications industry specifically for mass text messaging, referred to as "short code" texting. This method is fast, secure and highly reliable because it is strictly regulated by the wireless carriers and only allows access to approved providers. If you've ever sent a text vote for a TV show to a number like 46999, you have used short code texting.

SCHOOL SUPPLIES

Students may be asked to have certain school supplies, and a teacher may communicate that need. These are not mandatory requests. Should you not be able to supply something, please just let the teacher know. Students are responsible for materials that the school loans them. If lost, they must be replaced. These materials include textbooks, calculators, devices, and all book materials borrowed from the library. Student ID's are also the responsibility of students and should remain at school. The cost of a replacement ID is \$5.00 and must be paid before a new ID is issued.

FIELD TRIPS

Field trips may be offered as an extension of learning outside the school setting. When a field trip is being planned, the teacher will give a permission form to take home for parents' approval. This will include information on the designation, times and any possible costs. The student **MUST** return the permission form in order to go on the trip. Parents/guardians **MUST** provide insurance information in order for a student to participate in a field trip. If a student is not insured, please contact the school and we can provide insurance related to the insurance coverage.

EDUCATIONAL RECORDS

Federal law permits the school district to disclose personally identifiable information in the student's educational records to "school officials with legitimated educational interests." School officials include persons employed by the district as an administrator, supervisor, teacher or support staff member (including, but not limited to transportation personnel,) or a person, agency or company with who the District has contracted or otherwise arranged to perform a special task or service. Such individuals have legitimate educational interest if they need to review an educational record in order to fulfill his or her professional and/or official responsibility.

A legitimate educational interest also exists where the staff member or other individual works directly with students and needs to review educational records to increase their awareness of steps necessary for the safety and welfare of student and staff members.

General Information

LOST AND FOUND

Students often lose their personal belongings. When found, the lost items are placed in a common area at each school. Students who report a lost item should check the lost and found area first. Exceptions to this are jewelry, eyeglasses, keys and monies, which are turned into the office.

FIRE, WEATHER and EMERGENCY DRILLS

Fire drills are held monthly during every school year. Evacuation routes are posted in each classroom, and school employees have attended training related to crisis situations. In addition, a weather drill is held each spring as part of state regulations. Other drills may be held in coordination with the school resource officer and the local law enforcement agencies.

SCHOOL RESOURCE OFFICERS

Each school building in the district is staffed by a School Resource Officer (SRO) in partnership with the police department located in its corresponding township. School Resource Officers are specifically trained to provide safety and response to each school building. Duties of the School Resource Officer include hosting informational sessions on various health and safety related topics, delinquency prevention, school security, and law enforcement, when necessary.

VISITORS

West Allegheny School District utilizes the Raptor Visitor Management System. The system is intended to maximize operational efficiency, which aligns with Priority 3 of our Framework for Excellence: Financial Responsibility and Operational Efficiency, *Ensure Effectiveness of Crisis-Safety Response and Emergency Operations Plan*. Raptor verifies the identity of visitors, checks their status against national and local databases, and issues photo identification. These precautions are yet another layer used to ensure the safety of our students and staff.

When entering a District school/office, all visitors must present a valid state- or government-issued ID, which will be scanned into the Raptor system. Upon reading the information, Raptor will check the national database to identify sex offenders and a District database for individuals involved in Protection from Abuse (PFA) and custody orders. It is important to note that the Raptor System only scans the visitor's name, date of birth and photo that additional visitor data from the driver's license is not gathered nor is the system connected to any other system such as the Department of Motor Vehicles. Therefore, any other information connected to the visitor's driver's license is not accessible to any of the users. Once entry is approved, Raptor will issue a badge that identifies the visitor and includes a photo, the date, and the purpose of his/her visit. This photo ID should be visible throughout the visit and should be returned to the office when the visitor leaves.

SCHOOL DELAYS/CANCELLATIONS

Inclement weather or unusual circumstances occasionally necessitate a delayed opening of school or a cancellation. Parents will be notified through the Skylert notification system of delays, cancellations, etc. Parents and students are urged NOT TO CALL THE SCHOOLS. School personnel generally do not arrive prior to 7:30am, particularly in inclement weather. Calling the school for delay/cancellation information causes unnecessary congestion on the phone lines, which are needed to handle possible emergencies, related to the circumstances.

When weather is inclement but school is not closed, students and parents should use their judgement. After a 20-30-minute wait at the bus stop, students can return home. A note is required to be given to the teacher upon return the next day so that the absence is excused. Students may be dismissed early due to an emergency or weather situation. Parents will be notified through the Skylert notification system of weather-related early dismissals. Develop a plan if this should happen.

DISTRIBUTION OF INVITATIONS, FLYERS, AND OTHER MATERIALS

Parents are asked not to have students distribute invitations of any type at school. The only time invitations will be distributed is if the student's ENTIRE class will receive one. This type of activity causes both a classroom disruption and difficulties with students. Issuing invitations to parties or special events outside of the school day should be accomplished outside of school.

The West Allegheny School District has guidelines for the distribution of flyers, informational materials, etc. through the school. These guidelines may be obtained through the administration office by calling 724 695-3422.

COMMUNICATIONS

The West Allegheny School District website at <http://westasd.org> provides useful information regarding district events and initiatives as well as links to Donaldson, McKee, Wilson, the Middle School, and High School. Please access the site to keep up to date on relevant issues related to your child's school experiences. Email blasts from the school will occur at least two times per month, but usually at least once per week. District email blasts occur as well to share information. District administrators will also utilize the Constant Contact program to share newsletters, and important building information.

HEALTHY SNACK GUIDELINES

In order to comply with the Federal Meal Guidelines of 2014, promote wellness and health and be sensitive to our students with food allergies and food sensitivities, we are encouraging that non-edible items be sent to school to celebrate holidays. Non-edible items may include pencils, bookmarks, party favors, etc.

TRANSPORTATION

West Allegheny School District – Transportation Guidelines and Expectations

The West Allegheny School District Administration recognizes that safety is paramount in transportation. The administration is committed to working with the Board of Education, parents, students, principals, drivers and staff to maintain a safe and orderly environment. The following guidelines are in place to ensure positive and safe passage to and from school and school sponsored events.

Transportation to and from school is a privilege. Abuse of this privilege may result in loss of transportation to and from school. When you lose your transportation privileges, you cannot ride a bus owned by the Monark Bus Company and contracted by the West Allegheny School District during the time of suspension.

Video camera systems with audio capability are installed on the Monark Transportation School Buses. The information from these tapes can be used to determine disciplinary action. The cameras on buses and vans are to help ensure the safety of all students and staff.

Special education students will be subject to the same disciplinary procedures, including suspensions from riding the bus as regular education students unless otherwise noted in the student's IEP. The IEP will be reviewed to be sure that there are not any special circumstances that would warrant alternative forms of discipline, especially when a bus suspension is under consideration.

It is to be understood that in the event of a bus suspension, the student is still required to attend school and any absence during the suspension without a valid written excuse will result in school officials following the standard school truancy policy.

Delay or Closing of Schools

The Transportation Department could be impacted by several variables during the winter weather season. The main factor for a delay or cancellation decision is weather conditions, but other factors do play a part.

The following are the steps that the department uses to make a recommendation for a delay or cancellation:

1. Weather conditions and local radar are monitored to determine the time and duration of snowfall. The temperature and wind chill are also considered.
2. Early morning checks of the roads are conducted. Typically starting at 4:00am, a sampling of township and state roads are driven to check road conditions.
3. Township and state road crews' status of snow removal and road treatment is monitored to determine what the road conditions will be like during student pickup hours.

The Superintendent makes the decision to delay or cancel school based on the data collected in the previous stated steps. Students and staff are notified via School Messenger, the district's

mass phone notification system. Additionally, local media outlets are notified and the West Allegheny Website and Facebook accounts are updated.

The following are expectations all drivers are expected to follow in operating a bus in the West Allegheny School District:

1. Drivers will greet all students as they enter and exit the bus in a pleasant and welcoming manner.
2. Drivers will assign all students an area or seat on the bus and set expectations for students to sit in assigned seats or areas.
3. Drivers will maintain focus on student safety and not engage in distracting behavior including but not limited to cell phone usage.
4. Drivers will maintain open lines of communication with teachers, administrators and the Monark Transportation administration in regards to the safety, security and behavior of all students.
5. Drivers will act in a professional manner at all times when interacting with students, parents, staff members and administrators.

The following are expectations all administrators are expected to follow in supporting the safe operations of district transportation:

1. Administrators and/or their designees will reinforce seating arrangements on all buses.
2. Administrators and/or their designees will enforce all school and school bus safety rules when made aware of a violation.
3. Administrators and/or their designees will maintain open lines of communication with bus drivers, Monark Transportation administration and District Office Administration in regards to transportation related issues.
4. Administrators and/or their designees will request and review video from any bus violation that reaches level three or higher in the transportation guidelines and expectations.

The following are expectations all students are expected to adhere to during transportation to and from school:

1. Students will sit in their assigned area or seat and face forward at all times. No standing is permitted while the bus is in motion.
2. Students will keep hands, feet and personal belongings to themselves and out of the bus aisle.
3. Students will wait their turn to enter and exit the bus at the stop for which they are assigned.
4. Students will use appropriate language, tone and volume when speaking on the bus.
5. Students will be respectful of all other students and the driver while on the bus and at the bus stop.
6. Students will not eat or drink on the bus.
7. Students will not play loud or distracting music on the bus.

Parents can contribute to the efficient and safe transportation of their children in the following ways:

1. Ensure that students are at their designated bus stop at least five (5) minutes prior to bus arrival time. Drivers are not required to wait for children as all children further down the route would then be forced to wait that much longer.
2. Ensure students stay off the roadway at all times while waiting for the bus.
3. Ensure students cross in front of the bus when crossing the road or highway.
4. Ensure students wait until the bus has come to a complete stop and red lights are flashing before attempting to enter or leave the bus.
5. Ensure special items and projects are transported by parents to school rather than on the bus due to space and safety consideration.
6. Ensure students do not chase after a bus.
7. Ensure students are orderly while awaiting the bus.
8. Ensure that the bus stop is safe and maintained.
9. Ensure that if driving students to the bus stop you do not interfere with the traffic patterns of the bus.

The district stance is that all students should ride their assigned bus to and from school.

NOTE: *In case of the need for an **emergency** bus change, a note from a parent must be submitted to the office for approval. **This does not guarantee that approval will be granted.** If approval is given, the student will receive a bus pass to give to the bus driver. Students must submit the note to the office first thing in the morning in order to arrange for this change.*

Code of Conduct for School Based Offenses

West Allegheny School District - School Code of Conduct

West Allegheny School District believes that it is essential for our schools to provide a safe and supportive atmosphere that is conducive to learning. Students must be able to work together and to accept and share responsibilities. While discipline begins in the home, the school provides reinforcement and continued opportunity for students to learn self-discipline and behaviors appropriate for becoming responsible citizens and living productively in our society.

West Allegheny's approach to student discipline is corrective and intended to modify the inappropriate behavior. Maintaining appropriate standards of discipline in the West Allegheny School District is essential to the establishment of a safe and orderly educational environment where students can learn. The Student Code of Conduct will be interpreted by the administration and their designees in a manner which they deem just, given the circumstances of the individual case. **Additionally, students must understand that administrators shall have the authority to enforce other reasonable disciplinary actions which they find warranted by situations not covered specifically (including limiting student participation/attendance in extracurricular school-based events/special assemblies/programs aimed at rewarding positive student effort and performance).**

Discipline issues arise for a variety of reasons and in varying degrees of frequency and severity. The general sequence presented here is not intended to be rigidly followed. The actual sequence of disciplinary action may vary depending on the individual case and the process will be initiated at the step deemed appropriate. In general, these steps are followed:

1. Teacher and student address issue
2. Teacher and parent/guardian address issue
3. Teacher, counselor, parent/guardian and/or student meet to address issue
4. Principal, parent/guardian, student and other school personnel are involved to address issue
5. School officials, parent/guardian, student and social service agencies are involved to address issue
6. An administrative review occurs with the principal
7. A superintendent's review occurs with the administrative staff, the superintendent or designee
8. School Board hearing

Misbehaviors and their interventions are categorized across four levels according to degree of seriousness and frequency of occurrence. Each school may have additional guidelines for student behavioral expectations as part of a positive behavior intervention and incentive system.

SCHOOL ATTENDANCE POLICY

The Board believes that there is a strong correlation between regular school attendance and academic success. The Board supports a comprehensive approach to identifying and addressing attendance issues.

Attendance shall be required of all students during the days and hours that school is in session, except that authorized district staff may excuse a student for temporary absences upon receipt of satisfactory evidence of mental, physical, or other urgent reasons that may reasonably cause the student's absence.

The Board shall establish and enforce attendance requirements, in accordance with applicable laws and regulations, Board policy and administrative regulations.

Compulsory school age shall mean the period of a child's life from the time the child's parents/guardians elect to have the child enter school, and which shall be no later than six years of age until the child reaches eighteen years of age. NOTE: The Superintendent or designee may require a written statement signed by the state licensed health care practitioner stating the time of the student's appointment.

Tardiness to School –

Students who are tardy to school shall report directly to the appropriate school office. The student will be issued a pass to report to class. Failure to report to school office will result in an illegal/unexcused absence for the entire day. A maximum of ten (10) instances of excused tardiness will be accepted every school year.

At the secondary level, upon accumulation of three (3) instances of unexcused tardiness, a warning will be given to the student and parent/guardian. A detention will be assigned to the student after four (4) instances of unexcused tardiness. Detention will continue to be assigned for each subsequent, unexcused tardy.

Temporary Excusals –

The following students may be temporarily excused from the requirements of attendance at district schools:

1. Students receiving tutorial instruction in a field not offered in the district's curricula from a properly qualified tutor approved by the Superintendent, when the excusal does not interfere with the student's regular program of studies.
2. Students participating in a religious instruction program, if the following conditions are met:
 - a) The person in parental relation submits a written request for excusal. The request shall identify and describe the instruction, and the dates and hours of instruction.
 - b) The student shall not miss more than thirty-six (36) hours per school year in order to attend classes for religious instruction.
 - c) Following each absence, the parent/guardian shall submit a statement attesting that the student attended the instruction, and the dates and hours of attendance.

Parental Notice of Absence –

Absences shall be treated as unlawful until the district receives a written excuse explaining the absence to be submitted within five (5) days of absence.

A maximum of eight (8) days of cumulative lawful absences verified by parental notification shall be permitted during a school year. All absences beyond eight (8) cumulative days shall require an excuse from a licensed practitioner of the healing arts.

Medical excuses are required for absences of five (5) or more consecutive days.

Unexcused/Unlawful Absence

For purposes of this policy, absences which do not meet the criteria indicated above shall be considered an unexcused/unlawful absence.

An out-of-school suspension may not be considered an unexcused absence.

Students who miss ten (10) consecutive days may be dropped from the active membership role unless the school is provided with evidence the excuse is legal or the school is pursuing compulsory attendance prosecution.

District staff shall provide notice to the person in parental relation upon a student being dropped from the active membership role.

Enforcement of Compulsory Attendance Requirements

Student is Truant –

When a student has been absent for three (3) days during the current school year without a lawful excuse, district staff shall provide notice to the person in parental relation who resides in the same household as the student within ten (10) school days of the student's third unexcused absence.

The notice shall:

4. The notice may include the offer of a School Attendance Improvement Conference.

If the student incurs three (3) additional unexcused absences after issuance of the notice and a School Attendance Improvement Conference was not previously held, district staff shall hold a School Attendance Improvement Conference.

School Attendance Improvement Conference –

District staff shall notify the person in parental relation in writing and by telephone of the date and time of the School Attendance Improvement Conference.

3. Other individuals identified by the person in parental relation who may be a resource.

4. Appropriate school personnel.
5. Recommended service providers.

Neither the student nor the person in parental relation shall be required to participate, and the School Attendance Improvement Conference shall occur even if the person in parental relation declines to participate or fails to attend the scheduled conference.

The outcome of the School Attendance Improvement Conference shall be documented in a written School Attendance Improvement Plan. The Plan shall be retained in the student' file. A copy of the Plan shall be provided to the person in parental relation, the student and appropriate district staff.

Regardless of age, when district staff refer a habitually truant student to the local children and youth agency or file a citation with the appropriate judge, district staff shall provide verification that the school held a School Attendance Improvement Conference.

For students with disabilities who are truant or habitually truant, the appropriate team shall be notified and shall address the student's needs in accordance with applicable law, regulations and Board policy.

PERSONAL ELECTRONIC DEVICES

6270 – Technology Acceptable Use Policy

This policy is intended to create guidelines on students' possession and use of various electronic devices while on school property, school buses or vehicles or at school-sponsored activities and events.

The Board supports use of the Internet and other computer networks in West Allegheny School District's instructional and operational programs in order to facilitate learning, teaching, and daily operations through interpersonal communications and access to information, research and collaboration.

The Board also recognizes the value of permitting staff and students to use approved personal electronic devices in the school setting to support educational goals and objectives. Furthermore, the Board recognizes that the presence, use and/or misuse of personal electronic devices may disrupt the educational environment.

Personal electronic devices shall include all personally owned devices capable of taking photographs, recording audio or video data, storing, transmitting or receiving messages or images, or providing wired or wireless, unfiltered connection to the Internet.

INFORMATION NOTICE

Screening and Evaluation

The West Allegheny School District employs the following procedures for locating, identifying, and evaluating specified needs of school age students requiring special programs and services. These procedures, as required by law, are as follows:

The district, as prescribed by section 1402 of the School Code, routinely conducts screenings of a child's hearing acuity (kindergarten, 1st, 2nd, 3rd, 7th, and 11th grade), visual acuity (all students every year), and speech and language skills (teacher, parent/guardian, and outside agency referrals). Gross motor and fine motor skills, academic, skills, and social and emotional skills are assessed by teachers and support staff on an ongoing basis. Screening activities include DIBELS (Dynamic Indicators of Basic Early Literacy Skills) K-2, review of group-based data such as cumulative enrollment and health records, report cards, and achievement test scores (i.e. PSSA). Identified needs from these screening sources, as well as information obtained from parents/guardians and outside agencies, are assessed, noted within student records, and discussed with parents/guardians. These school records are always open and available to parents and only to school officials who have a legitimate "need to know" about the child. Information from records is released to other persons/agencies only with appropriate authorization, which involves written permission by parents/guardians.

Screening information will be used by school personnel within the student's school to meet his/her specific needs or to document the need for further evaluation. If it is determined that a child needs additional services, the classroom teacher will make adjustments relative to be more in keeping with traditional classroom expectations. Parents/guardians will be notified if a child is receiving accommodations/adaptations. If a student does not demonstrate progress, and it is determined that a student may be eligible for special education services, the student is referred for a multidisciplinary evaluation. After all of the evaluations are completed, a Comprehensive Evaluation Report is prepared with parent/guardian involvement and includes specific recommendations for the types of intervention necessary to deal with the child's specific needs. When the Comprehensive Evaluation Report is completed and in accordance with state regulations, an IEP team meeting with parent/guardian involvement is scheduled to develop an appropriate Individualized Education Program (IEP) for the student.

Parents/guardians of students who suspect that their child is exceptional and in need of special education services may request a multidisciplinary team evaluation of their child through a written request to the Building Principal or Assistant to the Superintendent for Special Education and Student Services. Please contact your building principal or the Assistant to the Superintendent for Special Education and Student Services office for the required forms.

Services for School Age Exceptional Children

The school district provides a free, appropriate, public education to exceptional students according to state and federal mandates. To be eligible, the child must be of school age, need specially designed instruction and meet eligibility criteria for mentally gifted and/or one or more of the following physical or mental disabilities as set forth in the Pennsylvania State Standards: autism/pervasive development disorder, blindness/visual impairment, deafness/hearing

impairment, physical disability, serious emotional disturbance, specific learning disability, and speech/language impairment.

Services designed to meet the needs of eligible students include annual development of an individualized education program (IEP), triennial multidisciplinary reevaluation, supportive intervention in the regular class, supplemental intervention in the special education resource program, and placement in a full-time special education class outside of the regular school. The extent of special education services and the location for the delivery of such services are determined by the parents and staff at the IEP team meeting and are based on the abilities, chronological age, and the level of intensity of the specific intervention. The school district also provides related services, such as transportation, physical therapy, and occupational therapy that are required to enable the student to derive educational benefits.

Prior to the initiation of services, parents/guardians are presented a “Notice of Recommended Educational Placement” (NOREP) with which they may agree or disagree. If parents disagree with the program being recommended, they have the right to request a pre-hearing conference, mediation and/or a due process hearing.

Services for Students in Nonpublic Schools

Public special education is accessible to resident students attending nonpublic schools by permitting the nonpublic school student to enroll on a part-time basis in a special education program operated in a public school.

Special education programs are accessible to nonpublic school students through dual enrollment following the multidisciplinary team evaluation and development of an Individualized Education Program (IEP).

Parents/guardians of nonpublic school students who suspect that their child is exceptional and in need of special education may request a multidisciplinary team evaluation of their child through a written request to the Assistant to the Superintendent for Special Education and Student Services.

Services for Protected Handicapped Students

The school district will provide to each protected handicapped student, without discrimination or cost to the student or family, those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school programs and extracurricular activities to the extent appropriate to the student’s abilities. To qualify as a protected handicapped student, the child must be of school age with a physical or mental disability which substantially limits or prohibits participation in, or access to, an aspect of the school program. Services and protections for protected handicapped students are different from those applicable to all eligible students enrolled in special education programs. Additional information about the evaluation procedures and provision of services to protected handicapped students is available by contacting the Assistant to the Superintendent for Special Education and Student Services at (724) 695-5521.

Services for Preschool Age Children

Act 212, the Early Intervention System Act, entitles all preschool age children with disabilities to appropriate early intervention services. Young children experiencing development delay or physical or mental disabilities are eligible for early intervention services.

If your child is less than the age of beginners of your district and at least three (3) years of age, he/she is considered to have a development delay when difficulties exist in the areas of cognitive, communicative, physical, social/emotional and self-help development. If you have questions regarding difficulties your child may be experiencing, please contact the Assistant to the Superintendent for Special Education and Student Services at (724) 695-5521.

The Pennsylvania Department of Welfare is responsible for providing services to infants and toddlers, defined as children from birth through two years of age. Contact the Alliance for Infants and Toddlers, 2801 Custer Avenue, Pittsburgh, PA 15227, (412) 885-6000.

The Pennsylvania Department of Education is responsible for providing services to preschool age children from age three (3) through five (5). Contact Project DART, 475 East Waterfront Drive, Homestead, PA 15120, (412) 394-5736.

Confidentiality of Student Records

The privacy rights of parents/guardians and students are mandated by federal legislation known as the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), state regulations (Chapter 14-Special Education Services and Programs, Chapter 12-Student Rights and Responsibilities), and district policy.

The different categories of information maintained by the school district are as follows: educational and health records, personally identifiable information, and directory information. With the exception of the receiving school district, educational and health records and personally identifiable information cannot be disclosed or released without parental consent or adult student (a student who is eighteen (18) years of age or older, married, or attending an institution of post-secondary education) consent. Directory information means information which would be considered not harmful or an invasion of privacy if disclosed. This information includes the following: student's name, address, date and place of birth, courses taken, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most recent educational agency or institution attended by the student. Also, group or individual interviews, photographs, or videos of students are directory information, and these items may be used by the district in various publications or by the media.

Written parental or adult student request is required for the disclosure of educational and health records and personally identifiable information. The consent must specify the records that may be disclosed and purpose of the disclosure and identify the parent or class of parties to whom the disclosure may be made. A written record of the disclosure must be maintained by the school district. Parents or adult students have the right to inspect and review the student's educational records within thirty (30) days of the date the district receives a request for access. Parents/guardians or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The principal will then make arrangements for access to inspect the records. Parents/guardians and adult students can seek an amendment

to the student's educational records that the parent/guardian or adult student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights. The parent/guardian or eligible student can do so by writing the school principal, clearly identifying the part of the record to be changed, and specifying why it is inaccurate or misleading. If the district decides not to amend the record, the district will notify the parent/guardian or eligible student of the decision and advise the individual of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

Parents/guardians or adult students have the right to file complaints concerning alleged failures of the district to comply with the requirements of the Family Educational Rights and Privacy Act of 1974. Such complaints should be directed to the Health, Education, and Welfare Office, Washington, D.C.

HOMEBOUND INSTRUCTION

The Administration shall provide, pursuant to law and regulations, homebound instruction to students confined to home or hospital for physical disability, illness, injury, urgent reasons, or when such confinement is recommended for psychological or psychiatric reasons. The period of homebound instruction for an individual must be certified by a physician and must be renewed by the attending physician every three (3) months. A student who has received approved homebound instruction for a period exceeding three (3) months shall be referred to the School District's special education department to assess the need to evaluate the student.

Application for homebound instruction shall be made by the parent/guardian or the student. Each application shall certify the nature of the illness or disability, state the probable duration of the confinement, and be recommended by a licensed physician. If a student's illness pertains to an emotional and/or psychosocial condition, the recommendation must be certified by a psychiatrist.

The Superintendent or designee may grant recommended requests for homebound instruction.

The Superintendent or designee may request approval from the Department of Education to extend the period of homebound instruction for an individual, which shall be re-evaluated every three (3) months.

The School District shall provide homebound instruction only for those confinements expected to last at least two (2) business weeks, but exceptions may be made by the Superintendent or designee if deemed advisable.

The program of homebound instruction provided to each student shall be in accordance with the standards established by the state. The Pennsylvania Department of Education requires that each school district report any and all students with disabilities, upon their initial placement on homebound instruction, and file a follow up report when the temporary placement has concluded and the student has returned to school. A homebound instruction in the home reporting form for special education students must be completed by the Superintendent or designee and forwarded to the PDE.

Homebound instruction may not be used as a way to avoid compulsory school attendance and must be based on a physician's recommendation. Homebound instruction is not intended to take the place of a regular or special educational program obtained through regular school attendance and is not an educational placement. The purpose of homebound instruction is to maintain the current skill levels and minimize regression if possible until the student can return to school.

Pregnant and Parenting Students

Becoming pregnant or being a parent does not, in itself, necessitate that a student receives homebound instruction. Certification of a physician is required for any student, including pregnant or parenting students, who are requesting homebound instruction because of an illness or other urgent reason.

Conditions for Approval

Parents/guardians and students are advised of the following conditions for the approval/provision of homebound instruction:

1. The District may require parental consent for verification of information within the homebound form and
2. If the District believes that additional information is needed, with legally required consent, the District may contact the recommending physician.

Instructional Services

Homebound instruction is available to approved students in grades kindergarten through twelve, including students with disabilities who are hospitalized or medically unable to attend school on regular basis. The district is responsible for assigning teachers for homebound instruction and for all costs associated with this service.

Homebound instruction will be based on assignments from the student's current courses, provided by the student's current teachers. The homebound instructor will act as the liaison between the student and the school.

The student's parent/guardian is required to provide the homebound instruction teacher with an environment in which the teacher and the student can complete assignments.

The parent/guardian or other responsible adult is expected to be at home during the hours of instruction. The weekly time schedule will be arranged to accommodate the schedule of the homebound teacher, the parent and the student.

It is the student's responsibility to complete all assignments, tests, and exercises as determined by the classroom and homebound teacher(s) and carried out by the homebound teacher. Failure to do so within the time limits prescribed by the District may result in a failing grade.

Student on homebound instruction shall not be permitted to participate in any extracurricular, co-curricular or after school activities or events while on homebound instruction. Exceptions must be approved by the Superintendent or designee.

The administration reserves the right to withhold homebound instruction when:

1. The instructor's presence in the place of a student's confinement presents a hazard to the health of the teacher
2. A parent/guardian or other adult in authority is not present with the student during the hours of instruction
3. The condition of the student precludes any benefit from such instruction

HOMELESS STUDENTS

6170

Authority

The Board of School Directors recognizes its obligation to ensure that homeless students have access to the same educational programs and services provided to other district students. The Administration shall make reasonable efforts to identify homeless children within the District, encourage their enrollment, and eliminate existing barriers to their attendance and education, in compliance with federal and state law and regulations.

The Board may waive policies, procedures and administrative regulations that create barriers for enrollment, attendance, transportation and success in school of homeless students, based on the recommendation of the Superintendent.

Homeless students are defined as individuals lacking a fixed, regular and nighttime residence, which include the following conditions:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or similar reason.
2. Living in motels, hotels, trailer parks or camping grounds due to lack of alternative adequate accommodations.
3. Living in emergency, transitional or domestic violence shelters.
4. Abandoned in hospitals.
5. Children who are awaiting foster care placement including living in emergency, interim or respite foster care, kinship care, evaluation or diagnostic centers or placements for the sole purpose of evaluation.
6. Living in public or private places not designated for or ordinarily used as regular sleeping accommodations for human beings.
7. Living in cars, parks, public spaces, abandoned buildings, substandard housing, temporary shelters, transportation stations or similar settings.
8. Living as migratory children in conditions described in previous examples.
9. Living as run-away children under the age of 18, abandoned or forced out of homes by parents/guardians or caretakers, or separated from parents/guardians if they have no other living accommodations.
10. Living as school age parents/guardians in houses for school age parents/guardians if they have no other living accommodations.

School of origin is defined as the school the student attended when permanently housed or the school in which the student was last enrolled.

The Board designates the Superintendent or his/her designee to serve as the District's liaison for homeless students and families.

The District's liaison shall coordinate with:

1. Local service agencies that provide services to homeless children and youth and families.
2. Other school districts on issues of records transfer and transportation.
3. State and local housing agencies responsible for comprehensive housing affordability strategies.

The District's liaison shall provide public notice of the educational rights of homeless students in the schools, family shelters, and soup kitchens within the District.

Students shall not be discriminated against, segregated nor stigmatized based on their status as homeless.

Enrollment/Placement

To the extent feasible, and in accordance with the student's best interest, homeless students shall continue to be enrolled in their school of origin while they remain homeless or until the end of the academic year in which they obtain permanent housing.

Parents/guardians of a homeless student may request enrollment in the school in the attendance area where the student is actually living or other schools. If a student is unaccompanied by a parent/guardian, the District liaison will consider the views of the student in determining where he/she will be enrolled.

The selected school shall immediately enroll the student and begin instruction, even if the student is unable to produce records normally required for enrollment pursuant to district policies. The District will request a parent/guardian to submit contact information. If the parent/guardian is unable to do so, the District Liaison will work with the parent/guardian to establish a reliable method of communication. The District Liaison may also contact the district of origin for oral confirmation that the student has been immunized, but this must not be a barrier to enrollment. Oral confirmation between two professionals is a sufficient basis to verify immunization with written confirmation to follow within thirty (30) days. The enrolling district's liaison will assist the parent/guardian/student in obtaining necessary immunizations, or immunization or medical records.

If the District is unable to determine the student's grade level due to missing or incomplete records, the District shall administer tests or utilize appropriate means to determine the student's placement.

If a dispute arises over school selection or enrollment, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parent/guardian shall be provided with a written explanation of the District's decision, their right to appeal and the procedures to use for the appeal.

Services

Homeless students shall be provided services comparable to those offered to other district students including, but not limited to, transportation services; school nutrition programs; vocational programs and technical education; preschool programs; programs for students with limited English proficiency; and educational services for which students meet eligibility criteria, such as programs for disadvantaged students, students with disabilities, and gifted and talented students.

Transportation

The District shall provide transportation for homeless students to their school of origin or the school they choose to attend within the School District. If the school is outside district

boundaries or homeless students live in another district but will attend their school of origin in this district, the school districts shall agree upon a method to apportion the responsibility and costs of the transportation.

DRUG AND ALCOHOL POLICY

No student will be allowed to possess any drug, inhalant, or alcohol and/or paraphernalia in any quantity while on school grounds during normal school day or when attending a school-sponsored function beyond the normal school day. If a student is found in possession of a drug, inhalant, or alcohol, the parent(s)/guardian(s) are contacted, the situation is described and a conference is arranged as immediately as possible. If a student possesses a personal amount of drugs, he/she receives a five-day suspension and is required to have an assessment by the school counselor or an appropriate rehabilitation facility. The student and his/her parent(s)/guardian(s) must meet with the school administration and guidance counselor before the student is readmitted to school.

When a student is found to be in possession of a distribution amount of drugs, the staff will summon the principal or escort the student to the principal's office. The principal or designee will conduct a search of the student. The search may include the student's locker, desk or other personal property. A witness will be present during the search. The student will be suspended for ten days, and be required to have an assessment by the school's D&A counselor or an appropriate rehabilitation facility. Students who fail to have an assessment will receive an additional four days' suspension and be required to meet with his/her parent(s)/guardian(s) and school officials before being readmitted to school.

When a student is discovered in the act of distributing, giving, selling, purchasing, or receiving drugs to or from another person, the same staff action as above will apply. The parent(s)/guardian(s) are contacted immediately and the situation described. Following an informal hearing with the principal, the student will initially be suspended from school for ten days or until a hearing before the school board. Students who are not expelled must have an assessment by the school's D&A counselor or appropriate rehabilitation facility. The student and his/her parent(s)/guardian(s) must meet with the SST to discuss the findings of the assessment. Following an informal hearing before the principal, the uncooperative student will initially be suspended from school for ten days or until a hearing before the school board. A formal hearing will be held before the board to consider expulsion. Terms of that expulsion or an alternative to that expulsion will be determined by the school board. Students will follow the recommendation of the rehabilitation facility when applicable.

SMOKING POLICY

The West Allegheny School Board recognizes that the use of tobacco products is a health risk and safety hazard which can have serious consequences for both the smoker and the non-smoker. In order to protect students and staff from an environment that may be harmful, possession or use of tobacco products by students is prohibited in school buildings, on school buses, on school grounds, or at school sponsored events. Use of products shall include using smoking or smokeless tobacco in any form. Students who violate this policy shall be subject to disciplinary actions.

Senate bill 1315 became Act 145 on December 4, 1996. This law amends Title 18 Crimes and Offenses. The law clarifies the School Tobacco Control Act for school districts and local district justices. This law defines possession or use of tobacco products or smokeless tobacco by a student in a school building, a school bus or on school property as a summary offense. School districts must initiate prosecution. The student may be sentenced to pay a fine of not more than \$50 for the benefit of the school district in which such offending pupil resides, and to pay court costs, or be assigned to an adjudication alternative.

In addition, a student at the elementary school, found in possession of cigarettes or smokeless tobacco, will be assigned an out of school suspension.

WEAPONS POLICY

Possession of a weapon by any person is prohibited in any West Allegheny School District building, or any grounds of the West Allegheny School District, by a student on his/her way to/from school, in any vehicle providing authorized transportation of students or from any West Allegheny School district building or any district sponsored function, activity or event and at any school function, activity or event whether or not held on West Allegheny School District property. "Weapon" shall mean any instrument or implement for the infliction of or capability of inflicting bodily injury which serves no common lawful purpose including but not limited to, any knife, razor blade, or other cutting instrument or cutting tool, sharpened wood, sharpened metal, nun-chuck stick or other martial arts device, brace or metal knuckles, club metal pipe, blackjack chemical agent such as acid, mace, Taser, shocker or stun gun, any explosive device, firearm (including pellet guns and B.B. guns), gun, bullet, slingshot, bow, arrow or any other similar device from which a projectile may be discharged, including a firearm or other weapon which is not loaded or which lacks a component or device necessary to render it immediately operable. The term "weapon" shall include "weapon look alike", including any instrument or implement designed to look like a weapon or facsimile of a weapon such as a toy gun or water pistol. "Possess" and "possession" shall mean being on the person or in a person's car, locker or otherwise under his or her control.

INVESTIGATIVE PROCEDURES

Anyone who had knowledge of a weapon being impermissible upon or in school property shall immediately inform the principal, who will immediately conduct an investigation. Persons having knowledge of a weapon being in or on school property or as prohibited above shall be subject to disciplinary proceedings if the person does not timely report same. Upon reasonable suspicion that a student possesses a weapon, the principal will request that the student voluntarily empty his/her pockets and remove any coat, book bag or purse so the same may be searched by a school official. Such search shall take place according to the State Board of Education Regulations that provide that reasonable force may be used by teachers and school authorities to obtain possession of weapons or other dangerous objects.

ACTION

A student who violates this policy or assists in the violation of this policy will be subject to one or more of the following actions depending upon the specific violations and intent: warning and/or in-school suspension, suspension from school for up to ten days, a mandatory hearing before the Board of School Directors and permanent expulsion.

SEXUAL HARRASSMENT

The elementary school maintains a learning and working environment that is free from harassment, both sexual harassment and bullying. Such conduct can interfere with a student's academic performance and social-emotional development. It is the policy of the West Allegheny School District to maintain a learning and working environment that is free from sexual harassment. No student or staff member of the district shall be subjected to sexual harassment.

It shall be a violation of this policy for any member of the district staff to harass a student through conduct or communications of a sexual nature. It shall also be a violation of this policy for students to harass other students through conduct or communications of a sexual nature.

Definitions of sexual harassment and procedures for investigation and disciplinary actions are listed in the Sexual Harassment Policy Guidelines, available in each of the buildings.
