## Parkway West CTC Students

Any student who enrolls in a program offered at Parkway West CTC for a minimum of three years, including the senior year, will be required to earn a minimum of three credits of science and social studies, as long as the student meets the minimum required courses for each core academic area. A student who chooses not to re-enroll in a Parkway West program they attended previously would default to the requirements of a non-CTC student. This decision may result in the need to take more than one course in the core areas in a year, limiting elective options. *All students are required to schedule and maintain a minimum of 7.00 credits each academic year.*
