Dear Students and Families of West Allegheny High School,

On behalf of our high school administration, faculty, and staff, it is our privilege to welcome you to the 2024-2025 school year! We are excited about the opportunities to engage with all of you this year. We believe that our work together will create a positive school culture and provide students and families with the best opportunities for success while maintaining a safe and supportive learning environment. Together, we can embrace learning possibilities that make for great experiences and positive memories while preparing our students with a viable post-secondary plan focused on 21st Century careers and/or post-secondary education. The WAHS handbook has been updated to meet this vision as well as the current needs of our school community.

To assist in this journey, the handbook includes important information to provide tools for student success. Please read this handbook as you will be responsible for the content within as it pertains to the policies and procedures that embrace learning and a culture of respect. Specifically, we ask for our school community to join us in reinforcing engagement in academic behaviors so that students are **“ready to learn”**, including respectful interactions, self-advocating and accountability, following dress code, **“being on time, every time”**, and having non-instructional tools **“silenced and away”** during instruction. Having the support of our families, students, and staff towards common expectations for academic behavior is imperative for student success. Thank you for your support in this area, and please reach out to the high school administrative team for assistance with any questions.

Every student at West Allegheny High School can accomplish great things every day. It is our collective goal to foster an environment full of promise that allows all who are involved to have a year filled with personal and academic growth. We look forward to joining you in this journey and celebrating success. Have a great year!

HOMELESSNESS

Authority

The Board of School Directors recognizes its obligation to ensure that homeless students have access to the same educational programs and services provided to other district students. The Administration shall make reasonable efforts to identify homeless children within the District, encourage their enrollment, and eliminate existing barriers to their attendance and education, in compliance with federal and state law and regulations.

The Board may waive policies, procedures and administrative regulations that create barriers for enrollment, attendance, transportation and success in school of homeless students, based on the recommendation of the Superintendent.

Homeless students are defined as individuals lacking a fixed, regular and nighttime residence, which include the following conditions:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or similar reason.
2. Living in motels, hotels, trailer parks or camping grounds due to lack of alternative adequate accommodations.
3. Living in emergency, transitional or domestic violence shelters.
4. Abandoned in hospitals.
5. Children who are awaiting foster care placement including living in emergency, interim or respite foster care, kinship care, evaluation or diagnostic centers or placements for the sole purpose of evaluation.

6. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings.
7. Living in cars, parks, public spaces, abandoned buildings, substandard housing, temporary shelters, transportation stations or similar settings.
8. Living as migratory children in conditions described in previous examples.
9. Living as run-away children under the age of 18, abandoned or forced out of homes by parents/guardians or caretakers, or separated from parents/guardians for any other reason.
10. Living as school age parents/guardians in houses for school age parents/guardians if they have no other living accommodations.

School of origin is defined as the school the student attended when permanently housed or the school in which the student was last enrolled.

The Board designates the Superintendent or his/her designee to serve as the District's liaison for homeless students and families.

The District's liaison shall coordinate with:

1. Local service agencies that provide services to homeless children and youth and families.
2. Other school districts on issues of records transfer and transportation.
3. State and local housing agencies responsible for comprehensive housing affordability strategies.

The District's liaison shall provide public notice of the educational rights of homeless students in schools, family shelters, and soup kitchens within the District. Students shall not be discriminated against, segregated nor stigmatized based on their status as homeless.

Enrollment/Placement

To the extent feasible, and in accordance with the student's best interest, homeless students shall continue to be enrolled in their school of origin while they remain homeless or until the end of the academic year in which they obtain permanent housing. Parents/Guardians of a homeless student may request enrollment in the school in the attendance area where the student is actually living or other schools. If a student is unaccompanied by a parent/guardian, the District liaison will consider the views of the student in determining where s/he will be enrolled. The selected school shall immediately enroll the student and begin instruction, even if the student is unable to produce records normally required for enrollment pursuant to district policies. The District will request a parent/guardian submit contact information. If the parent/guardian is unable to do so, the District Liaison will work with the parent/ guardian to establish a reliable method of communication. The District Liaison may also contact the district of origin for oral confirmation that the student has been immunized, but this must not be a barrier to enrollment. Oral confirmation between two professionals is a sufficient basis to verify immunization with written confirmation to follow within thirty (30) days. The enrolling district's liaison will assist the parent/guardian/student in obtaining necessary immunizations, or immunization or medical records.

If the Districts unable to determine the student's grade level due to missing origin, complete records, the District shall administer tests or utilize appropriate means to determine the student's placement.

If a dispute arises over school selection or enrollment, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parents/guardians shall be provided with a written explanation of the District's decision, their right to appeal and the procedures to use for the appeal.

Services

Homeless students shall be provided services comparable to those offered to other district students including, but not limited to, transportation services; school nutrition programs; vocational programs and technical education; preschool programs; programs for students with limited English proficiency; and educational services for which students meet eligibility criteria, such as programs for disadvantaged students, students with disabilities, and gifted and talented students.

Transportation

The District shall provide transportation for homeless students to their school of origin or the school they choose to attend within the School District. If the school of origin is outside district boundaries or homeless students live in another district but will attend their school of origin in this district, the school districts shall agree upon a method to apportion the responsibility and costs of the transportation.

PARENT INFORMATION NOTICE

Act 212, the Early Intervention System Act, entitles all preschool age children with disabilities to appropriate early intervention services. Young children experiencing developmental delay or physical or mental disabilities are eligible for early entrance services. He or she is considered to have a developmental delay when difficulties exist in the areas of cognitive, communicative, physical social /emotional and self-help development. Services for children with special needs, below school age, who reside in suburban Allegheny County, are provided through two different systems linked by a transition process. Birth through age two programming is provided through the Pennsylvania Department of Welfare funding and is coordinated by the Alliance for Infants and Toddlers, Inc. Students who are three years old to entry age are serviced through the Pennsylvania Department of Education funding. This preschool program is presently coordinated by the Allegheny Intermediate Unit's Early Childhood and Family Support Services program, DART. Services for School Age Students with Exceptionalities

The school district provides a free, appropriate public education to students with exceptionalities according to state and federal mandates. To be eligible, the child must be of school-age, need specially designed instruction, and meet eligibility criteria for mentally gifted and/or one or more of the following physical or mental disabilities as set forth in the Individual with Disabilities Education Act which was re-authorized in 1997 (IDEA –97) and the Chapter 14 Special Education Services and Programs State Regulations: Autism, Blindness/Visual Impairment, Deaf- Blindness, Deafness/Hearing Impairment, Emotional Disturbance, Intellectual Disability, Multiple Disability, Orthopedic Impaired, Other Health Impaired, Specific Learning Disability, Speech and Language Impairment, Traumatic Brain Injury.

Students who are identified are provided with a continuum of services designed to meet the individual needs of eligible students. These services may include supportive intervention in the regular class, supplemental intervention in the regular class or in a special education resource program, placement in a part-time or full-time special education class in a regular school, or placement in a full-time special education class outside of the regular school. The extent of special education services and the location for the delivery of such services are determined by the parents and staff at the IEP team meeting and is based on the student's identified needs and abilities, chronological age, and the intensity of the specified intervention. The school district also provides related services, such as transportation, physical therapy, occupational therapy, and counseling services that are required to enable the student to derive educational benefits.

Parents of public school students who suspect that their child is exceptional and in need of special education may request a multidisciplinary team evaluation of their child through a written request to the Building Principal or the Assistant to the Superintendent for Special Education and Student Services.

Screening and Evaluation

The West Allegheny School District employs the following procedures for locating, identifying, and evaluating specified needs of school age students requiring special programs and services.

- Level 1: Review of group-based data
- Level 2: Review of hearing, vision, motor, speech and language
- Level 3: School Based Intervention Teams

The Multidisciplinary Evaluation (MDE)

The MDE is a process to gather information that will be used to find out if children really do need special education and if so, the types of services needed. Prior to an MDE, the District must obtain permission via the Permission to Evaluate form. Before an evaluation can occur, the form must be signed by the parent or legal guardian.

Evaluations are conducted by a certified school psychologist. Additional information is provided by the parents, classroom teacher, and other pertinent individuals that work with the student. All of this information is compiled into an Evaluation Report (ER). This report will recommend whether a child has one or more disabilities or mental giftedness. It also recommends whether or not the child requires special education and the type of program and services that the child needs. The ER may recommend that a child is not exceptional and therefore does not need special education services. If this is recommended, the report will list changes that may be made in the regular classroom to make the child more successful. All members of the MDT, including the parents, are entitled to review the ER.

Reevaluations for students, who are eligible for special education services, are compiled every three years or two years for students with intellectual disabilities or when requested by one or more members of the IEP team (please see information on Individualized Education Plan).

Individualized Education Plan

Children who are regarded to be exceptional by the MDT team are entitled to receive special education services. The document that specifically addresses these services is called an Individual Education Plan (IEP). Required members of the IEP team include: The child's parent(s), at least one of the child's regular education teachers, at least one special education teacher, a representative from the school district who: (1) Is qualified to provide or supervise special education programs (2) knows about the general curriculum (3) knows what resources the Local Education Agency (LEA) can offer, someone who can interpret the evaluation results, who may already be a member of the team. At your request or that of the school, other people who know your child well or who have worked with your child, your child (at age 14 when planning will be done for life after graduation or any time before that age when you want your child to be present), a representative from a vocational-technical school if a vocational-technical school is being considered for your child.

The IEP team will review all of the evaluation material and will determine how your child is performing in school. The IEP team will write annual goals that can be measured and which meet the needs of your child. IEPs for eligible students are developed on an annual basis, or sooner, if requested by one or more members of the IEP team.

Notice of Recommended Educational Placement

Once the IEP has been developed with the IEP team; you will receive a Notice of Recommended Educational Placement (NOREP). The NOREP explains the placement or class recommended for your child and explains your rights. You must approve the NOREP in writing for your child's first special education placement if you want it to go into effect. You will receive a NOREP with each completed IEP and you have 10 calendar days to return the NOREP. In circumstances when this form is NOT completed parental consent is NOT required, the school will proceed after 10 calendar days.

West Allegheny School District offers a continuum of educational services designed to meet the needs of eligible students including varying degrees of gifted, learning, and speech and language support. In addition, related services such as transportation, occupational therapy, physical therapy, vision support, and deaf and hearing support are available to students who qualify.

Detailed information regarding special education procedures may be obtained by calling the Special Education Department at 724-695-5221.

Services for Protected Handicapped Students

There are instances in which students are identified as handicapped or disabled but may not qualify for Special Education services. If it is determined necessary, the school district will provide these students, without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to ensure equal opportunity to participate in and obtain the benefits of the school programs and extracurricular activities. To qualify as a protected handicapped student, the child must be of school age with a physical or mental disability which substantially limits or prohibits participation in or access to an aspect of the school program. Services and protections for protected handicapped students are different from those applicable to all eligible students enrolled in special education programs. These services are outlined in a Chapter 15 Service Agreement. Questions regarding Chapter 15 should be directed to the Assistant to the Superintendent for Special Education and Student Services at 724-695-5221.

Services for Students in Nonpublic Schools

Public special education is accessible to resident students attending nonpublic schools by permitting the nonpublic school student to enroll on a part-time, **dual** enrollment basis in a special education program operated in a public school. The student must have a multidisciplinary team evaluation completed and an Individual Education plan must be developed with the public school, parents must sign a Notice of Recommended Educational Placement.

Parents of nonpublic school students who suspect that their child is exceptional and in need of special education may request a multidisciplinary team evaluation of their child through a written request to the district Director of Pupil services.

Public Notice on Student Records

The Education Records Plan for Exceptional Students is a state approved plan for the local school districts within the Allegheny Intermediate Unit which defines all procedures for collection, maintenance, and dissemination of educational records belonging to exceptional students.

Education records are needed to provide appropriate educational programs, but at the same time it is necessary to protect the rights of privacy and confidentiality of students and parents.

Official student education records are kept where a student attends a district operated class. Copies of the District Education Records Plan may be obtained from your building principal.

Confidentiality of Student Records

The privacy rights of parents and students are mandated by federal legislation known as the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), state regulations (Chapter 14 - Special Education Services and Programs, Chapter 12 - Student Rights and Responsibilities), and district policy.

The different categories of information maintained by the school district are as follows: educational and health records, personally identifiable information, and directory information. With the exception of the receiving school district, educational and health records, personally identifiable information cannot be disclosed or released without parental consent or adult student's (a student who is eighteen years of age or older, married, or attending an institution of post-secondary education) consent.

Information known as directory information can be released without consent. Directory information means information which would be considered not harmful or an invasion of privacy if disclosed. This information includes the following: student's name, address, date and place of birth, courses taken, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.

STUDENT ASSISTANCE PROGRAM (SAP)

A student who is experiencing issues with mental health, substance abuse, attendance, or other areas of concern may benefit from the West Allegheny Student Assistance Program (SAP). It is the intent of SAP to mobilize school resources to remove barriers to learning. Upon receiving a referral, the team will gather relevant information, organize the details gathered and make possible recommendations. If you would like more information about the Student Assistance Program or would like to receive free, confidential assistance, please contact the Guidance office. Further information on SAP as well as paperwork to refer a student to SAP can be found on the district website.

FAMILYLINKS

Familylinks provides services for students who are experiencing issues with mental health, developmental disabilities, addictions, abuse, behavioral problems, illnesses, and other life challenges. In partnership with the West Allegheny School District, *Familylinks* employs therapists who host individual student sessions during the school day to provide students with access to therapeutic services. Please contact the Guidance office if you would like more information on *Familylinks* or to request an outpatient referral form.

West Allegheny School District - Student Code of Conduct

West Allegheny School District believes that it is essential for our schools to provide a safe and supportive atmosphere that is conducive to learning. Students must be able to work together and to accept and share responsibilities. While discipline begins in the home, the school provides reinforcement and continued opportunity for students to learn self-discipline and behaviors appropriate for becoming responsible citizens and living productively in our society.

West Allegheny's approach to student discipline is corrective and intended to modify the inappropriate behavior. Maintaining appropriate standards of discipline in the West Allegheny School District is essential to the establishment of a safe and orderly educational environment where students can learn. The Student Code of Conduct will be interpreted by the administration and their designees in a manner which they deem just, given the circumstances of the individual case. **Additionally, students must understand that administrators shall have the authority to enforce other reasonable disciplinary actions which they find warranted by situations not covered specifically (including limiting student participation/attendance in extracurricular school-based events/special assemblies/programs aimed at rewarding positive student effort and performance).**

Discipline issues arise for a variety of reasons and in varying degrees of frequency and severity. The general sequence presented here is not intended to be rigidly followed. The actual sequence of disciplinary action may vary depending on the individual case and the process will be initiated at the step deemed appropriate. In general, these steps are followed:

1. Teacher and student address issue
2. Teacher and parent/guardian address issue
3. Teacher, counselor, parent/guardian and/or student meet to address issue
4. Principal, parent/guardian, student, and other school personnel are involved to address issue
5. School officials, parent/guardian, student, and social service agencies are involved to address issue
6. An administrative review occurs with the principal
7. A superintendent's review occurs with the administrative staff, the superintendent or designee
8. School Board hearing

Misbehaviors and their interventions are categorized across four levels according to degree of seriousness and frequency of occurrence. Each school may have additional guidelines for student behavioral expectations as part of a positive behavior intervention and incentive system.

Level I

Level I offenses include minor misbehaviors on the part of the student which are disruptive and impede classroom procedures and learning or that interfere with the orderly and safe operation of the school. These misbehaviors are expected to be addressed by the individual teacher or staff member who observes the incident but may require the intervention of an administrator. An accurate record of the offense, corrective and intervention supports, and disciplinary action must be maintained by the teacher or staff member. Repeated instances of Level I behavior, despite redirection or intervention, may constitute a violation at a higher level with referral to an administrator.

Examples of Level I Violations Including but not Limited to:

- Disrespectful actions or language towards peers, adults, and/or property
- Classroom disruptions and violations of classroom procedures established by the teacher, which may include tardiness to class, disruptive behavior, failure/refusal to follow directives

Third Offense: Two days of out-of-school suspension

Additional Offenses: Additional offenses will follow progressive discipline in accordance with the Student Code of Conduct

You should always ask the administrators to discuss your rights with you whenever you have any questions about them. You are always entitled to due process. Due process means knowing the accusation and being able to refute it before disciplinary action is taken.

ACTIVITY RESTRICTION PROCEDURES

Restriction reductions will be considered upon written request to the high school administration from the student. Reductions may be considered on a case-by-case basis and not within the first 30 days. Reduction reviews may only occur in 30-day increments and will consist of a review of the student's discipline, attendance, and academic records, as well as any other factors as determined by the administration.

CANINE SEARCH POLICY

PURPOSE

School administrators have a compelling interest in ensuring that controlled substances are not present on school grounds and preventing drug-related activity on school grounds. In order to reinforce this purpose, generalized and random locker, vehicle and bag searches, including but not limited to backpacks, gym bags, draw string bags, (not physically on a student's person), to include canine sniff searches, are authorized and may be made without notice and require no individualized suspicion. If a drug sniffing dog reacts to the purported presence of an illegal substance, such reaction shall constitute reasonable individualized suspicion so as to permit a search of the individual's locker, vehicle or bag.

AUTHORITY

The Board authorizes the North Fayette Police Department, other municipalities assisting the NFPD, and private firms to assist the district by providing the services of their canine officer.

DELEGATION OF RESPONSIBILITY

A search of school property shall be conducted at any time to further the District's compelling interest in ensuring that controlled substances are not present on school grounds and preventing drug-related activity on school grounds.

In order to reinforce the within purpose, generalized and random locker, vehicle and bag searches, including but not limited to backpacks, gym bags, draw string bags, (not physically on a student's person), to include canine sniff searches, are authorized and may be made without notice and require no individualized suspicion. If a drug sniffing dog reacts to the purported presence of an illegal substance, such reaction shall constitute reasonable individualized suspicion so as to permit a search of the individual's locker, vehicle or bag. Drug sniffing dogs will not be used to search a student's individual person. No bag search shall occur while the bag is physically on a student's individual person.

GUIDELINES

Dogs used for canine searches in the schools by the police shall be appropriately trained and certified. Use of canine searches at least once per semester is deemed adequate. However, the district may choose to conduct canine searches whenever it deems necessary further its compelling interest in ensuring that controlled substances are not present on school grounds and preventing drug-related activity on school grounds.

Procedure

The attending officer shall accompany the dog to the school. While the dog works, building principals and/or administrators shall temporarily close the area containing lockers, bags, or vehicles to be searched.

The following procedure will be used if the dog alerts to a locker, bag, or vehicle:

1. The locker number, backpack or vehicle will be noted. Adjacent lockers, bags, and vehicles will also be noted when necessary. A second dog may be used to verify any initial locker alert.
2. After a canine officer and handler have completed the search, the building principals will conduct searches of the lockers. The building principal shall notify the student that his/her locker, bag or vehicle is going to be searched and invite him/her to be present. The administration shall conduct the search. However, when school authorities have a reasonable suspicion that a locker contains materials which pose a threat to the health, welfare, or safety of the school population, student lockers may be searched without prior warning. When a canine search indicates reasonable suspicion of a crime or violation of school rules, the canine officer shall remain at the scene with administrators or the proper authorities will be contacted if a private firm is used.
3. If drug paraphernalia or controlled substances or those items thought to be controlled substances, are found, the parent/guardian shall be contacted immediately and requested to come to the school. An investigation shall be conducted by the building principal according to Board policy and school procedures.
4. If no drugs are found, the student will return to class. The building principal shall contact the student's parents/guardians before the end of the school day to explain the procedure that has occurred. Where possible, the student will be invited to be present with the principal when the telephone call is made.
5. The Superintendent shall notify the Board in a timely fashion.

This discipline can include termination.
- b. The District recognizes that the question of whether a particular action or incident is a purely personal, social relationship without a discriminatory employment effect requires a factual determination based on the facts in each case.
- c. Given the nature of the type of discrimination, the District also recognizes that false accusations of sexual harassment can have serious effects on innocent men and women. Therefore, false accusations will result in the same severe disciplinary action applicable to one found guilty of sexual harassment.

TRANSPORTATION GUIDELINES AND EXPECTATIONS

The West Allegheny School District Administration recognizes that safety is paramount in transportation. The administration is committed to working with the Board of Education, parents, students, principals, drivers and staff to maintain a safe and orderly environment. The following guidelines are in place to ensure positive and safe passage to and from school and school sponsored events.

Transportation to and from school is a privilege. Abuse of this privilege may result in loss of transportation to and from school. When you lose your transportation privileges, you cannot ride a bus owned by the Monark Bus Company and contracted by the West Allegheny School District during the time of the suspension.

Video camera systems with audio capability are installed on Monark Transportation School Buses. The information from these tapes can be used to determine disciplinary action. The cameras on buses and vans are to help ensure the safety of all students and staff.

Students receiving special education services will be subject to the same disciplinary procedures, including suspensions from riding the bus as regular education students unless otherwise noted in the student's IEP. The IEP will be reviewed to be sure that there are not any special circumstances that would warrant alternative forms of discipline, especially when a bus suspension is under consideration.

It is to be understood that in the event of a bus suspension, the student is still required to attend school and any absence during the bus suspension without a valid written excuse will result in school officials following the standard school truancy process.

Students are only permitted to ride their assigned bus transportation to and from school. Riding a bus home with another student will only be permitted in cases of significant emergency and must be pre-approved by a school administrator. Students who attempt to ride another student's bus without pre-approval from a school administrator will be subject to disciplinary action outlined in the Code of Conduct.

DELAY OR CLOSING OF SCHOOLS

The Transportation Department could be impacted by several variables during the winter weather season. The main factor for a delay or cancellation decision is weather conditions, but other factors do play a part.

The following are the steps that the department uses to make a recommendation for a delay or cancellation:

1. Weather conditions and local radar are monitored to determine the time and duration of snowfall. The temperature and wind chill are also considered.
2. Early morning checks of the roads are conducted. Typically starting at 4:00 AM, a sampling of township and state roads are driven to check road conditions.
3. Township and state road crews' status of snow removal and road treatment is monitored to determine what the road conditions will be like during student pickup hours.

The Superintendent makes the decision to delay or cancel school based on the data collected in the previous stated steps. Students and staff are notified via Skylert, the district's mass phone notification system. Additionally, local media outlets are notified and the West Allegheny Website and Facebook accounts are updated.

The following are expectations all bus drivers are expected to follow in operating a bus in the West Allegheny School District.

1. Drivers will greet all students as they enter and exit the bus in a pleasant and welcoming manner.
2. Drivers will assign all students an area or seat on the bus and set expectations for students to sit in assigned seats or areas.
3. Drivers will maintain focus on student safety and not engage in distracting behavior including but not limited to cell phone usage.
4. Drivers will maintain open lines of communication with teachers, administrators and the Monark Transportation administration in regards to the safety, security, and behavior of all students.
5. Drivers will act in a professional manner at all times when interacting with students, parents, staff members and administrators.

The following are expectations all administrators are expected to follow in supporting the safe operations of district transportation

1. Administrators and/or their designees will reinforce seating arrangements on all buses.
2. Administrators and/or their designees will enforce all school and school bus safety rules when made aware of a violation.
3. Administrators and/or their designees will maintain open lines of communication with bus drivers, Monark Transportation administration and District Office Administration in regards to transportation related issues.
4. Administrators and/or their designees will request and review video from any bus violation that reaches level three or higher in the transportation guidelines and expectations.

The following are five expectations all students are expected to adhere to during transportation to and from school.

1. Students will sit in their assigned area or seat and face forward at all times. No standing is permitted while the bus is in motion.
2. Students will keep hands, feet and personal belongings to themselves and out of the bus aisle.
3. Students will wait their turn to enter and exit the bus at the stop for which they are assigned.
4. Students will use appropriate language, tone and volume when speaking on the bus.
5. Students will be respectful of all other students and the driver while on the bus and at the bus stop.
6. Students will not eat or drink on the bus.
7. Students will not play loud or distracting music on the bus.

Parents can contribute to the efficient and safe transportation of their children in the following ways:

1. Ensure that students are at their designated bus stop at least five minutes prior to bus arrival time. Drivers are not required to wait for children as all children further down the route would then be forced to wait that much longer.
2. Ensure students stay off the roadway at all times while waiting for the bus.
3. Ensure students cross in front of the bus when crossing the road or highway.

4. Ensure students wait until the bus has come to a complete stop and red lights are flashing before attempting to enter or leave the bus.
5. Ensure special items and projects are transported by parents to school rather than on the bus due to space and safety consideration.
6. Ensure students do not chase after a bus.
7. Ensure students are orderly while awaiting the bus.
8. Ensure that the bus stop is safe and maintained.
9. Ensure that if driving students to the bus stop you do not interfere with the traffic pattern of the bus.

The district stance is that all students should ride their assigned bus to and from school.

*NOTE: In case of the need for an **emergency** bus change, a note from a parent must be submitted to the office for approval. **This does not guarantee that approval will be granted.** If approval is given, the student will receive a bus pass to give to the bus driver. Students must submit the note to the office first thing in the morning in order to arrange for this change.*

Misbehaviors and interventions are categorized across four levels based on seriousness/frequency of occurrence.

Level I – Bus Discipline

The Superintendent or designee shall develop administrative regulations to implement this policy.

PROCEDURES FOR PERSONAL ELECTRONIC DEVICES (PEDs)

All personal electronic devices, including but not limited to cell phones, ear pods, smart watches, tablets, etc. must always be silenced and kept in lockers or a teacher-designated area. All personal electronic devices must be **"Silenced and Away"** during all instructional courses unless permitted for educational purposes at the discretion of the teacher only. West Allegheny is not responsible for any loss or damage to PED's brought to school.

Improper use and/or unauthorized possession of personal electronic devices will result in the following consequences:

Second Offense: The PED will be confiscated by a teacher, and the parent will pick-up the PED in the office at the end of the day. The student will serve an after-school detention.

Additional Offenses: Additional offenses will follow progressive discipline in accordance with the Code of Conduct.

***As with any policy violation, any mitigating and/or aggravating circumstances may alter the consequence for each violation in alignment with the Code of Conduct.

ACADEMIC INTEGRITY

The West Allegheny High School is committed to encouraging strict standards of academic integrity and committed to helping students develop intellectually, creatively, and ethically. Academic integrity is a shared partnership between administrators, teachers, students and parents to ensure that the standard of academic honesty leads to higher levels of performance by providing challenging critical thinking opportunities. Therefore, any kind of academic fraud such as cheating, plagiarism, helping others to cheat or participating in academic misconduct is prohibited. Those students who violate this school's standard for academic integrity will be subject to the following consequences if concurrent within the calendar school year:

First Offense in any subject area: a zero on the assignment with the possibility for partial recovery not to exceed 50% of the assignment provided the student meets the expectations of the teacher. Parent contact made by teacher. Teacher notifies administration.

Second Offense in any subject area: a zero on the assignment with no point value recovery and a discipline referral (Level II within the Student Code of Conduct) to the administration. Parent contact made by teacher and administration.

It is the responsibility of all students to maintain academic integrity with regard to class assignments, exams, and any other graded course requirements. Thus, cheating, plagiarism, and/or knowingly assisting another student to violate academic integrity are all violations of the above mentioned.

ARTIFICIAL INTELLIGENCE (AI)

In alignment with the College Board, West Allegheny High School believes that all work submitted must be the student's own, original work.

"Generative AI tools must be used ethically, responsibly, and intentionally to support student learning, not to bypass it. Students may use generative AI tools as optional aids for exploration of potential topics of inquiry, initial searches for sources of information, confirming their understanding of a complex text, or checking their writing for grammar and tone. However, students must read primary and secondary sources directly, perform their own analysis and synthesis of evidence, and make their own choices on how to communicate effectively in their presentations. It remains the student's responsibility to engage deeply with credible, valid sources and integrate diverse perspectives when working on a learning task" (College Board, 2024).

While students have the option to use generative AI tools, submitting work generated by AI is an Academic Integrity violation, and consequences will be issued as outlined in the Academic Integrity section of this Parent-Student Handbook.

Teachers may work with students to learn how to use AI within the instructional environment. For assignments and assessments, teacher will indicate if it is a red, yellow, or green assignment. If AI is used, it must be cited to include 1) a Complete record or transcript of prompt(s) or conversation history with AI tool and 2) appropriate citation in MLA or APA format.

CLASSROOM EXPECTATIONS

Each of our classroom teachers is responsible for establishing classroom expectations for the school year. You may expect a plan to be shared by every teacher that your child has this school year, minimally posted on Canvas. The plan is for your review and includes rules, regulations, and consequences unique to each teacher's classroom management. These plans are supplemental to the contents included in this handbook.

SKIPPING CLASS

A student's greatest opportunity to have academic success is by being present and on time to class to maximize engagement with daily instruction. Students are expected to attend each of their scheduled classes in their assigned locations (including study halls and lunch) throughout the duration of each class period. If a student does not attend any portion of a class, it is considered skipping and the student will receive discipline in correspondence with the Student Code of Conduct with increasing severity for each reoccurring violation. Students who skip class will receive a 0 for any assignments they missed in the class they skipped without an opportunity for a make-up.

First Offense: 1 day of ISS; Zero is received for all classwork in the skipped class.

TARDY TO CLASS

Students who arrive to class after the bell are required to have an up-to-date pass from a staff member or the student will be considered to have an unexcused tardy to class. If a student does not attend any portion of a class, it is considered skipping and the student will receive discipline in correspondence with the Student Code of Conduct with increasing severity for each reoccurring violation.

First Offense: Verbal Warning

Second Offense: Student will receive a teacher or administrator issued after-school detention

Third Offense: Student will receive a teacher or administrator issued after-school detention; parent meeting

This includes trips to the restroom, library, office, as well as any place other than the room to which the student has been assigned. Passage shall be by the shortest and quickest feasible route without stopovers at other points or without disrupting other classrooms. All students must request a pass by asking their teacher for permission to leave and entering the request in SmartPass. Students will be allowed two passes per week on the SmartPass system. Hall passes will not be given for a student to miss a credit bearing class unless approved by a school counselor or administrator. During certain periods of the day the hallways will be closed. During these times no students should be in the hallway unless it is an absolute emergency. The purpose of the closed hallways is to eliminate distractions at critical times of the student day.

ACADEMIC FIELD TRIPS / ENGAGED TIME FOR A STUDENT ACTIVITY

Students attending an academic field trip are expected to adhere to the behavior guidelines within the Student Code of Conduct. Students are not permitted to leave the field trip with an unauthorized individual at any time. Students must ride the district provided transportation both to and from the destination.

Certain classes and/or extracurricular activities occasionally require student engagement during normal school hours, requiring a student to miss their regularly scheduled class(es). Absences that occur due to Engaged Time for a Student Activity in a class or school related activity will be excused.

Students are expected to meet academic, behavior, and attendance standards to attend field trips and activities occurring during the school day. Specifically, students that request to attend academic field trips and are failing a class must get permission from the teacher whose class the student is failing.

Additionally, all students requesting to be released from their scheduled class must arrange to **make-up any academic work** with the teacher prior to missing the class. It is the responsibility of the student to make such arrangements and all arrangements must be made prior to the student attending the activity. Students will follow the **Timeline for Making Up Missed Work** as previously outlined. Failure to do so will result in the student not receiving credit for the work/class missed.

STUDENT LOCKERS

Students will be assigned a locker upon request. To request a locker, please contact your school counselor. We encourage students not to put items of value in the locker. The school cannot be responsible for lost, misplaced, or stolen articles.

You must keep your locker clean. Writing and stickers are not permitted on or inside of the lockers.

The locker assigned to you is the property of the West Allegheny School District. Your expectation of privacy in the locker is very limited. You may anticipate frequent announced and unannounced locker checks and searches by the administration. You will be prosecuted to the fullest extent of the law for contraband found in the locker.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, supplies, and furniture supplied by the school. Students shall not mark school furniture, walls, ceiling, floors, or equipment with pen, pencil, paint, or any other instrument. Do not tamper with fire alarms, fire extinguishers, or any electrical systems. Anyone who willfully destroys school property through vandalism, arson, or larceny, or who creates a hazard to the safety of our students will be referred to the proper law enforcement agency.

Students who disfigure property, break windows, or do other damage to school property or equipment will be required to pay for the damage incurred and will be disciplined under the Student Code of Conduct.

If a textbook is misused, a fine will be imposed. If a textbook is in need of rebinding due to misuse by the student, the student/family is responsible for the rebinding fee. If a textbook is lost or damaged beyond repair, the current replacement cost will be charged to the student/family.

TECHNOLOGY INTEGRATION

Chromebooks

Our high school is proud to offer 1-1 technology for our students. All students in grades 9-12 will be assigned a Chromebook and charger. This device will travel back and forth with students and should be charged nightly. It is the responsibility of each student to maintain the condition of their Chromebook and charger. Chromebooks should remain free of stickers and/or other decorative accents. These devices are only used for school purposes, and families are encouraged to purchase device insurance to protect the investment in case of loss or damage. However, this insurance DOES NOT insure lost chargers. Replacement chargers will be issued to the student and an invoice will be sent to the family. If there is a malfunction or issue to the Chromebook or charger, it can be taken to the school's technology help desk for repair. You can also email tech support at: wahelpdesk@westasd.org. Please note that any Intentional Computer/Equipment Damage will result in the following:

First Offense: Restitution; 1 day of In School Suspension

Second Offense: Restitution; 1-3 days of Out of School Suspension

Third Offense: Restitution; 5 days of Out of School Suspension

***** As with any policy violation, any mitigating and/or aggravating circumstances may alter the consequence for each violation in alignment with the Code of Conduct.***

Canvas

The West Allegheny School District utilizes Canvas as its Learning Management System (LMS). Students will have access to their teacher's class content and materials in this online portal. Communication from administrators, student services, and other departments is also communicated through Canvas, and students should be checking for notifications daily. Parents also have the opportunity to view materials and coursework, including grades, through the interactive platform. Students will have direct access to Canvas via their school issued Chromebook.

Skyward

The West Allegheny School District utilizes Skyward as its student information system (SIS). Skyward is the tool that we use to report schedules, report cards, and other notifications for each nine-week marking period. Parents can access their student's information through their Skyward account.

MySchoolBucks

Families have the opportunity to create an online account with MySchoolBucks to easily pay for school-related expenses (other than food served in the cafeteria) through an online account, rather than by cash or check.

FamilyID

FamilyID is a secure platform where parents/guardians can store their child's information to easily enroll in school-related activities. Data stored on FamilyID is saved and can be auto filled so information does not need to be entered repeatedly.

RESTROOM PRIVILEGES

Restrooms are to be used only for the purpose intended. Any other usage such as smoking/vaping, loitering, meeting other students, or hiding from school personnel will be disciplined under the Student Code of Conduct. At no time is more than one student permitted to be in the same stall at the same time.

- Students will use only the restroom on the floor where they are located nearest to their scheduled class.
- You are to go to the restroom between periods. If an emergency necessitates your using the restroom during a class, you are to use the following procedures:
 - a. Ask the teacher's permission.
 - b. Follow sign out procedure set up by the teacher.
- Keep the restrooms clean. Show good sense and respect for others who may wish to use the facility. Never place anything in a commode that could clog it. Examples: paper towels or any type of cloth or hard substance.
- If the dispensers are out of paper, please notify the office or a teacher.
- Report any damage to the office or teacher immediately.
- Do not assume that a teacher must honor every request. In cases where a student takes advantage, a request may be denied.

THE CAFETERIA

In order to provide for efficient cafeteria operation, the following rules must be observed:

- Students without ID's during lunch will be placed in the back of the line.
- Follow entrance and dismissal procedures.
- Keep the cafeteria lines orderly.
- Talk in a normal voice.
- Empty all debris from trays into the appropriate garbage/recycling cans.
- Keep tables, chairs, and floors clean. Pick up and clean up any food you drop or spill.

- Students are responsible for paying for their food. Students will be prosecuted under Student Code of Conduct if items are taken and not paid for.
- Respect all cafeteria staff.
- Always report to the cafeteria during your assigned lunch period.
- No food or drink is to be ordered from outside vendors; food delivery services are prohibited.
- Students are to remain in the cafeteria when finished eating for the remainder of the lunch period.
- Students are not permitted to leave the school grounds during lunch or to purchase a lunch from an outside vendor.

Students violating cafeteria rules and regulations will receive discipline as aligned to the Student Code of Conduct.

Students must present their school ID to the cafeteria staff when purchasing items. Students who do not have their IDs will report to the end of the line. A new student ID may be purchased in the main office for \$5.00.

NURSE'S OFFICE

A student becoming ill during the school day should report to the nurse's office or main office. All students reporting to the nurse's office must have a pass. If there is a necessity to go home, the nurse will inform the parent. When the nurse is not available, students are to report to the high school office.

1. The nurse is NOT permitted to administer any medication without proper medical documentation
2. Loitering in the nurse's room is prohibited.
3. If a student leaves without permission, the student will be considered truant.
4. If a student is injured, they must report to the nurse's office to complete an accident report form.

STUDY HALLS

Study halls are primarily for study. Disruptive behavior will not be permitted. Study hall teachers may issue passes (unless otherwise designated by the office) to the high school office, guidance counselor's office, and to the restroom.

Students desiring to see a teacher other than their study hall teacher must have previously obtained a pass via SmartPass from that teacher. The student is to remain with that teacher for the entire period.

LIBRARY MEDIA CENTER

The West Allegheny High School Library Media Center is a resource for students to support their work in the classroom as well as to ensure they are, both educationally and personally, effective users of 21st Century ideas and information.

- Students are expected to display respectful behavior when in the Library Media Center. This includes respect for:
 - Themselves
 - Classmates
 - Staff
 - The Library Media Center physical space
- Students will follow the District's Technology Acceptable Use policy when using technology in the Library Media Center.
- Students are expected to act responsibly, appropriate and respectfully, as outline in the Student Code of Conduct while in the Library Media Center.
- Students who choose not to adhere to the District's Student Code of Conduct and Technology Acceptable Use Policy may be asked to leave the Library Media Center and/or face disciplinary action according to the West Allegheny High Student Code of Conduct.

FIRE / EMERGENCY PREPAREDNESS DRILLS

A successful emergency drill is governed by these few fundamental rules:

1. When the alarm is heard, the students are to follow teacher directives, move quickly and quietly without talking, running, or pushing to the designated area your instructor specifies. The teacher will lead the group and it is mandatory that students from each area stay as a group.
2. Gaps in drill lines are to be kept closed. Students are not to loiter in order to be with friends.
3. In the case of a fire drill, students in the office, restrooms, hallways or other common areas are to vacate the building as quickly as possible.
4. In the case of a lockdown or evacuation preparation drill, students in the office, restrooms, hallways or other common areas are to move to the nearest safe space e.g. classroom, office.
5. During a drill, a stairway may be closed to simulate a condition that could happen during an actual emergency. If your teacher finds your regular exit blocked, they will direct you to the nearest available exit.
6. Each teacher is to have the exit procedure for their room posted near the door of his/her room.
7. Teachers will give specific instructions concerning procedures in their areas.

SCHOOL RESOURCE OFFICERS

Each school building in the district is staffed by a School Resource Officer (SRO) in partnership with the police department located in its corresponding township. School Resource Officers are specially trained to provide safety and response to each school building. Duties of the SRO include hosting informational sessions on various health and safety related topics, delinquency prevention, school security, and law enforcement, when necessary.

VISITORS

West Allegheny School District utilizes the Raptor Visitor Management System. The system is intended to maximize operational efficiency which aligns with Priority 3 of our Framework for Excellence: Financial Responsibility and Operational Efficiency, *Ensure Effectiveness of Crisis-Safety Response and Emergency Operations Plan*. Raptor verifies the identity of visitors, checks their status against national and local databases, and issues photo identification. These precautions are yet another layer used to ensure the safety of our students and staff.

When entering a District school/office, all visitors must present a valid state- or government-issued ID, which will be scanned into the Raptor system. Upon reading the information, Raptor will check the national database to identify sex offenders and a District database for individuals involved in Protection from Abuse (PFA) and custody orders. It is important to note that the Raptor System only scans the visitor's name, date of birth and photo that additional visitor data from the driver's license is not gathered nor is the system connected to any other system such as the Department of Motor Vehicles. Therefore, any other information connected to the visitor's driver's license is not accessible to any of the users. Once entry is approved, Raptor will issue a badge that identifies the visitor and includes a photo, the date, and the purpose of their visit. This photo ID should be visible throughout the visit and should be returned to the office when the visitor leaves.

Due to school safety, student visitors from other schools or West Allegheny graduates are NOT PERMITTED.

LOST AND FOUND

Students who find items of value such as cell phones, ear buds, jewelry, wallets, etc., should take them to the office. All other items should be put on the shelves in the cafeteria. Articles not claimed in a timely manner may be discarded.

REQUEST FOR HOMEWORK

In the case of a missed class or class periods, homework may be available on Canvas and/or through contacting the teacher. In the case of an extended absence of three (3) days or more, the high school office may be contacted to assist in the request and collection of student homework as needed. *Please allow 24 hours for instructional materials to be compiled.*

CHANGE OF ADDRESS

If your contact information has changed, including email, phone number, emergency contacts, etc., please inform the office or Guidance Department. A change of address must go through the Guidance Office Secretary and requires proof of residency.

WORK PERMIT

A work permit may be obtained at the main office. The completed application, including a parent and/or guardian signature, should be returned to the office clerk for final processing. A copy of the birth certificate is not necessary if filed with West Allegheny High School. Please allow 48 hours for completion of the work permit.

STUDENT INSURANCE

The school district has authorized an insurance agency to provide student accident insurance at a reasonable rate. Policy information can be obtained in the main office and may be purchased any time during the school year. All policies will continue until the same date of the following year. In general, coverage under this program is provided for all injuries incurred in school activities **except VARSITY FOOTBALL**. Athletes in all varsity sports, except varsity football, are urged to subscribe to this policy. Any time a student is injured in class or a school event, an accident form must be filed with the office or nurse.

PHYSICAL EDUCATION

You are required to participate in physical education classes. If you have an illness or injury that prohibits you from participating in physical education classes for an extended period of time, you should bring a doctor's excuse to the attendance office. This excuse should tell the nature of injury or illness and the length of time you will need to be excused from physical education classes. A copy of the medical excuse will be given to your teacher.

It is required that you have a change of clothes when participating in physical education classes. Instructors may suggest the type of clothing that is appropriate to the activities for any unit. These suggestions will be based on safety. West Allegheny School District is not responsible for lost or stolen items. All valuables should be secured and not left unattended.

PARENT/GUARDIAN CONFERENCE

Parents/guardians are encouraged to contact the school with any questions or concerns regarding their student. Initial concerns regarding a student's academic progress in a class should be made to the student's teacher or counselor. Appointments for conferences with teachers, counselors, or principals may be made via phone or email or by contacting the student's teacher or counselor. Contact information for all staff members can be found on the district website.

ATHLETICS AND ACTIVITIES ELIGIBILITY POLICIES AND GUIDELINES HIGH SCHOOL AND MIDDLE SCHOOL

PURPOSE STATEMENT

The purpose of this policy is to implement a viable process through which students at West Allegheny Middle and High Schools are held accountable for the educational priorities of attendance and academic success while providing pro-active mechanisms for communication and study in the best interests of the student and all involved.

Copies of the policy will be kept at the building offices of the High School and Middle School as well as those of the Athletic Director and Arts Coordinator.

The following guidelines shall be implemented for this academic school year:

DETERMINING ELIGIBILITY:

1. An accurate student roster for each area shall be included on the weekly eligibility list provided to all teachers.
2. Students who are home-schooled or cyber-schooled, attend Parkway West CTC, or are placed in a private school shall provide weekly documentation verifying eligibility.

GRADES

WEEK 1: A student on the weekly eligibility list that has an 'F' grade reported for any subject shall be informed with a 'warning' without any penalty for practice or competing/performing. The appropriate head coach/director shall notify parents expeditiously.

WEEK 2: If the student appears on the eligibility list for a second week in the same subject, there will be a continuation of the first week status. There is no penalty for practice or competing/performing. The appropriate head coach/director shall notify parents expeditiously.

WEEK 3: If a student does not bring that subject's grade up to at least 'passing' as indicated by a third 'F' grade reported in any subsequent week, the student shall be suspended from competing/performing but shall be permitted to practice. The appropriate head coach/director shall notify parents expeditiously.

WEEK 4: If a student does not bring that subject's grade up to at least 'passing' as indicated by a fourth 'F' grade reported in any subsequent week, the student shall be suspended from both practicing/rehearsing and competing/performing. The appropriate head coach/director shall notify parents expeditiously.

WEEK 5: If a student does not bring that subject's grade up to at least 'passing' as indicated by a fifth 'F' grade reported the subsequent week, the student shall be suspended from participating for the balance of that team/activity/organization's season. The appropriate head coach/director shall notify parents expeditiously followed by written confirmation from the principal.

3. This five-week sequence shall be applied to each individual course and initial 'F' grade that is reported.
4. A student who receives an 'F' grade as the final grade for a course at the end of second semester shall be placed on a 15-day suspension to start the next academic school year. Practice is permitted but the student is not permitted to compete/perform.

NOTE: Students must be passing at least four full credit subjects in order to stay eligible for their activity. Failure to maintain four passing classes restricts the student from practicing or competing/performing until at least four full credit classes are passing.

ATTENDANCE

5. The existing high school and middle school attendance policies shall apply.
6. A student that has been absent for more than **20** days in a given semester shall be ineligible to participate until he/she has attended school for a total of **45** days documented from the first day in attendance in the subsequent semester. Four unexcused tardy dates shall be the equivalent of one unexcused absence. This policy also applies from the second semester to the next year's first semester. *Days spent on 'out of school' suspension are counted as 'absent'. (Based on PIAA policy applied at WA to all extra-curricular athletic, arts or other activities and organizations.)

INTERVENTION

7. Each student shall continue to be informed of and have access to the existing *Academic Time-Out* policy.
8. Students who have received a notification concerning an 'F' grade in a given subject shall be required to attend a tutoring session on their own time to assist with bringing the grade up.
9. Each head coach/director shall be responsible to assist in monitoring the academic progress of their students.

RESPONSIBILITY

10. The Building Principals in conjunction with the Athletic Director and Arts Coordinator shall be responsible to implement and monitor this policy. After consultation with the appropriate staff, final eligibility status shall be determined by the building principals based upon the individual academic performance of the student.

RESPONSIBILITIES FOR PARTICIPANTS IN ATHLETICS AND ACTIVITIES

ATTENDANCE

You are required to attend school each day. If you are not in school, you are not able to practice or compete on the team that day. Exceptions to this are school fieldtrips or previously scheduled absences due to academic or medical issues. If you are tardy to school and arrive after 8:00am, you are not able to practice or compete. The exception is if you bring a doctor's note stating you were under their care for the time missed. If you have more than four (4) incidents of tardiness, they will convert into one (1) unexcused absence. If you are absent and/or suspended out-of-school for more than 20 days in a single semester, you will be ineligible to participate until you have been in attendance for a minimum of 45 days. **This will carry over from one school year to the next.** It is your responsibility to get to school each day in order to participate in your chosen sport or activity.

Policy 103 Discrimination – Title IX Sexual Harassment Affecting Students

Code: 103

Status: Active

Adopted: December 13, 2023

Authority

The Board declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the programs and activities offered in the schools without discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability.[1][2][3][4][5][6][7][8][9][10][11][12][13][14][15][16][17]

The Board also declares it to be the policy of this district to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex. Such discrimination shall be referred to throughout this policy as Title IX sexual harassment. Inquiries regarding the application of Title IX to the district may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The district is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the district and is prohibited at or, in the course of, district-sponsored programs or activities, including transportation to or from school or school-sponsored activities.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.[18][19][20][21]

The Board directs that the foregoing statement of Board policy be included in each student and staff handbook, and that this policy and related attachments be posted to the district's website.

The Board requires a notice stating that the district does not discriminate in any manner, including Title IX sexual harassment, in any district education program or activity, to be issued to all students, parents/guardians, employment applicants, employees and all unions or professional organizations holding collective bargaining or professional agreements with the district. All discrimination notices and information shall include the title, office address, telephone number and email address of the individual(s) designated as the Compliance Officer and Title IX Coordinator.

Reports of Title IX Sexual Harassment and Other Discrimination and Retaliation

The Board encourages students and third parties who believe they or others have been subject to Title IX sexual harassment, other discrimination or retaliation to promptly report such incidents to the building principal, even if some elements of the related incident took place or originated away from school grounds, school activities or school conveyances. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.

The student's parents/guardians or any other person with knowledge of conduct that may violate this policy is encouraged to immediately report the matter to the building principal.

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal, as well as properly making any mandatory police or child protective services reports required by law.[22]

If the building principal is the subject of a complaint, the student, third party or a reporting employee shall report the incident directly to the Title IX Coordinator.

The complainant or the individual making the report may use the Discrimination/Sexual Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form attached to this policy for purposes of reporting an incident or incidents in writing; however, verbal reports of an incident or incidents shall be accepted, documented and the procedures of this policy and the relevant attachments followed.

The building principal shall promptly notify the Title IX Coordinator of all reports of discrimination, Title IX sexual harassment or retaliation. The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in Attachment 2 to this policy, or if the reported circumstances meet the definition of Title IX sexual harassment and are most appropriately addressed through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Attachment 3, or other Board policies.

Disciplinary Procedures When Reports Allege Title IX Sexual Harassment

When a report alleges Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints outlined in Attachment 3. The district shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

When an emergency removal, as described in Attachment 3, is warranted to address an immediate threat to the physical health or safety of an individual, and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion shall be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable.[18][20][23][24]

When an emergency removal is not required, disciplinary sanctions shall be considered in the course of the Title IX grievance process for formal complaints. Following the issuance of the written determination and any applicable appeal, any disciplinary action specified in the written determination or appeal decision shall be implemented in accordance with the normal procedures for suspensions, expulsions or other disciplinary actions, including specific provisions to address a student with a disability where applicable.[18][19][20][23]

Discipline/Placement of Student Convicted or Adjudicated of Sexual Assault

Upon notification of a conviction or adjudication of a student in this district for sexual assault against another student enrolled in this district, the district shall comply with the disciplinary or placement requirements established by state law and Board policy.[25][26]

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a report and the investigation related to any form of discrimination or retaliation, including Title IX sexual harassment, shall be handled in accordance with applicable law, regulations, this policy, the attachments and the district's legal and investigative obligations.[27][28][29][30][31]

Retaliation

The Board prohibits retaliation by the district or any other person against any person for:[30]

1. Reporting or making a formal complaint of any form of discrimination or retaliation, including Title IX sexual harassment.
2. Testifying, assisting, participating or refusing to participate in a related investigation, process or other proceeding or hearing.
3. Acting in opposition to practices the person reasonably believes to be discriminatory.

The district, its employees and others are prohibited from intimidating, threatening, coercing, or discriminating against anyone for actions described above. Individuals are encouraged to contact the Title IX Coordinator immediately if retaliation is believed to have occurred.

Definitions

Complainant shall mean an individual who is alleged to be the victim.

Respondent shall mean an individual alleged to be the perpetrator of the discriminatory conduct.

Discrimination

Discrimination shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability.

Harassment is a form of discrimination based on the protected classifications listed in this policy consisting of

unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance when such conduct is:

1. Sufficiently severe, persistent or pervasive; and
2. A reasonable person in the complainant's position would find that it creates an intimidating, threatening or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities or opportunities offered by a school.

Definitions Related to Title IX Sexual Harassment

Formal complaint shall mean a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the district investigate the allegation under the grievance process for formal complaints. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator a party in the grievance process for formal complaints. The phrase "document filed by a complainant" refers to a document or electronic submission that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. [\[29\]](#)[\[32\]](#)

Policy 220 Student Expression/Dissemination of Materials

Code: 220

Status: Active

Adopted: June 19, 2024

Purpose

The right of public school students to freedom of speech is guaranteed by the Constitution of the United States and the Constitution of the Commonwealth. The Board respects the right of students to express themselves in word or symbol and to disseminate nonschool materials to others as a part of that expression. The Board also recognizes that the exercise of that right is not unlimited and must be balanced with the district's responsibility to maintain a safe and orderly school environment and to protect the rights of all members of the school community.[1]

This policy addresses student expression in general as well as dissemination of expressive materials that are not part of district-sponsored activities (nonschool materials).

This policy does not apply to materials sought to be disseminated as part of the curricular or extracurricular programs of the district, which shall be regulated separately as part of the school district's educational program.

Definitions

For the purposes of this policy, **dissemination** shall mean students distributing or publicly displaying nonschool materials to others:

1. On school property or during school-sponsored activities by placing such materials upon desks, tables, on or in lockers, walls, doors, bulletin boards, or easels; by handing out such materials to other persons; or by any other manner of delivery to others; or
2. At any time or location when creating or sending information using email, websites, online platforms, social media channels or other technological means that are owned, provided or sponsored by the school district.

Expression means verbal, written, technological or symbolic representation or communication or by any other manner.

Nonschool materials means any printed, technological or written materials, regardless of form, source or authorship, that are not prepared as part of the curricular or approved extracurricular programs of the district. This includes, but is not limited to, fliers, invitations, announcements, pamphlets, posters, online discussion areas and digital bulletin boards, personal websites and the like.

Authority

Limitations on Student Expression

Students have the right to express themselves unless such expression is likely to or does materially and substantially disrupt or interfere with the educational process, including school activities, school work, discipline, safety and order on school property or at school functions; threatens serious harm to the school or community; encourages unlawful activity; or interferes with another's rights. Student expression is prohibited to the extent that it:[\[1\]](#)

1. Violates federal, state or local laws, Board policy or district rules or procedures;
2. Is defamatory, obscene, lewd, vulgar or profane;[\[2\]](#)
3. Advocates the use or advertises the availability of any substance or material that may reasonably be believed to constitute a direct and serious danger to the health or welfare of students, such as tobacco/vaping products, alcohol or illegal drugs;
4. Incites violence, advocates use of force or threatens serious harm to the school or community;
5. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions;
6. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs; or
7. Violates written district procedures on time, place and manner for dissemination of otherwise protected expression.

Student expression that occurs on school property or at school-sponsored events, or occurs at any time or place when created or communicated using district-provided equipment, email, websites or other technological resources, is subject to this policy. The limitations, prohibitions and requirements of this policy shall apply to expression that occurs outside the foregoing circumstances only when and to the extent that the out-of-school expression:[\[1\]\[2\]\[3\]\[4\]](#)

1. Incites violence, advocates use of force or otherwise threatens serious harm directed at students, staff or the school environment;
2. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions; or
3. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs.

Dissemination of Nonschool Materials

The district requires that dissemination of nonschool materials shall occur only at the places and during the times set forth in written procedures. Such procedures shall be written to permit the safe and orderly operation of schools, while recognizing the rights of students to engage in protected expression.[\[1\]\[3\]](#)

The district requires that students who wish to disseminate nonschool materials on school property shall obtain approval by submitting them at least five (5) school days in advance to the building principal or designee, who shall forward a copy to the Superintendent.^[1]

If the nonschool materials include matters prohibited by this policy, the building principal or designee shall promptly notify the students of the nature of the violation and that they may not disseminate the materials until the violation is corrected and the materials are resubmitted for approval.

If notice of disapproval is not given during the period between submission and the time for the planned dissemination, students may consider the request approved and proceed with dissemination as requested, subject to all other established procedures and requirements relating to time, place and manner of dissemination. Students may nonetheless be directed to cease or suspend dissemination if it is later determined that the materials or the dissemination of them are in violation of this policy or implementing rules and procedures.

Students who disseminate printed nonschool materials shall be responsible for clearing any litter that results from their activity and shall schedule the event so that they do not miss instructional time themselves.

Printed nonschool materials displayed in a fixed location of a school building shall bear the date when placed in each location. The district may remove the materials within ten (10) days of the posting or other reasonable time as stated in applicable procedures.

Review of Student Expression

Review of nonschool materials proposed for dissemination shall be reviewed within five (5) days of submission so as to avoid unreasonable delay in dissemination.

School officials shall not censor or restrict nonschool materials or other student expression for the sole reason that it is critical of the school or its administration, or because the views espoused are unpopular or may make people uncomfortable.

Student-initiated religious expression is permissible, and apart from regarding time, place and manner, shall not be restricted unless the expression violates some other aspect of this policy, e.g., because it is independently determined to be in violation of this policy for reasons other than the religious nature of the content.

Appeal of the reviewer's decision may be made to the Superintendent and then to the Board, in accordance with Board policy and district procedures.

Delegation of Responsibility

The Superintendent shall assist the building principal in determining the designation of the places and times nonschool materials may be disseminated in each school building. Such designations may take into account maintenance of the flow of student traffic throughout the school and shall limit dissemination of nonschool materials to noninstructional times.

When student dissemination of nonschool materials or other student expression violates this policy, the building principal may determine what if any disciplinary or other consequences should be imposed. Disciplinary actions shall be in accordance with applicable Board policy and the Code of Student Conduct.^{[5][6]}

The Superintendent shall ensure that building principals and other staff involved in reviewing nonschool materials proposed for dissemination and evaluating whether violations of this policy have occurred receive training regarding applicable standards and procedures. Special emphasis shall be given to understanding the limitations on school officials' authority to regulate off-campus student expression, as well as the need to articulate in detail the nature and extent of disruption to or interference with the school environment thought to be caused by on or off-campus student expression and the specific manner by which the student expression involved is thought to have caused it.

This Board policy and any procedures written to implement this policy shall be referenced in student handbooks so that students can access them for further information.

Policy 221 Dress and Grooming

Code: 221

Status: Active

Adopted: June 19, 2024

Purpose

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference.

Authority

The district has the authority to impose limitations on students' dress in school. The Board will not interfere with the right of students and their parents/guardians to make decisions regarding their appearance, except when their choices disrupt the educational program of the schools or constitute a health or safety hazard.^{[1][2]}

Students may be required to wear certain types of clothing while participating in physical education classes, technical education, extracurricular activities or other situations where special attire may be required to ensure the health or safety of the student.^[2]

The district directs the staff to support students experiencing educational instability by waiving penalties related to a delay in compliance with Board policy or school rules related to dress and grooming.^[3]

Delegation of Responsibility

The building principal or designee shall be responsible to monitor student dress and grooming, and to enforce Board policy and school rules governing student dress and grooming.

The Superintendent or designee shall ensure that all school rules implementing this policy impose only the minimum necessary restrictions on the exercise of the student's taste and individuality.^[2]

Staff members shall be instructed to demonstrate, by example, positive attitudes and compliance with Board policy and school rules related to dress and grooming.^[4]

NOTE: *This exception shall be governed by Board policy relating to Medications.*[3]
2. A device, included under the definition of tobacco product above, if sold by a dispensary licensed in compliance with the Medical Marijuana Act. NOTE: *Guidance issued by the PA Department of Health directs schools to prohibit possession of any form of medical marijuana by students at any time on school property or during any school activities on school property. This exception shall be governed by Board policy relating to Controlled Substances/Paraphernalia.*[4]

Authority

The Board prohibits possession, use, purchase or sale of tobacco nicotine, THC, and vaping products, including the product marketed as Juul and other e-cigarettes, regardless of whether such products contain tobacco, THC or nicotine, by or to students at any time in a school building; on school buses or other vehicles that are owned, leased or controlled by the school district; on property owned, leased or controlled by the school district; or at school-sponsored activities that are held off school property.[1][2][5]

The Board prohibits student possession or use of products marketed and sold as tobacco cessation products or for other therapeutic purposes, except as authorized in the Board's Medication policy.[3]

The Board prohibits student possession of any form of medical marijuana at any time in a school building; on school buses or other vehicles that are owned, leased or controlled by the school district; on property owned, leased or controlled by the school district; or at school-sponsored activities that are held off school property.[4]

The Board authorizes the confiscation and disposal of products prohibited by this policy.

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations to implement this policy.

The Superintendent or designee shall notify students, parents/guardians and staff about the Board's tobacco, nicotine, THC and vaping products policy by publishing information in student handbooks, parental newsletters, posters, and by other efficient methods, such as posted notices, signs, Code of Student Conduct and on the district website.[2]

Policy 226 Searches

Code: 226

Status: Active

Adopted: June 19, 2024

Purpose

The Board acknowledges the need to respect the rights of students to be free from unreasonable searches and seizures while fulfilling the district's interest in protecting and preserving the health, safety and welfare of the school population, enforcing rules of conduct, and maintaining an appropriate atmosphere conducive to learning.

Authority

School officials have the authority to lawfully search students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions, without a warrant, when in school, on school grounds or when otherwise under school supervision, if there is a reasonable suspicion that the place or thing to be searched contains prohibited contraband, material that would pose a threat to the health, safety and welfare of the school population, or evidence that there has been a violation of the law, Board policy, or school rules. The scope and extent of searches must be reasonable in relation to the nature of the suspected evidence, contraband or dangerous material and to the grounds for suspecting that it may be found in the place or thing being searched.[1][2][3][4]

The district has a compelling interest in protecting and preserving the health, safety and welfare of the school population, which under certain circumstances may warrant general or random searches of students and their lockers, vehicles or other belongings without individualized suspicion, for the purpose of finding or preventing entry onto school property of controlled substances, weapons or other dangerous materials.[5][6][7]

Delegation of Responsibility

The Board authorizes the administration to conduct searches of students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions in accordance with the standards set forth in this policy.

The Superintendent or designee, in consultation with the district solicitor, shall develop guidelines and procedures to implement this policy, and shall ensure that school staff who are involved in carrying out searches or determining when searches will be conducted receive appropriate periodic training about such procedures and currently applicable legal standards.[3]

Students, parents/guardians and staff shall be notified at least annually, or more often if deemed appropriate by administration, about the standards and procedures in effect pursuant to this policy.

Guidelines

Individualized Suspicion Searches

Students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions, may be searched without a warrant when in school, on school grounds or when otherwise under school supervision, if there is a reasonable suspicion that the place or thing to be searched

contains prohibited contraband, material that would pose a threat to the health, safety and welfare of the school population, or evidence that there has been a violation of the law, Board policy, or school rules. The scope and extent of searches must be reasonable in relation to the nature of the suspected evidence, contraband or dangerous material and to the grounds for suspecting that it may be found in the place or thing being searched.[3]

In determining whether reasonable suspicion exists, the principal or designee always should be able to articulate what is being looked for, and why it is thought to be located in the particular place to be searched. The scope of a search should be limited to the place or places the item sought is believed to be.

Examination by school staff of text messages, call logs, files, images or other data contained in a student's mobile telephone or other electronic device, without the student's consent, normally constitutes a search that must be justified by reasonable suspicion that material in violation of law, district policy or school rules, or evidence of such a violation, is contained in the particular files, directories or other data locations being examined in the device.

Random or General Searches Without Individualized Suspicion

Under certain circumstances, random or general searches of students and their belongings, including student lockers or vehicles parked on school property, may be conducted during the school day or upon entry into school buildings or school activities, in the absence of suspicion focused on a particular student or students, for the purpose of finding or preventing entry onto school property or activities of controlled substances, weapons or other dangerous materials. Such searches normally will be conducted in a minimally intrusive manner using screening methods such as dogs or other animals trained to detect controlled substances, explosives or other harmful materials by smell, as well as metal detectors and other technology. When such screening methods provide a reasonable suspicion that particular students, items or places possess or contain controlled substances, weapons or other dangerous material, screening may be followed by physical searches of those particular students, items or places on an individualized basis.

General or randomized searches must apply to all students or a randomized selection, such as every tenth student.

Random or general searches for weapons or other dangerous devices may be conducted when there are circumstances, information or events tending to indicate increased likelihood that students may be armed or headed for physical confrontation or as a continuation or escalation of a prior incident, in or out of school.

Random or general searches for controlled substances may be conducted when there are circumstances, events or information tending to indicate significant drug use, possession or trafficking among students in school.

Random or general searches not based on individualized suspicion must be approved in advance by the Superintendent or designee, in consultation with the district solicitor. Coordination with law enforcement officials will be accomplished as provided in the memorandum of understanding with the applicable law enforcement agency.[8]

Searches Upon Consent

Searches may be conducted at any time, with or without reasonable suspicion, if the student has given knowing and voluntary consent specific to the place to be searched.

The administration may establish rules and procedures governing certain privileges enjoyed by students, such as the privilege of parking a vehicle on school grounds, that make the student's consent to random searches or inspections a condition of access to the privilege.[6]

Searches by or at the Request of Law Enforcement Officials

The legal standards governing searches initiated by school officials are less strict than the standards applicable to law enforcement authorities in many situations. When searches of students, student belongings, vehicles or lockers are conducted by or at the request of law enforcement officials, with or without the involvement of school staff, the law enforcement officials are solely responsible for ensuring that a warrant has been issued or that the circumstances otherwise permit the search to be lawfully conducted in accordance with the standards applicable to law enforcement actions. School staff will not interfere with or obstruct searches initiated by law enforcement, but may assist when law enforcement officials have requested such assistance

and have represented that a warrant has been issued or that they otherwise have proper authority for a lawful search.[8]

Locker Inspections and Searches

Lockers are assigned to or otherwise made available to students as a convenience for the safe storage of books, clothing, school materials and limited personal property, and to facilitate movement between classes and activities and to and from school. Such lockers are and shall remain the property of the school district, and to the extent students have any expectation of privacy of lockers at all, it is very limited.

No student may place or keep in a locker any substance or object that is prohibited by law, Board policy or school rules, or that constitutes a threat to the health, safety or welfare of the occupants of the school building or the building itself. Students are required to ensure that their lockers do not contain spoiled food items or beverages, or soiled clothing which may attract pests, create odors or cause unhealthy conditions. A student locker may be opened and inspected for cleanliness, with or without the consent of the student, whenever there are odors, pests or other indications that a locker contains spoiled food, soiled clothing in need of laundering or similarly unhealthy matter.

Students are exclusively responsible for locking their assigned lockers to ensure the security of their personal belongings and school property entrusted to them. Students are permitted to secure their assigned lockers only with locks provided by the district, or if the district does not provide locks, personal combination locks for which the combination has been provided to designated school staff.

Prior to an individual locker search or inspection, the student to whom the locker is assigned shall be notified and be given a reasonable opportunity to be present. However, when there is a reasonable suspicion that a locker contains materials which pose a threat to the health, welfare or safety of the school population, student lockers may be searched without prior notice to the student.

The principal or a designated staff person shall be present whenever a student locker is inspected for cleanliness or is searched. The principal or designee shall maintain written records of all occasions when a locker is searched or inspected. Such records shall include the reason(s) for the search, persons present, objects found and their disposition.

Searches Involving Removal of Clothing or Examination Beneath Clothing

Searches of students involving the removal of undergarments or examination beneath undergarments are subject to stricter standards than are required to justify other searches of a student's person or belongings. Such searches are permitted only when the basis for suspicion establishes either:

1. That the reasons for believing that the items being searched for are concealed specifically inside undergarments are stronger reasons than grounds that would support only a more general reasonable suspicion that the student is in possession of the items or has them somewhere on the student's person; or,
2. That the quantity or nature of the items being sought present a higher level of danger to the school population than other kinds of contraband.

Searches involving the removal of or examination beneath any clothing of a student, other than jackets, coats or other outerwear, shall be conducted only by a staff person of the same gender as the student, with at least one (1) other staff person of the same gender present as a witness, and in a location assuring privacy from observation by persons not involved in the search or of the opposite sex.

Searches involving the removal of undergarments or examination beneath undergarments will be conducted only after consultation with the district solicitor.

Handling and Disposal of Items Found in the Course of Searches

Any items or material found during a search or inspection, the student's possession of which is in violation of law, district policies or school rules, or otherwise is evidence of such a violation, may be confiscated, and may be used as evidence in student discipline proceedings or a criminal investigation, even if such items or material were not the original objective of the search or inspection.

The principal shall be responsible for ensuring that confiscated items or material are properly inventoried and secured until the conclusion of disciplinary action, if any, and are then properly disposed of if not appropriate to be returned to the student. Items or materials that are evidence of a criminal offense, or that are not lawful for ordinary citizens to possess will be promptly turned over to proper law enforcement authorities for custody or disposal.

The Board may require participation in drug counseling, rehabilitation, testing or other programs as a condition of reinstatement into the school's educational, extracurricular or athletic programs resulting from violations of this policy.

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[8][9][10][11][12][13]
