At WAMS, we believe every student has the ability to Level Up and make a positive impact on our school community. Our goal is to provide a safe, supportive, and engaging learning environment where students are challenged academically, encouraged to explore new opportunities, and inspired to reach their fullest potential. Together, we will build meaningful relationships, celebrate successes, learn from challenges, and create lasting memories.

This Student Handbook serves as a valuable resource for students and families. Inside, you will find the expectations, procedures, and guidelines that help our school operate successfully and ensure a positive learning environment for everyone. We encourage you to read this handbook together and refer to it throughout the year. By understanding and embracing our shared expectations, we can create a school culture built on respect, responsibility, safety, and accountability.

Student success is strongest when schools and families work together. We ask every student to arrive each day prepared to learn, ready to contribute, and committed to making positive choices. We also encourage our families to stay actively involved through regular communication with teachers, counselors, and administrators. Your partnership is an essential part of helping every student thrive both academically and personally.

Middle school is an exciting time of growth, discovery, and opportunity. We are committed to helping every student develop the confidence, character, and skills needed for success in Middle School, High School and beyond. Whether in the classroom, on the stage, on the field, or through service to others, we encourage each student to challenge themselves, embrace new experiences, and take pride in being a member of the WAMS community.

Thank you for entrusting us with your child's education. We are honored to be part of this important journey and look forward to a year filled with learning, growth, achievement, and celebration.

School Attendance Improvement Conference (SAIC) –
District staff shall notify the person in parental relation in writing and by telephone of the date and time of the SAIC. [31]

The following individuals shall be invited to the SAIC: [8]

1. The student.
1. The student's person in parental relation.
2. Other individuals identified by the person in parental relation who may be a resource.

Student is Habitually Truant –
When a student under fifteen (15) years of age is habitually truant, district staff: [32]

1. Shall refer the student to:

When a student fifteen (15) years of age or older is habitually truant, district staff shall: [32]

1. Refer the student to a school-based or community-based attendance improvement program; or
2. File a citation in the office of the appropriate magisterial district judge against the student or the person in parental relation who resides in the same household as the student.

District staff may refer a student who is fifteen (15) years of age or older to the local children and youth agency, if the student continues to incur additional unexcused absences after being referred to a school-based or community-based attendance improvement program, or if the student refuses to participate in such program. [32]

Regardless of age, when district staff refer a habitually truant student to the local children and youth agency or file a citation with the appropriate magisterial district judge, district staff shall provide verification that the school held a SAIC. [32]

Filing a Citation –
A citation shall be filed in the office of the appropriate magisterial district judge whose jurisdiction includes the school in which the student is or should be enrolled, against the student or person in parental relation to the student. [33]

Additional citations for subsequent violations of the compulsory school attendance requirements may only be filed against a student or person in parental relation in accordance with the specific provisions of the law. [33]

Special Needs and Accommodations

If a truant or habitually truant student may qualify as a student with a disability, and require special education services or accommodations, the Director of Special Education shall be notified and shall take action to address the student's needs in accordance with applicable law, regulations and Board policy. [16] [34] [35] [36]

For students with disabilities who are truant or habitually truant, the appropriate team shall be notified and shall address the student's needs in accordance with applicable law, regulations and Board policy. [16] [34] [36]

Discipline

The district shall not expel or impose out-of-school suspension, disciplinary reassignment or transfer for

truant behavior. [31]

West Allegheny Reinvesting In School Engagement (R.I.S.E) Program

The Reinvest In School Engagement (RISE) Program is designed to address loss of instructional time and to improve chronic absenteeism and tardiness among students across the district. This program provides a supportive, structured environment outside regular school hours to help students develop positive attendance habits and academic responsibility. The program may also serve as a court-mandated intervention. When chronic absenteeism or habitual unexcused absences results in legal proceedings, a magistrate has the authority to require student participation in the RISE Program as part of a legal directive. This measure underscores the district's commitment to improving attendance and provides students with an opportunity to address attendance concerns in a constructive, educational setting, rather than facing more punitive consequences.

Program Structure

- Afternoon sessions are held on Tuesdays, Wednesdays, and Thursdays at a designated location in each school.
- Each session runs for one and a half hours, with high school and middle school sessions from 2:45 – 4:15 PM, and elementary sessions from 3:30-5:00 PM.
- The program is assigned to students who have demonstrated chronic absenteeism (8-10% of school days and/or 3 unexcused absences) and/or habitual tardiness (3 unexcused tardies), based on school attendance records.
- Participation may be school assigned (by referral from teachers, counselors or administration) or court mandated (as a progressive consequence for repeated absences).
- Parents/guardians are responsible for arranging transportation to and from the RISE program. Students who attend in-person classes will report to the designated location following school dismissal.
- Students will be expected to attend two sessions for each unexcused absence. Students will be expected to attend two sessions for every 3 unexcused tardies.
- Students are expected to attend administrative assigned sessions as an opportunity for diversion from truancy proceedings and as a means for advocacy if a truancy hearing with the magistrate is scheduled.
- Attendance and performance for students that are court mandated will be reported to the local magistrate.
- Successful completion of RISE does not eliminate Unexcused Absence.

Student Expectations

- Arrive on time and sign in with the session monitor. Students that arrive late to the session will not be admitted and rescheduled for a full session.
- Bring all necessary materials (Chromebook, charger, notebooks, and writing utensils).
- Create a checklist (3-5 items) on the top of your reflection activity to prioritize your work.
- Complete academic work, attendance reflection activities, and set goals for improved attendance. Goal sheets are to be collected by program staff prior to the end of a session.
- Phones and personal electronic devices are to be surrendered at the beginning of each session and returned at the end.
- Remain in assigned seats and actively engaged in coursework. Request assistance from program staff as needed.
- Follow directions from program staff and adhere to the Student Handbook at all times. Failure to adhere to program expectations may result in additional days of assigned time or progression through assignment of disciplinary consequences.
- At the elementary level, students will be signed out at the end of each session.
- Students are not permitted to attend after school activities until they have attended their assigned session for that day (ie. If a student doesn't show up for an assigned session, they may not participate in or be a spectator at an extracurricular event for that day).

School Resource Officers

Each school building in the district is staffed by a School Resource Officer (SRO) in partnership with the police department located in its corresponding township. School Resource Officers are specially trained to provide safety and response to each school building. Duties of the SRO include hosting informal sessions on various health and safety related topics, delinquency prevention, school security, and law enforcement, when necessary.

WAMS Pride Program
PRIDE IN MYSELF, PRIDE IN MY SCHOOL

The WAMS Pride Program is our School Wide Positive Behavior Intervention & Support (SWPBIS) Program. This program teachers, reinforces, and recognizes the positive behaviors we expect from all our students and provides interventions and supports for students who are struggling to meet these expectations. Our students are expected to behave in a manner that is safe, responsible, and respectful in all areas in our school and on the bus. When students are observed following these expectations, they are awarded with WAMS Pride tickets that are placed on display on our WAMS Pride board. When the board is full, students have an opportunity to win prizes. Our WAMS Pride Program currently focuses on promoting positive behavior in the hallways, cafeteria, classrooms, assemblies and on the bus. The WAMS Pride team of teachers and students is responsible for many fun activities and special events at WAMS including Pep Assemblies and Golden Ticket Week.

Our WAMS Pride Program theme is "Pride in myself, Pride in my school."

Student Discipline

The Board recognizes that student conduct is closely related to learning. An effective educational program requires a safe and orderly school environment. The West Allegheny School District **Student Discipline Policy #218** was revised in June, 2024. Please review the policy in its entirety in the Appendix Section of this handbook.

Student Code of Conduct

West Allegheny School District believes that it is essential for our schools to provide a safe and supportive atmosphere that is conducive to learning. Students must be able to work together and to accept and share responsibilities. While discipline begins in the home, the school provides reinforcement and continued opportunity for students to learn self-discipline and behaviors appropriate for becoming responsible citizens and living productively in our society.

West Allegheny's approach to student discipline is corrective and intended to modify the inappropriate behavior. Maintaining appropriate standards of discipline in the West Allegheny School District is essential to the establishment of a safe and orderly educational environment where students can learn. The Student Code of Conduct will be interpreted by the administration and their designees in a manner which they deem just, given the circumstances of the individual case. Additionally, students must understand that administrators shall have the authority to enforce other reasonable disciplinary actions which they find warranted by situations not covered specifically (including limiting student participation/attendance in extracurricular school- based events/special assemblies/programs aimed at rewarding positive student effort and performance).

Discipline issues arise for a variety of reasons and in varying degrees of frequency and severity. The general sequence presented here is not intended to be rigidly followed. The actual sequence of disciplinary action may vary depending on the individual case and the process will be initiated at the step deemed appropriate. In general, these steps are followed:

1. Teacher and student address issue

2. Teacher and parent/guardian address issue

3. Teacher, counselor, parent/guardian and/or student meet to address issue

4. Principal, parent/guardian, student, and other school personnel are involved to address issue

5. School officials, parent/guardian, student, and social service agencies are involved to address issue

6. An administrative review occurs with the principal

7. A superintendent's review occurs with the administrative staff, the superintendent or designee

8. School Board hearing

Misbehaviors and their interventions are categorized across four levels according to degree of seriousness and frequency of occurrence. Each school may have additional guidelines for student behavioral expectations as part of a positive behavior intervention and incentive system.

Level I

Level I offenses include minor misbehaviors on the part of the student which are disruptive and impede classroom procedures and learning or that interfere with the orderly and safe operation of the school. These misbehaviors are expected to be addressed by the individual teacher or staff member who observes the incident but may require the intervention of an administrator. An accurate record of the offense, corrective and intervention supports, and disciplinary action must be maintained by the teacher or staff member.

Repeated instances of Level I behavior, despite redirection or intervention, may constitute a violation at a higher level with referral to an administrator.

Examples of Level I Violations Including but not Limited to:

• Disrespectful actions or language towards peers, adults, and/or property
• Classroom disruptions and violations of classroom procedures established by the teacher, which may include tardiness to class, disruptive behavior, failure/refusal to follow directives 50

These infractions can result from the continuation of Level I misbehaviors and/or include new offenses. The educational consequences are serious enough to require disciplinary action taken by administrative personnel. Repeated or more serious instances of misbehavior at this level raise the offense to a higher level.

Behavioral Expectations

The West Allegheny School District prides itself on providing safe and supportive school cultures. To that end, the District is focused on creating a safe and supportive learning environment where all students can focus on their education in a space free from disruption. In an attempt to limit disruptive behaviors the District will closely monitor and enforce policies and procedures regarding dress code, cell phones and other electronic devices, class tardies, and skipping. Progressive consequences for disruptions related to these items may include but are not limited to after school detention, in-school suspension, out-of-school suspension and activity restrictions. Please closely read your child's student handbook to familiarize yourself with policies and procedures related to these violations and an understanding of processes related to the various levels of consequences.

Dress Code:

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The West Allegheny School District **Dress and Grooming Policy #221** was revised in June, 2024. Please review the policy in its entirety in the Appendix Section of this handbook.

A student's manner of dress, appearance and hairstyle is the basic responsibility of the student and his/her parents. However, it is the responsibility of the school to stress decency, cleanliness and appropriateness of dress for school as a protection to all students within the school district. As a means toward addressing that goal, the following guidelines are to be followed:

Students in violation of the dress code policy will be asked to correct the violation and face consequences in alignment with the Student Code of Conduct.

Please Note: **ID Badges must be with students at all times and a $5.00 replacement fee will be charged if lost.**

We believe that the students at West Allegheny School District possess the ability to practice good judgment and good grooming. Students are encouraged to select shoes with safety in mind.

In accordance with our district's mission statement, we hope we are inspiring responsible young adults and citizens. As a result, they hopefully will realize their collective appearance should reflect with pride and honor on the public image of the West Allegheny School District.

Students will be given the opportunity to correct the situation with warnings. Continual violation of the dress code will result in consequences that will follow the discipline plan for the building and district. All school rules will be in line with the Student Code of Conduct and will be enforced.

Student ID Badge

All students are required to have ID badges with them at all times. They must be shown and used in the cafeteria, library and for after school events. A new ID can be purchased in the main office for
$5.00 cash. Students who do not have their ID 3 times or more when purchasing lunch will be assigned a lunch detention. This keeps the lines moving quickly and allows students more time to enjoy their lunch.

Change of Address

If your contact information has changed, including email, phone number, emergency contacts, etc., please inform the office or Guidance Department. A change of address must go through the Student Services Office Clerk and requires proof of residency.

Work Permit

A work permit may be obtained at the main office. The completed application, including a parent and/or guardian signature, should be returned to the office clerk for final processing. A copy of the birth certificate is not necessary if filed with West Allegheny High School. Please allow 48 hours for completion of the work permit.

Student Insurance

The school district has authorized an insurance agency to provide student accident insurance at a reasonable rate. Policy information can be obtained in the main office and may be purchased any time during the school year. All policies will continue until the same date of the following year. In general, coverage under this program is provided for all injuries incurred in school activities except VARSITY FOOTBALL. Athletes in all varsity sports, except varsity football, are urged to subscribe to this policy. Any time a student is injured in class or a school event, an accident form must be filed with the office or nurse.

If the investigation results in a substantiated finding of hazing, the investigator shall recommend appropriate disciplinary action up to and including expulsion, as circumstances warrant, in accordance with the Code of Student Conduct. The student may also be subject to disciplinary action by the coach or sponsor, up to and

including removal from the activity or organization. The fact of whether a student qualified for and received safe harbor under a criminal investigation shall be considered in assigning discipline.

Nonstudent Violators/Organizational Hazing -
If the investigation results in a substantiated finding that a coach, sponsor, or volunteer affiliated with the student activity or organization engaged in, condoned or ignored any violation of this policy, the coach, sponsor, or volunteer shall be disciplined in accordance with Board policy and applicable laws and regulations. Discipline could include, but is not limited to, dismissal from the position as coach, sponsor, or volunteer, and/or dismissal from district employment.

If an organization is found to have engaged in organizational hazing, it shall be subject to the imposition of fines and other appropriate penalties. Health Guidelines

All parents must have on file at the school, their home telephone number, cell phone number, and their business telephone number as well as an adult's alternate telephone number. Please check your child's PowerSchool information to ensure that all parent contact information is correct. Please make sure that Emergency Contact names and phone numbers are listed in the Emergency Contact section and that the information is correct.

At the beginning of each school year, parents should notify the school nurse if their child has any medical problems of which school personnel should be aware.

It is advisable to keep a student home from school if he/she has an above normal (98.6) temperature.

Medical and dental exams are required for all students. At the middle school, the following exams are administered as required by Pennsylvania School Health Law:

Annually – Vision, Height, Weight
Grade 6 – Medical Exam
Grade 7 – Dental and Hearing Exams

No medication will be administered in school except by the direct order of a physician. If medication is essential to the daily function of the child:

- Medication must be brought to school in properly labeled containers indicating the student's name, name of physician, date of prescription, name and phone number of pharmacy, name of medication, dosage and frequency of administration.
- The school must have on file written permission from the parent for the administration of medication.

Any medication found on a student without the above notices will not be given to the child.

Any child falling and bumping his/her head may be taken home by the parent/guardian for observation and/or necessary action.

Only injuries occurring on school property during school hours will be given first aid. Injuries occurring elsewhere must be taken care of by the parents/guardians.

Any child who has been excluded or who has been absent from school for having pink eye, impetigo,

pediculosis (lice), ringworm or any contagious disease may be required to provide a recovery note from a physician. Periodic checks may be made for the above conditions.

Parents/guardians or their designees are responsible for picking up their children when they are sick or injured at school. Serious emergency cases will be handled:

The student and his/her parents must meet with the Student Support Team before the student is readmitted to school.

Visitors

During the 2016-2017 school year, the West Allegheny School District launched the use of the *Raptor Visitor*

Management System. The use of the system is intended to maximize operational efficiency, which aligns with Priority 3 of our Framework for Excellence: Financial Responsibility and Operational Efficiency, *Ensure Effectiveness of Crisis-Safety Response and Emergency Operations Plan.* Raptor verifies the identity of visitors, checks their status against national and local databases, and issues photo identification. These precautions are yet another layer used to ensure the safety of our students and staff.

When entering a District school/office, all visitors must present a valid state or government-issued ID, which will be scanned into the Raptor system. Upon reading the information, Raptor will check the national database to identify sex offenders and a District database for the individual involved in Protection from Abuse (PFA) and custody orders. It is important to note that the Raptor System only scans the visitor's name, date of birth and photo that additional visitor data from the driver's license is not gathered nor is the system connected to any other system such as the Department of Motor Vehicles. Therefore, any other information connected to the visitor's driver's license is not accessible to any of the users. Once entry is approved, Raptor will issue a badge that identifies the visitor and includes a photo, the date and the purpose of his/her visit. This photo ID should be visible throughout the visit and should be returned to the office when the visitor leaves. In the event that a positive match occurs, building and district administration will be notified via the Raptor System.

Due to school safety, student visitors from other schools or West Allegheny graduates are NOT PERMITTED.

Technology Acceptable Use Policy and Guidelines for Personal Electronic Devices

Internet users are expected to access the Internet and World Wide Web as an educational resource. The Internet and World Wide Web are available in the district as a resource to promote and enhance the educational experience. Grading

Developing meaningful, fair grading practices is a universal goal for teachers and administrators. The establishment of guidelines serves as a foundation for enhancing sound decision making regarding grading procedures amount teachers. Guided by professional literature and student/parent/teacher/administrative collaboration, this policy, along with supporting guidelines, is intended to identify the guiding principals of the West Allegheny School District grading and reporting system in order to promote district-wide, consistent implementation.

When viewing your child's progress through PowerSchool, the quarterly grades will be weighted in math, science, and social studies in the same manner. Grades in ELA will be weighted differently. Please refer to the Middle School Program of Studies for more detailed information. In math, science, and social studies, homework and any assignment that is graded for completion will make up 15% of the final grade. Assignments and assessments that are graded for accuracy will make up 85% of the final grade. Advanced courses, including Algebra I, Geometry, Spanish, and German, are weighted. A student earning an A in these courses will receive 4.5 quality points, Bs will earn 3.5 quality points, C's earn 2.5 quality points, and D's earn 1 quality point. These calculations will be done automatically for you through the PowerSchool program.

Grading Scale and Procedures

*The weighted courses include Algebra, Geometry, Spanish I and German I.

Lowest Percentage for F Grades:

If a student earns less than 50% on any graded assignment that he or she attempted to complete, the grade entered into the grade book should be rounded up to 50%. The rationale for this practice is guided by the fact

that other letter grades — A, B, C and D — are broken down in increments of 10 from 60 to 100, but there is a 59-point spread between 59% and 0, a gap that can often make it mathematically impossible for some failing students to ever catch up. The adjustment to 50% is intended to encourage student performance, increase motivation and to give students the opportunity to experience success.

Determination of Final Grades:

The four (4) nine-week grades shall be averaged into the student's final grade. Each quarter is weighted equally. Constancy in grading procedures is key to success across all grade levels. This also promotes CONSISTENCY for teachers, students, and parents at each grade level. The final grade for a student will be determined using one of two methods, quality points or percentages. Examples are provided below.

When using quality points to determine a final grade, the following scale will be used:

A = 3.51 – 4.0

B = 2.51 – 3.49
C = 1.51 – 2.49

D = .51 – 1.49

F = 0 - .49

*(When quality points are averaged to 0.5, 1.5, 2.5 or 3.5, total points will be used as a tiebreaker.)

EXAMPLES of QUALITY POINTS

The FINAL grade for a student will be an average based on a letter grade point system. Grades – not percentages – are what determine a final grade for a student.

Example 1:			**Example 2:**			**Example 3:**		
1st Q	A	4	1st Q	B	3	1st Q	A	4
2nd Q	C	2	2nd Q	B	3	2nd Q	B	3
3rd Q	B	3	3rd Q	C	2	3rd Q	A	4
4th Q	A	4	4th Q	B	3	4th Q	B	3
FINAL	13/4= 3.25 B		**FINAL**	11/4 = 2.75 B		**FINAL**	14/4 =3 .5**	

** (This example is between a B and C. Teachers must use total points for the year to decide the grade. This method should be used if calculations are at .50, 1.50, 2.50 and 3.50.)

EXAMPLES of PERCENTAGES

When determining the average, teachers should round according to the rules of mathematics unless at 59.5%, 69.5%, 79.5% or 89.5%. Then total points are to be used as a tiebreaker.

1ST Q	93%	A
2ND Q	84%	B
3RD Q	92%	A
4TH Q	86%	B
FINAL	355/4	88.75% B
1st Q	83%	B
2ND Q	76%	C
3RD Q	77%	C
4TH Q	82%	B
FINAL	318/4	79.5% **

**Examine total points to determine final grade

Students with three (3) F's will fail automatically unless the following condition is met: The teacher, upon reviewing the student's total year performance believes that the student in question has met the MINIMUM criteria for passing and the principal, upon reviewing each individual case, authorizes the passing grade.

PROGRESS REPORTS

Students receive Report Cards every nine weeks. At the mid-point of each grading period, Progress Reports are posted to PowerSchool. Parents may also check their child's progress via PowerSchool at any time.

EXTRA CREDIT

Extra credit has to be related to the curriculum and should provide meaningful academic enrichment opportunities. Students should not be penalized if they cannot make evening or weekend activities; they should be given an alternative assignment to count toward extra credit. If parents are to sign a student test for extra credit points, students are to correct test mistakes. If a teacher chooses to use extra credit, it should be limited to raising the 9 week average to no more than 3%. A final 9 week grade cannot exceed 100%.

HONOR ROLL

Highest Honors - 4.0 and higher

High Honors - 3.5 - 3.9

Honors - 3.0 - 3.4

Students who maintain honor roll status will be awarded special recognition during an awards assembly and/or Honor's Night at the end of the school year.

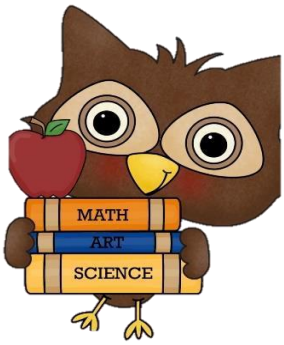
Under academic achievement, the Board Policy states "people have diverse capabilities and interests and individual patterns of growth and learning." Thus, adaptations for instruction that addresses individual learning difficulties of students are to be in evidence.

Final Exams

Core content (ELA, Mathematics, Science, and Social Studies) teachers are required to administer a final exam or end of course performance-based assessment (PBA) for each course. All students in a course must be given a consistent final/PBA, regardless of the teacher or section. All final exams will be designed to last one class period and will count for 10% of the fourth quarter grade.

Homework

Homework is an integral part of learning and should reflect student needs, capabilities, and/or interests. Homework provides opportunities for students to prepare for, practice, apply, integrate, enrich, and extend school learning; to reinforce work-study skills; to effectively use school/community resources; and to develop self-discipline.



Teachers assess homework according to district guidelines. Students are responsible for completing assignments according to the teacher's established criteria. Parents/guardians are responsible for providing the work area, time, and conditions necessary for the student to successfully complete homework assignments. The administration recommends that homework not be used as a grade to determine proficiency of the completed assignment, but rather as a grade to assess whether the student has completed or not completed the assignment. Additionally, the administration recommends that homework be used as an effective, positive, reinforcement technique.

The West Allegheny School District **Homework Policy #130** was revised in March, 2024. Please review the policy in its entirety in the Appendix Section of this handbook.

Promotion and Retention Guidelines

Grade level retention should be thought of as the intervention of last resort. An informed decision-making process considering the individual circumstances of each student must be established. It is important to try a wide range of interventions and services before retention is considered. Adaptations should accommodate the learning style, developmental level, and cognitive ability of each learner. It is equally important to accurately record the level of success achieved with each intervention program and strategy utilized. Making the correct retention decision is the first step toward helping at-risk students. Specific criteria for middle

school retention recommendations are listed below.

A student will be required to attend summer school and earn a passing grade or be retained if he/she fails English Language Arts, Mathematics, or Science and Social Studies. Summer school sessions are available through the West Allegheny Virtual Academy. Parents may choose to have required course work completed at their expense in an approved, non-district sponsored program. Prior to enrolling in a non-district sponsored program for credit/course recovery, please seek approval of courses form the WAMS Guidance Office. Students who have already failed on year will be re-evaluated by the school principal in terms of maturation, his/her potential abilities and other pertinent factors that may result in a social promotion.

Homebound Instruction

Homebound education is defined as carrying the public-school program into the home through the visiting teacher. The primary purpose of the program is to help the physically handicapped child and those students with extended absences due to illness or injury to maintain the continuity of their class work.

The District shall provide homebound instruction to students confined to home or hospital for physical disability, illness, injury, urgent reasons, or when such confinement is recommended for psychological or psychiatric reasons. The period of homebound instruction for an individual shall not exceed three (3) months.

HOMEBOUND INSTRUCTION - POLICY 117

Authority

The district shall provide homebound instruction to students confined to home or hospital for physical disability, illness, injury, urgent reasons, or when such confinement is recommended for psychological or psychiatric reasons. The period of homebound instruction for an individual shall not exceed three (3) months. [1] [2]

Delegation of Responsibility

Application for homebound instruction shall certify the nature of the illness or disability, state the probable duration of the confinement, and be approved by the Superintendent or designee. [1] [2]

The Superintendent or designee shall develop procedures to safeguard the privacy of each child placed on homebound instruction.

The Superintendent or designee may request approval from the Department of Education to extend the period of homebound instruction for an individual, which shall be re-evaluated every three (3) months. [1]

Guidelines

The district shall provide homebound instruction only for those confinements expected to last at least ten (10) school days. Exceptions may be approved by the Superintendent or designee.

The program of homebound instruction provided to each student shall be in accordance with the standards

established by the state.

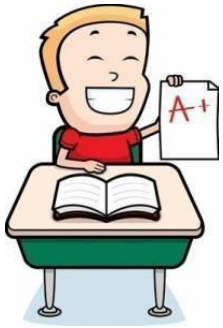
The district reserves the right to withhold homebound instruction when any one (1) of the following occurs:

1. The instructor's presence in the place of a student's confinement presents a hazard or danger to the health of the teacher.

2. A parent/guardian or other adult in authority is not present with the student during the hours of instruction.

3. The condition of the student precludes any benefit from such instruction.

Academic Integrity



The West Allegheny Middle School is committed to encouraging strict standards of academic integrity and committed to helping students develop intellectually, creatively, and ethically. Academic integrity is a shared partnership between administrators, teachers, students and parents to ensure that the standard of academic honesty leads to higher levels of performance by providing challenging critical thinking opportunities. Therefore, any kind of academic fraud such as cheating, plagiarism, helping others to cheat or participating in academic misconduct is prohibited. Those students who violate the school's standard for academic integrity will be subject to the following consequences if concurrent within the calendar school year:

First Offense in any subject area: a zero on the assignment with the possibility for partial recovery not to exceed 50% of the assignment provided the student meets the expectations of the teacher. Parent contact made by teacher. Teacher notifies administration (Level I within the Student Code of Conduct).
Second Offense in any subject area: a zero on the assignment with no point value recovery and a discipline referral (Level II within the Student Code of Conduct) to the administration. Parent contact made by teacher and administration.
Third Offense in any subject area: a zero on the assignment, a discipline referral (Level II within the Student Code of Conduct) to the administration, and a failing grade for the nine weeks in the class where the third offense took place. Parent contact made by teacher and administration.

It is the responsibility of all students to maintain academic integrity with regard to class assignments, tests, and any other graded course requirements. Thus, cheating, plagiarism, and/or knowingly assisting another student to violate academic integrity are all violations of the above mentioned.

Athletics and Activities Eligibility Policy – High School and Middle School

Determining Eligibility

1. The initial student roster for each extra-curricular sport/arts area shall be submitted to the high school guidance office or middle school main office before rosters are announced and the practices/rehearsals begin for that 'season' to verify that each student is academically eligible to begin participation if selected.

2. An accurate student roster for each area shall be included on the weekly eligibility list provided to all

teachers.

3. Students who are home-schooled or cyber- schooled, attend Parkway Vo-Tech, or are placed in a private school shall provide weekly documentation verifying eligibility.

GRADES
STEP 1: A student on the weekly eligibility list who has an 'F' grade reported for any subject shall be formally informed with a 'warning' and shall have one week to bring it up to 'passing', defined as a 'D' or higher. The appropriate head coach/director shall notify parents expeditiously.
Students are required to attend mandatory study hall starting with the first week on the eligibility list.

STEP 2: If the student appears on the eligibility list for two consecutive weeks in a row in the same subject there will be an extra week added on for the first week status. Consecutive appearances on the list in the same subject will be for one week only-no warning week extension. Mandatory study hall is required.

STEP 3: If a student does not bring that subject's grade up to at least 'passing' as indicated by a second 'F' grade reported the subsequent week, the student shall be suspended from competing/performing but shall be permitted to practice. The appropriate head coach/director shall notify parents expeditiously.

STEP 4: If a student does not bring that subject's grade up to at least 'passing' as indicated by a third 'F' grade reported the subsequent week, the student shall be suspended from both practicing/rehearsing and competing/performing. The appropriate head coach/director shall notify parents expeditiously.

STEP 5: If a student does not bring that subject's grade up to at least 'passing' as indicated by a fourth 'F' grade reported the subsequent week, the student shall be suspended from participating for the balance of that team/activity/organization's season. The appropriate head coach/director shall notify parents expeditiously followed by written confirmation from the principal.

This five-step sequence shall be applied to each initial 'F' grade reported. A student who receives an 'F' grade as the final grade for a course at the end of second semester shall be placed on 'STEP 2' until completing a week of school in session without an 'F' grade reported for any another course.

An 'F' grade shall be cumulative for each subject for each season. A student receiving a second 'F' grade in the same subject at any subsequent point during that season shall be placed on the next step which the last 'F' grade was raised to eligible status.

ATTENDANCE
The existing high school and middle school attendance policies shall apply.

A student that has been absent for **20** or more days in a given semester shall be ineligible to participate until he/she has attended school for a total of **45** days documented from the first day in attendance in the subsequent semester. Four (4) unexcused tardies shall be the equivalent of one unexcused absence. This policy also applies from the second semester to the next year's first semester. Days spent on 'out of school' suspensions are counted as 'absent'. (Based on PIAA policy applied at WA to all extra-curricular athletic, arts or other activities and organizations.)

INTERVENTION

Each student shall continue to be informed of and have access to the existing Academic Time-Out policy.

Students who have received a second and third notification concerning an 'F' grade in a given subject shall be required to attend a study session each day, Monday through Thursday, from 2:35-3:30 pm staffed by a District employee. Students may be released for verified tutoring with another teacher.
Students are required to attend mandatory study hall starting with the first week on the eligibility list.

Students with an unexcused absence from a study session must attend a make-up study session the next week. Eligibility status shall not be restored until all missed sessions are made up, even if the 'F' grade itself has been raised.

Each head coach/director shall be responsible to assist in monitoring the academic progress of their students. Final eligibility status shall be determined by the building principal in conjunction with Athletic Director and Fine Arts Coordinator.

Reminder!

Students must be in attendance by 8:00 AM to participate in athletic practices and competitions, musical programs, as well as ALL OTHER extracurricular activities. The only exception to the 8:00 AM arrival time is for a medical or dental appointment. Students must have written verification on a printed form from the doctor/dentist office to participate. Students are not permitted to leave early without prior permission from an administrator or they will not be permitted to return for practice, competitions, musical programs or other extracurricular activities.

<u>Activity Restriction</u>

The principal(s) and/or designee may place a student on activity restriction for a period of time up to a full school year as a result of failing academic performance, misbehavior on or off school premises, or a poor pattern of attendance. A student placed on activity restriction shall be excluded from participating in or attending activities beyond the regular school day and/or when school rules apply, including, but not limited to, athletic contests, art performances, school sponsored dances, and school sponsored non-curricular activities or field trips such as team reward activities/trips.

Any student who commits a Level III or IV violation, as described in the West Allegheny School District Student Code of Conduct, resulting in charges filed with local law enforcement will be placed on activity restriction for up to a school year.

In addition, any student who has been **absent more than 10% of school days** may be placed on activity restriction. Periodic attendance reviews will occur throughout the school year at times determined by the administration. Also, students who have Level II, III, or IV code of conduct violations resulting in consequences of in-school or out-of-school suspension may be placed on activity restriction.

Restriction reductions will be considered upon written request to the middle school administration from the student. Reductions may be considered on a case-by-case basis and not within the first 30 days. Reduction reviews may only occur in 30-day increments and will consist of a review of the student's discipline, attendance, and academic records, as well as any other factors as determined by the administration.

Bus Transportation

Students MUST understand that the bus driver has the authority to maintain order on the bus. Students are reminded that it is a privilege to ride the bus. The school district is not required to provide transportation. Students are only permitted to ride their assigned bus to and from school.

*Students are governed by the rules and regulations as set forth by the West Allegheny School Board. Please refer to the Transportation Handbook at the end of this student handbook.

Policy 810.2 Transportation - Video/Audio Recording

The use of video and audio recording equipment supports efforts to maintain discipline and to ensure the safety and security of all students, staff, contractors and others being transported on district-owned, operated, or contracted school buses or school vehicles. The Board authorizes the use of video and audio recording on school buses and school vehicles for safety, disciplinary and security purposes. Please review the **Transportation - Video/Audio Recording Policy #810.2** in its entirety in the Appendix Section of this handbook.

Students are governed by the rules and regulations as set forth by the West Allegheny School Board. Please refer to the Transportation Handbook at the end of this student handbook.

Picking Students Up from School

Parents must use the pick-up/drop-off student loop beside the middle school. No student is permitted to go home with anyone other than their parents without a note and approval from the office. Fire lanes are in front of the Middle School and cannot be used for parking. Students are not permitted to walk to or from school.

Parents should send a note letting the office know that they are being picked up early. If someone other than a parent is picking up your child, please include their name in the note. Children will not be released to

anyone other than the legal parent/guardian(s) listed on PowerSchool. Anyone picking up a student from school should bring their ID into the Main Office when signing out a student. Student's will not be released to anyone without an ID.

Students are not permitted to stay after school for sporting events they are not participating in. For example, students must go home before returning to school to watch a basketball game.

ID Badges

Students must have their ID badges every day. They must be visible and kept in good condition. ID badges are used in the library and in the cafeteria when purchasing lunch. Students will also be required to bring IDs to school events, such as football games, school dances, and PTA sponsored events. Students must pay for lost or damaged ID badges. They are available in the main office for $5.00. Students will be required to use their ID to purchase lunch or extra items in the cafeteria. If a student forgets their ID 3 or more times each week, they will serve a lunch detention.

Lockers

During the 2026-2027 school year, students will be assigned a locker. Students will visit their locker upon arrival to put their backpack and belongings in their locker. Students will have a schedule that they will follow on times they are permitted to go to their locker. Students are not permitted to visit their locker at non-assigned times to obtain forgotten items. All cell phones must be turned off and in lockers during the school day. Students should unpack their backpack before putting it in their locker to avoid jamming the locker. **The school is NOT responsible for lost or stolen items.**

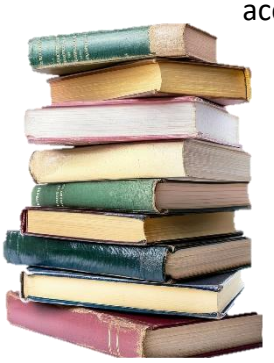
Athletes will have a location to put their sports bags upon arrival in the morning. Bags will be locked and students will not have access to athletic bags until dismissal. Students should obtain all needed belongings from their athletic bags when they drop the bag off.

Physical Education

All students are required to participate in physical education classes. If a student has an illness or injury that prohibits them from participating in physical education classes for an extended period of time, a doctor's excuse must be submitted to the office. This excuse should tell the nature of injury or illness and the length of time needed to be excused from physical education classes. The office will forward this information to the physical education teacher.

Library

The Middle School maintains a library and has a certified librarian on staff. The library is fully computerized with access to a network of other libraries' collections, online databases and a fully computerized card catalog.



Book Week and Library Week activities provide opportunities for students to purchase books and reading-related materials as well as participate in age-appropriate activities which enhance their reading skills and interests.

All materials must be returned to the proper place at the end of the class period. NO STEALING OR DESTROYING OF LIBRARY MATERIALS.

Library passes for STAR periods must be obtained from the librarian prior to the student going to homeroom in the mornings. A library pass must be signed by a teacher. FORGING OF A TEACHER'S SIGNATURE IS PROHIBITED.

Students must have their school ID to check out books from the library.

School Supplies

Students are held responsible for materials that the school loans to them. If lost, they must be replaced. These materials include Chromebooks, textbooks, calculators, and all books or materials borrowed from the library. Students will not be permitted to attend end of the year field trips until items are returned or paid for. Report cards will be withheld until all debts are paid.

Textbooks

Should it be necessary to have a textbook rebound due to wear and tear of the school year, the student will be charged a fee. All books should be covered and cared for. Students will be required to pay replacement cost for lost or severely damaged books.

E-Mail Addresses

Administration and teachers can be reached through the school e-mail network by addressing the email to: first initial last name@westasd.org (ex: John Smith – jsmith@westasd.org). Please feel free to use this e-mail service to keep good communication between home and school. It is also requested that the use of the service be used appropriately.

Canvas

Canvas is the district wide Learning Management System. Each student has a Canvas account, and each teacher maintains a Canvas page for their classes. Parents can link their own account to their child's account to view schedules, grades, and assignments. Students are encouraged to check Canvas daily to stay on top of assignments and tests. If your child is absent, they may access their work on Canvas.

PowerSchool

The West Allegheny School District utilizes PowerSchool as its student information system (SIS). PowerSchool is the tool that we use to release schedules, report cards, and other notifications for each nine-week marking period. Parents can access their student's information through their PowerSchool account.

MySchoolBucks

Families have the opportunity to create an online account with MySchoolBucks to easily pay for school-related expenses (other than food served in the cafeteria) through an online account, rather than by cash or check.

FamilyID

FamilyID is a secure platform where parents/guardians can store their child's information to easily enroll in school-related activities. Data stored on FamilyID is saved and can be auto filled so information does not need to be entered repeatedly.

Telephones

Use of the office telephone by students is for emergency and school business calls only. Students are not permitted to use cell phones to make phone calls or to send or receive text messages during school hours. If you must reach your child during school hours, please contact the main office at (724) 695-8979 for help in this matter.

Use of Vending Machines

Vending machines are for after school use only. Anyone staying for activities after school may use these machines after 2:45 PM, after all buses have left the premises.

Lost and Found

Students often lose their personal belongings. When found, the custodial department deposits these items in the cafeteria (clothing, backpacks, lunch boxes, water bottles) or office (air pods, jewelry, electronic devices). Students who report an item lost should check this lost and found area first before reporting it to the office. Families can check for lost items through the Lost & Found photo album. The album is updated weekly/bi-weekly with a photo of the item and a number. If you notice something that belongs to your child, you can email Mrs. Taddeo at rtaddeo@westasd.org to claim the item with a screen shot or the number that appears with the item OR your child can pick the item up upon arrival to school or during lunch. Please note that due to the high volume of lost items, belongings are kept for 14 days (from posting to the album) and then are donated.

Cafeteria

Students are responsible for maintaining a clean cafeteria at all times. Students are required to clear their tables and properly dispose of all trash. Cooperation is required to maintain a clean and inviting dining hall. Positive behavior in the cafeteria is reinforced and rewarded through our WAMS Pride Program.

So that everyone can enjoy lunch, certain rules must be followed:

1. Stay in line – do not cut in front of other students.
2. Do not throw food, paper, silverware, etc.
3. Be respectful of cafeteria staff and other students.
4. Stay at your assigned table.
5. Keep tables, chairs and floors clean.
6. Students are expected to go through the line and pay for items. Failure to do so will result in disciplinary actions following the Student Code of Conduct.
7. Students without an ID will be called to get their lunch last.

Students violating cafeteria rules and regulations may be denied cafeteria privileges by serving Lunch Detention, After-School Detention, or by being suspended from the cafeteria/school.

Students must present their school ID to the cafeteria staff when purchasing items. Students who do not have their IDs will eat last. (New IDs may be purchased in the main office for $5.00.)

Hall Passes

No student shall be in the hall during regular class time without a hall pass issued by the teacher in charge of the student during that time. This includes trips to the restroom, library, office, as well as any other place other than the room to which the student has been assigned. Passage shall be by the shortest and quickest feasible route without stopovers at other points or without bothering other classes in session. All students must request a pass by asking their teacher for permission to leave and entering the request in SmartPass. Each student will have access to two hall passes per week.

Restroom Privileges

Restrooms are to be used only for the purpose intended. Any other usage such as loitering, purposeful meeting or hiding from school personnel will not be tolerated. Students will use only the restroom assigned to them by team or class on the floor where they are located. If using the restroom during a class, you are to use the following procedures:

1. Ask the teacher's permission.
2. Follow sign out procedure using SmartPass.
3. Take the restroom pass lanyard and have it visible.
4. Sign in upon return.

Keep your restrooms clean. Show good sense and respect for others who may wish to use the facility. Here are some rules to keep in mind:

1. Always flush after using all sanitary units.
2. Never place in a toilet anything that could clog it. Examples: paper towels or any type of cloth or hard substance.
3. Let's remember the people who must clean the restrooms.
4. Do not use toilet tissue as paper towels or paper towels as toilet tissue. If the dispensers are out of paper, please notify the office.

Remember, any restroom damage destroys your convenience. Report any damage you see to the office immediately.

DO NOT ASSUME THAT A TEACHER MUST HONOR YOUR EVERY BATHROOM REQUEST. IN CASES WHERE A STUDENT TAKES ADVANTAGE OF USING THE RESTROOM, A REQUEST MAY BE DENIED.

Skipping Class

A student's greatest opportunity to have academic success is by being present and on time to class to maximize engagement with daily instruction. Students are expected to attend each of their scheduled classes in their assigned locations (including study halls and lunch) throughout the duration of each class period. If a student does not attend any portion of a class, it is considered skipping and the student will receive discipline in correspondence with the Student Code of Conduct with increasing severity for each reoccurring violation. Students who skip class will receive a 0 for any assignments they missed in the class they skipped without an opportunity for a make-up.
First Offense: 1 day of ISS; Zero is received for all classwork in the skipped class.
Second Offense: 1 Day OSS; Zero is received for all classwork in the skipped class; parent meeting
Third Offense: 2 Days OSS; Zero is received for all classwork in the skipped class; parent meeting; Activity Restriction

***As with any policy violation, any mitigating and/or aggravating circumstances may alter the consequence for each violation in alignment with the Code of Conduct.

Tardy to Class

Students who arrive to class after the bell are required to have an up-to-date pass from a staff member or the student will be considered to have an unexcused tardy to class. If a student does not attend any portion of a class, it is considered skipping and the student will receive discipline in correspondence with the Student Code of Conduct with increasing severity for each reoccurring violation.
First Offense: Student will receive a warning
Second Offense: Student will receive a teacher or administrator issued after-school detention
Third Offense: Student will receive a teacher or administrator issued after-school detention
Fourth Offense: Referral to office with minimum of one day of In-School Suspension

Fire/Emergency Preparedness Drills

A successful emergency drill is governed by these few fundamental rules:

1. When the alarm is heard, the students are to follow teacher directives, move quickly and quietly without talking, running, or pushing to the designated area your instructor specifies. The teacher will lead the group and it is mandatory that students from each area stay as a group.
2. Gaps in drill lines are to be kept closed. Students are not to loiter in order to be with friends.
3. In the case of a fire drill, students in the office, restrooms, hallways or other common areas are to vacate the building as quickly as possible.
4. In the case of a lockdown or evacuation preparation drill, students in the office, restrooms, hallways or other common areas are to move to the nearest safe space e.g. classroom, office.
5. During a drill, a stairway may be closed to simulate a condition that could happen during an actual emergency. If your teacher finds your regular exit blocked, they will direct you to the nearest available exit.
6. Each teacher is to have the exit procedure for their room posted near the door of his/her room. Teachers will give specific instructions concerning procedures in their areas.
7. Teachers will give specific instructions concerning procedures in their areas.

Field Trips

Throughout the school year, many opportunities for educational field trips will be available. These are for the students' learning experience and offer them the chance to learn outside the school setting. When a field trip is being planned, the teacher will give out a permission form to take home for parents' approval. This will include information on the destination, times, and any possible costs. The student MUST return the permission form in order to go on the trip. Students must have all debts paid prior to attending these events. Students that have accumulated multiple discipline referrals, or referrals for severe discipline issues may be restricted from attending field trips, parties, and/or events.

School Delays/Cancellations

Inclement weather or unusual circumstances occasionally necessitate a delayed opening of school or a cancellation. Delayed openings and cancellations will be announced on the school district website (www.westasd.org), Facebook page, and local television stations, as well as through phone and text messages.

Parents and students are urged NOT TO CALL THE SCHOOLS. School personnel generally do not arrive prior to 7:15 am, particularly in inclement weather. Calling the school for delay/cancellation information causes unnecessary congestion on the phone lines which are needed to handle possible emergencies related to the circumstances. When weather is inclement, but school is not closed, students and parents should use their judgment. After a 10-15 minute wait at the bus stop, students can return home. A note is required to be given to the teacher upon return the next day so that the absence is excused. Students may be dismissed early due to an emergency or weather situation. Parents are encouraged to develop a plan in the event this should occur.

Other Activities

West Allegheny Middle School offers and encourages students to participate in a wide variety of activities and intramurals. Some of our activities include: WAMS Pride Student Team, Student Council, Art Club, Geography Bee, Spelling Bee, History Bee, iLead, and various chorus and band activities. Interscholastic athletic programs are available for students in 7th and 8th grade. Please be sure to check the WAMS Highlights for information regarding clubs and after-school activities as new clubs are being added every year!

Advisor Program

Teachers and other staff members may meet bi-weekly for thirty minutes with their Advisor groups. During this time students participate in a variety of activities, readings and/or discussions centered around bullying, service learning, and college/career readiness. Your advisor is a good person to talk with regarding any concerns you may have.

Guidance Services

Guidance services are available for every student. They can assist you with educational planning; interpretation of test scores, career information, study help, help with home, school, and/or social conference AT ANY TIME by contacting the middle school Student Services office. Please call 724-695-5228 to speak with a school counselor.

Family Links

Familylinks provides services for students who are experiencing issues with mental health, developmental disabilities, addictions, abuse, behavioral problems, illnesses, and other life challenges. In partnership with the West Allegheny School District, *Familylinks* employs therapists who host individual student sessions during the school day to provide students with access to therapeutic services. Please contact the Guidance office if you would like more information on *Familylinks* or to requests an outpatient referral form.

Therapy Dog Program

West Allegheny's certified therapy dogs will be present in district schools beginning this school
year. Therapy dog visits are intended to provide students with a calm, positive, and supportive experience during the school day. These visits may help promote academic growth, social[1]emotional wellness, engagement, and a sense of comfort for students.
Therapy dog interactions will be supervised by school staff and the dog's trained handler; the dog will remain under the handler's control at all times, and student interaction with the dog is voluntary.
Students will be reminded of appropriate expectations when therapy dogs are present, including using calm bodies and voices, asking before petting, and following adult directions.
Parents/Guardians may choose to notify the principal if they do not wish for

their child/ren to have direct interaction with therapy dogs due to allergies, fears, personal preferences, or other reasons. Staff will make reasonable efforts to ensure that the child/ren does/do not participate in planned therapy dog interactions. Therapy dogs may still be present in common areas or program spaces at designated times, and incidental visual exposure may occur.

Parent-Teacher Conferences

Parent-teacher conferences occur two times per year, in late fall and spring. Conference requests are accommodated on a first come, first serve basis unless requested by your child's teachers. Notifications and conference schedules will be provided by your child's teachers in advance. Due to scheduling, not all conferences are able to be accommodated on the designated days. However, parents can request conferences with teachers at any time during the school year by contacting the middle school Student Services Department.

Student Assistance Program

The Middle School SAP Team was developed to meet the diverse needs of middle school learners. It is a group of specially trained school professionals who provide assistance and support for students who experience personal problems related to depression, social/peer problems, drug & alcohol use, eating/ sleeping difficulties, hostility/anger, educational problems, or family problems. The goals of the team are to develop an atmosphere of trust in which students will seek help from the team; assure students that problems are resolvable; acquire necessary counseling services for students in need before problems reach a crisis level. If you believe you are in need of assistance, please contact a counselor. Assistance is always available.

Students Experiencing Homelessness, Foster Care and Other Educational Instability

The Board recognizes the challenges encountered by students experiencing homelessness, foster care and other educational instability. The Board is committed to facilitating the immediate enrollment; eliminating barriers to the attendance, education and graduation; providing additional supports in compliance with federal and state laws, regulations and Board policy, for such students.

The West Allegheny School District **Students Experiencing Homelessness, Foster Care and Other Educational Instability Policy #251** was revised in July, 2024. Please review the policy in its entirety in the Appendix Section of this handbook.

Parent Information Notice

Services for School Age Exceptional Students

The school district provides a free, appropriate public education to exceptional students according to state and federal mandates. To be eligible, the child must be of school-age, need specially designed instruction, and meet eligibility criteria for mentally gifted and/or one or more of the following physical or mental disabilities as set forth in the Individual with Disabilities Education Act which was re-authorized in 1997 (IDEA –97) and the Chapter 14 Special Education Services and Programs State Regulations: Autism, Blindness/Visual Impairment, Deaf- Blindness, Deafness/Hearing Impairment, Emotional Disturbance, Intellectual Disability, Multiple Disability, Orthopedic Impaired, Other Health Impaired, Specific Learning Disability, Speech and Language Impairment, Traumatic Brain Injury.

Identified students are provided with a continuum of services designed to meet the individual needs of eligible students. These services may include supportive intervention in the regular class, supplemental intervention in the regular class or in a special education resource program, placement in a part-time or full-time special education class in a regular school or placement in a full-time special education class outside of the regular school. The extent of special education services and the location for the delivery of such services are determined by the parents and staff at the IEP team meeting and is based on the student's identified needs and abilities, chronological age, and the intensity of the specified intervention. The school district also provides related services, such as transportation, physical therapy, occupational therapy, and counseling services that are required to enable the student to derive educational benefits.

Parents of public-school students who suspect that their child is exceptional and in need of special education may request a multidisciplinary team evaluation of their child through a written request to the Building Principal or Director of Pupil Services. Please contact the Building Principal or Director of Pupil Services for the required form.

Screening and Evaluation

The West Allegheny School District employs the following procedures for locating, identifying, and evaluating specified needs of school age students requiring special programs and services.

Level 1: Review of group-based data
Screening activities include DIEBLS (Dynamic Indicators of Basic Early Literacy Skills) grades kindergarten and 1st, Grades 2 through 12 include cumulative enrollment records such as attendance, report cards grades, and achievement test scores (Scantron, PSSA's and Curriculum based Evaluations). Data gathered through a thorough review of these records may prompt a referral for screening a child for special education.

Level 2: Review of hearing, vision, motor, speech and language
The District routinely conducts screenings of a child's hearing acuity each year in kindergarten, first, second, third, seventh, and eleventh grade, vision acuity each year, kindergarten through Grade 12, and speech and language (teacher, parent and outside agency referrals). Gross motor and fine motor skills are assessed by the classroom teacher on an on-going basis. Specified needs from all of these screening sources are noted within the child's official File.

Level 3: School Based Intervention Teams
The goal of the School Based Intervention teams is to maximize individual student success in the regular classroom, while at the same time serving as a screening process for students who may be in need of special education services. Positive, researched based success-oriented programs which use intervention techniques within the regular classroom setting to help remove educational, behavioral or affective stumbling blocks for all students are implemented in grades K – 12. Referrals to school-based intervention teams may be initiated by the classroom teacher.

The process involves three steps:
1. Identifying a student's need for academic and behavior support
2. Determining strategies needed for assisting the student
3. Implementing intervention strategies through a continuum of services

After an initial assessment of the student's academic, behavioral and/or coping skills, the team recommends strategies to be implemented to help the student achieve success in the regular classroom. The team determines what support is needed for the student to maintain a level of success in the classroom. These strategies are implemented, monitored and then evaluated based on goals set for the student. If the student's teachers report a positive change, the strategies are continued. If there is not progress, the student may be referred for a multidisciplinary evaluation (MDE).

The Multidisciplinary Evaluation (MDE)

The MDE is a process to gather information that will be used to find out if children really do need special education and if so, the types of services needed.

Prior to an MDE, the District must obtain permission via the Permission to Evaluate form. Before an evaluation can occur, the form must be signed by the parent or legal guardian.

Evaluations are conducted by a certified school psychologist. Additional information is provided by the parents, classroom teacher, and other pertinent individuals that work with the student. All of this information is compiled into an Evaluation Report (ER). This report will recommend whether a child has one or more disabilities or mental giftedness. It also recommends whether or not the child requires special education and the type of program and services that the child needs. The ER may recommend that a child is not exceptional and therefore does not need special education services. If this is recommended, the report will list changes that may be made in the regular classroom to make the child more successful. All members of the MDT, including the parents, are entitled to review the ER.

Reevaluations for students, who are eligible for special education services, are compiled every three years or two years for students with intellectual disabilities or when requested by one or more members of the IEP team (please see information on Individualized Education Plan).

Individualized Education Plan

Children who are regarded to be exceptional by the MDT team are entitled to receive special education services. The document that specifically addresses these services is called an Individual Education Plan (IEP). Required members of the IEP team include: The child's parents, At least one of your child's regular education teachers, at least one special education teacher, A representative from the school district who:(1) Is qualified to provide or supervise special education programs(2) Knows about the general curriculum(3) Knows what resources the Local Education Agency (LEA) can offer, Someone who can interpret the evaluation results, who may already be a member of the team, at your request or that of the school, other people who know your child well or who have worked with your child, Your child (at age 14 when planning will be done for life after graduation or any time before that age when you want your child to be present), A representative from a vocational-technical school if a vocational-technical school is being considered for your child.

The IEP will review all of the evaluation material and will determine how your child is performing in school. The IEP team will write annual goals that can be measured, and which meet the needs of your child.

IEPs for eligible students are developed on an annual basis, or sooner, if requested by one or more members of the IEP team.

Notice of Recommended Educational Placement

Once the IEP has been developed with the IEP team; you will receive a Notice of Recommended Educational Placement (NOREP). The NOREP explains the placement or class recommended for your child and explains your rights. You must approve the NOREP in writing for your child's first special education placement if you want it to go into effect. You will receive a NOREP with each completed IEP and you have 10 calendar days to return the NOREP. In circumstances when this form is NOT completed parental consent is NOT requires, the school will proceed after 10 calendar days.

West Allegheny School District offers a continuum of educational services designed to meet the needs of eligible students including varying degrees of gifted, learning, and speech and language support. In additional, related services such as transportation, occupational therapy, physical therapy, vision support, and deaf and hearing support are available to those students that qualify.

Detailed information regarding special education procedures may be obtained by calling the Special Education Department at 724-695-5221.

Services for Protected Handicapped Students

There are instances in which students are identified as handicapped or disabled but may not qualify for Special Education services. If it is determined necessary, the school district will provide these students, without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to ensure equal opportunity to participate in and obtain the benefits of the school programs and extracurricular activities. To qualify as a protected handicapped student, the child must be of school age with a physical or mental disability which substantially limits or prohibits participation in or access to an aspect of the school program. Services and protections for protected handicapped students are different from those applicable to all eligible students enrolled in special education programs. These services are outlined in a Chapter 15 Service Agreement. Questions regarding Chapter 15 should be directed to the Director of Pupil Services at 724-695-5221.

Services for Students in Nonpublic Schools

Public special education is accessible to resident students attending nonpublic schools by permitting the nonpublic school student to enroll on a part-time, duel enrollment basis in a special education program operated in a public school. The student must have a multidisciplinary team evaluation completed and an Individual Education plan must be developed with the public school, parents must a sign a Notice of Recommended Educational Placement.

Parents of nonpublic school students who suspect that their child is exceptional and in need of special education may request a multidisciplinary team evaluation of their child through a written request to the

district Director of Pupil services.

Public Notice on Student Records

The Education Records Plan for Exceptional Students is a state approved plan for the local school districts within the Allegheny Intermediate Unit which defines all procedures for collection, maintenance, and dissemination of educational records belonging to exceptional students.
Education records are needed to provide appropriate educational programs, but at the same time it is necessary to protect the rights of privacy and confidentiality of students and parents.

Official student education records are kept where a student attends a district operated class. Copies of the District Education Records Plan may be obtained from your building principal.

Confidentiality of Student Records

The privacy rights of parents and students are mandated by federal legislation known as the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), state regulations (Chapter 14 - Special Education Services and Programs, Chapter 12 - Student Rights and Responsibilities), and district policy.

The different categories of information maintained by the school district are as follows: educational and health records, personally identifiable information, and directory information. With the exception of the receiving school district, educational and health records, personally identifiable information cannot be disclosed or released without parental consent or adult student's (a student who is eighteen years of age or older, married, or attending an institution of post-secondary education) consent.

Information known as directory information can be released without consent. Directory information means information which would be considered not harmful or an invasion of privacy if disclosed. This information includes the following: student's name, address, date and place of birth, courses taken, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student.

School Wellness

West Allegheny School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and promotion, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

The West Allegheny School District **School Wellness Policy #246** was revised in July, 2024. Please review the policy in its entirety in the Appendix Section of this handbook.

Student Recruitment

In accordance with law, the Board shall permit disclosure of required student information about secondary students to representatives of postsecondary institutions and to representatives of the Armed Forces of the United States. Equitable access to secondary students shall be granted to post-secondary education representatives, military recruiters and prospective employers.

The West Allegheny School District **Student Recruitment Policy #250** was revised in July 2024. Please review the policy in its entirety in the Appendix Section of this handbook.

West Allegheny School District

Confidentiality and Notice for Directory

The West Allegheny School District protects the confidentiality of personally identifiable information regarding all students including students with disabilities, children thought to have disabilities, protected handicapped students (if not protected by IDEA or Pennsylvania's Special Education Regulations) and children who are identified as gifted, in accordance with the Family Educational Rights and Privacy Act (FERPA) and other applicable federal and state laws, policies and regulations.

"Education Records" means those records that are directly related to the student, including stored in computers, through media, and on videotape, which are maintained by an educational agency or a party acting for the agency. "Educational Agency," for purpose of this notice, means the local school district, and/or the AIU. For all students, the educational agency maintains education records that include, but are not limited to:

- Personal Identifiable Information-Confidential information that includes, but is not limited to the student's name, name of parent/guardians and other family members, the address of the student or student's family, and personal information or personal characteristics which would make the student's identity easily traceable.
- Directory Information – Information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy, if disclosed. It includes, but is not limited to, the student's name, address, telephone number, date and place of birth, major field of study (secondary students), participation in officially-recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, information for the annual yearbook, graduation programs, honor rolls, playbills, etc., and the name of the most previous educational agency or institution attended,

The Family Education Rights and Privacy Act (FERPA) affords to parent/guardians, and to students over 18 years of age, certain rights with respect to students' education records. They are:

1. Parent/guardians (or students over 18 years of age) have the right to inspect and review the student's education record. The school district will comply with the request to inspect and review education records without unnecessary delay and before any meeting regarding an IEP or due process hearing, but in no case more than 45 days after the request has been made. Requests should be submitted in writing (indicating the records the parent/guardians wish to inspect) to the school principal or other appropriate school official. Parent/guardians have the right to a response from the school district to a reasonable written request for explanations and interpretations of the records. Parent/guardians have the right to request copies of the records. While the district cannot charge a fee to search for or retrieve information, it may charge a copying fee, as long as it does not effectively prevent the parent/guardians from exercising their right to inspect and review the records. Parent/guardians have the right to appoint a representative to inspect and review their child's records. If an education record contains information on more than one child, parent/guardians (or students over 18 years of age) have the right only to inspect and review the information related to the specific child.

2. If the parent/guardians (or a student over 18 years of age) thinks information in an education record is inaccurate, misleading or violates the privacy or other rights of the child, an amendment of the record may be requested. Requests should be made in writing and clearly identify the part of the record requested to be changed and specify why it is inaccurate or misleading. The school district will decide whether or not to amend the record and will notify the parent/guardians (or student over 18), in writing, of its decision. If the school district refuses to amend the record, it will notify the parent/guardians (or students over 18) of their right to a hearing to challenge the disputed information. Additional information regarding the hearing procedures will be provided to the parent/guardians or student (if 18 or older) when notified of the right to a hearing.

The school district will inform parent/guardians (or students over 18) when personally identifiable information is no

longer needed to provide educational services to a child. Such information must be destroyed at the request of the parent/guardian (or student over 18). Parent/guardians (or students over 18) have a right to receive a copy of the material to be destroyed; however, a permanent record of the student's name, address, and telephone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitations. "Destruction" of records means physical destruction or removal of personal identifiers from information, so that the information is no longer personally identifiable. The school district will provide, upon request, a listing of the types and locations of education records maintained, the school officials responsible for these records, and the school personnel authorized to see personally identifiable information. Such personnel receive training and instruction regarding confidentiality. The school district keeps records of parties obtaining access to education records, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

3. Parent/guardians (or students over 18) have the right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. "Consent" means: the parent(s)/guardian(s) [or students over 18] have [has] been fully informed regarding the activity requiring consent, in the native language or other mode of communication; they understand and agree in writing to the activities; and, they understand that the consent is voluntary and may be revoked at any time. Information may be disclosed without consent to school officials with legitimate educational interests. A "school official" is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a person serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Directory information as defined above, may be released without parent/guardian consent. Parent/guardians have the right to refuse to permit an agency to designate or release any or all of the above information as directory information. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The school district is required by the National Defense Authorization Act (Pub.L. No 107-107) to provide military recruiters the same access to secondary school students as provided to postsecondary institutions or to prospective employers; and shall provide students' names, addresses, and telephone listings to military recruiters, when requested, unless a parent/guardian has opted out of providing such information in writing to the school principal.

5. Parent/guardians (or students over 18) have a right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. Complaints may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-4605.

Students' special education and gifted records are maintained at the WASD Office. The complete records are kept for a period of five (5) years after completion of the student's program or the student's graduation from high school. Special education and gifted records that will be destroyed following the five (5) year period are all IEP's or GIEP's with the exception of the initial and final IEP or GIEP. Parent/guardians of students and students who graduated or left this school prior to the 2019-2020 school year are hereby notified that if they wish for a copy of any "IEP or GIEP" information before it is deleted/destroyed, they must make that request to the special education department (724-695-5221) by November 1, 2025. The scheduled destruction date of this information is December 1, 2025.

HIPPA

The West Allegheny School District maintains the privacy of protected health information of all students in accordance with the applicable provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). A copy of the HASD Notice of Privacy Practices may be obtained at the District Administration Office.

Student Rights Regarding Surveys

Protection of Pupil Rights Amendment (PPRA) affords parent/guardians and students who are 18 or emancipated minors ("eligible students") certain rights regarding the District's conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Parent/guardians and eligible students will be notified of activities and afforded an opportunity to opt a student out of participation.

Notice of Nondiscrimination

The West Allegheny School District will not discriminate in its educational programs, activities, or employment practices, based on race, color, national origin, sex, or any other legally protected classification. Announcement of this policy is in accordance with state and federal laws, including Title IX of the Education Amendments of 1972, and Section 503 and 504 of the Rehabilitation Act of 1973.

No Child Left Behind Act of 2001

Public Law 107-111, better known as the No Child Left Behind Act of 2001 (NCLB), is one of the most comprehensive education reform plans ever passed by the U.S. Congress. The document can be viewed in its entirety at http://www.ed.gov/legislation/ESEA02/107-110.pdf. Additional information concerning NCLB is available at http://www.nclb.gov/.

NCLB § 1111 (h)(6)(A) requires that the school district annually inform parent/guardians regarding the professional

qualifications of the student's classroom teachers. Each teacher employed by the West Allegheny School District has been issued a certificate of instruction from the Pennsylvania Department of Education meeting all state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.

Public Notice on Screening and Evaluation

Each school district, along with other public agencies in the Commonwealth, must establish and implement procedures to identify, locate and evaluate all children who need special education programs and services because of the child's disability. This notice is to help find these children, offer assistance to parents and describe the parent's rights with regard to confidentiality of information that will be obtained during this process.

Child Find refers to activities undertaken by public education agencies to identify, locate, and evaluate children residing in the State, including children attending private schools, who are suspected of having disabilities, regardless of the severity of their disability, and determine the child's need for special education and related services. The purpose is to locate these children so that a free appropriate public education (FAPE) can be made available. The types of disabilities that if found to cause a child to need services are autism, deaf-blindness, deafness, emotional disturbance, hearing impairment, mental retardation, multiple disabilities, orthopedic impairment, other health impairment due to chronic or acute health problems, specific learning disabilities, speech or language, traumatic brain injury and visual impairment including blindness; and in the case of a child that is of preschool age, developmental Delay.

The West Allegheny School District uses the following procedures for locating, identifying, and evaluating special needs of school-aged students requiring special programs or services. These procedures as required by law are as follows:
The district, as prescribed by Section 1402 of the School Code routinely conducts health screenings for kindergarten (K) through 12th grade students and new students without history of recent exams: Hearing acuity (Gr. K-3, 7 and 11 and any student with a known history of hearing loss), Visual acuity (annually), Dental Screenings (Gr. 1, 3, 7 & 11), Physical Exams (Gr. 1, 6, & 11), Scoliosis Screening (Gr. 6 & 7) and Speech and language screening (annually).

Classroom teachers, MTSS Team, and school counselors on an ongoing basis informally assess gross motor and fine motor skills, academic skills, and social and emotional skills. Specified needs from all of these screening sources are noted within the student's folder.

Parents/guardians with concerns regarding their child may contact building principals at any time to request a screening or evaluation of their child. Communication with parents/guardians of a student with disabilities and/or parents/guardians of gifted students shall be in English or the native language of the parent and student.

Screening information will be used by the MTSS Team and the school counselors within the student's school to meet his/her specific needs or to document the need for further evaluation. If it is determined that a student needs additional services, the MTSS Team and/or the school counselors will implement accommodations appropriate to student's needs. The parents/guardians are members of the MTSS Team. If a student does not make progress with MTSS Team involvement and or services provided through the school counselors, parents/guardians will be asked to give written permission for further evaluation. This process is called Multidisciplinary Evaluation (MDE). The parents/guardians are members of the Multidisciplinary Team (MDT).

If it is determined that a student may possibly be mentally gifted, the student's records will be reviewed, and the respective school counselor will gather information from the student's parents/guardians and teachers. If the data supports a need, parents will be asked to give written permission for further evaluation. This process is called Gifted Multidisciplinary Evaluation (GME). The parents/guardians are members of the Gifted Multidisciplinary Team (GMT).

After Multidisciplinary Evaluation or Gifted Multidisciplinary Evaluation is completed, an Evaluation Report (ER) or a Gifted Written Report (GWR) will be compiled and will include specific recommendations for the types of interventions and/or acceleration and enrichment necessary to deal with the student's specified needs. If an Individual Education Plan (IEP) is recommended by the MDE, the parents/guardians are invited to participate in a meeting where the results of the Multidisciplinary Evaluation (MDE) or Gifted Multidisciplinary Evaluation (GME) will be discussed and an Individual Education Program (IEP) or a Gifted Individual Education Program (GIEP) will be developed for specialized services for the student.

When the Evaluation Report (ER) or Gifted Written Report (GWR) is completed, copies are sent to the parent/guardian of the student along with a Notice of Recommended Educational Placement (NOREP) or a Notice of Recommended Assignment (NORA) with which they may agree or disagree. If parents/guardians disagree with the program recommendation, the issue may be taken to mediation or a due process hearing.

Information about parent/guardian rights, mediation or due process procedures, specific special education services and programs and gifted education services and program offered by the district; and the district's educational records policy are available upon request from the building principal in the student's school. A parent/guardian may request that the district initiate a screening or evaluation of their child's specified needs at any time by contacting the building principal. Further information about these procedures may be obtained by calling the Assistant to the Superintendent for Special Education and Student Services at 724-695-5221.

All information collected as part of an individual student referral or evaluation is treated in a confidential manner and does not become a part of the student's permanent record file.

Special Education Programs for Students with Disabilities and Gifted Students

The West Allegheny School District operates programs for students with disabilities and gifted students in accordance with Chapter 14 and Chapter 16.

The West Allegheny School District provides a free, appropriate public education to students with disabilities or mental giftedness according to state and federal rules. To be eligible, the child must:

- Be of school age.
- Have a disability or mental giftedness and be in need of specially designed instruction.
- Meet eligibility criteria for one or more of the following physical or mental disabilities as set forth in the Pennsylvania State Standards: autism, deaf-blindness, blindness, visual impairment, emotional disturbance, specific learning disability, other health impairment, traumatic brain injury, and speech/language impairment, orthopedic impairment, hearing impairment, deafness, multiple disabilities or mental retardation. Services designed to meet the needs of eligible disabled students include:

o The annual development of an individualized education program (IEP or Gifted IEP).

o A triennial multidisciplinary re-evaluation for students with disabilities (except for those students with an intellectual disability where evaluation remains biennial).

o A range of supports for students from itinerant level to supplemental level to full time level special education support within the school district or placement in a full-time special education disabilities class outside of the regular school.

The extent of special education services for disabled or mentally gifted students and the location for the delivery of such services are determined by the parents and the district staff at the IEP/GIEP team meeting and are based on the student's identified needs and abilities, chronological age and the level of intensity of the specified intervention. The school district also provides related services, such as transportation, physical therapy, occupational therapy and assistive technology if they are required to enable the student with disabilities to derive educational benefits.

Prior to initiation of services, parents of a student with disabilities are presented a "Notice of Recommended Educational Placement/Prior Written Notice" (NOREP) and parents of a mentally gifted student with a "Notice of

Recommended Assignment" (NORA) with which they agree or disagree. If parents agree to the program outlined by the multidisciplinary team and the parent signs either the NOREP or NORA, then the program is implemented for their child. If parents disagree with the program being recommended, they have the right to request IEP facilitation, mediation and/or a due process hearing. Parents are issued their "Procedural Safeguards" which outlines in detail their legal rights as a parent of a child identified as having a disability or considered mental gifted.

Printed information regarding available special education services and programs and procedural safeguards as they pertain to special education is available in the office of each building principal and at the Central Administration Office.

For answers to specific questions about special education services, the screening or evaluation process, or any other information, please call the Assistant to the Superintendent for Special Education and Student Services at 724-695-5221.

Services for Students in Nonpublic Schools

Public school education may be accessible to resident students attending nonpublic schools on a dual enrollment basis in a special education program operated in a public school. A multidisciplinary evaluation which determines the child's eligibility for services must be conducted and, if eligible, an individualized education program plan (IEP) is developed. Parents of nonpublic school students who suspect that their child is disabled and in need of special education may request a multidisciplinary evaluation of their child through a written request to the building principal or the Coordinator of Pupil Personnel Services.

Services for Preschool Children

Act 212, the Early Intervention Services System Act, entitles all preschool children with disabilities to appropriate early intervention services. Young children experiencing development delays or physical or mental disabilities are eligible for early intervention services. The Pennsylvania Department of Public Welfare is responsible for providing services to infants and toddlers, which is defined as children from birth through 2 years of age. Contact The Alliance for Infants and Toddlers, Hough Building 2nd Floor, 2801 Custer Avenue, Pittsburgh, PA 15227 at 412-885-6000. The Pennsylvania Department of Education is responsible for providing services to preschool age children from ages 3 through 5. For more information, please contact the Allegheny Intermediate Unit 3/Preschool Early Intervention Program, 475 East Waterfront Drive, Homestead, PA 15120 at 412-394-5736.

Protected Handicapped Students Public Notice

In compliance with state and federal law, Chapter 15 and Section 504 of the Rehabilitation Act of 1973, West Allegheny School District will provide to each protected handicapped student without discrimination or cost to the student or family those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities.

The services and protections for a Protected Handicapped Student are distinct from those that apply to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. In order to qualify as a Protected Handicapped Student, the child must be of an age when public education is offered in his/her school district and with a physical or mental disability which substantially limits or prohibits participation in or access to any aspect of the school program.

The school principal, teachers, or the parent/guardian(s) can refer students to be considered as protected handicapped student. Referrals are made to the school counselor. If the school district 504 team determines that the student is eligible, a Service Agreement will be developed. The principal and the school counselor will make arrangements to implement the Service Agreement. The Service Agreement will be reviewed annually with the

parent/guardians and with the school team for either termination or revision.

For further information on the evaluation procedures and provision of services to protected handicapped students, contact the building principal or Section 504 Coordinator (724-695-5221).

Surrogate Parent

The school district has the responsibility of developing a surrogate parent program for school age handicapped children residing in the West Allegheny School District. The District must see that any handicapped student who is either a ward of the state or whose parent or guardian is unknown or unavailable has a surrogate parent. The surrogate parent acts in place of the parent/guardian in matters concerning the student's educational programs/services. The role of the surrogate parent is voluntary and training is provided regarding the role of a surrogate parent.

Homeless Children and Youth Act

On July 22, 1987 the Stuart B. McKinney Homeless Assistance Act became public law. This was the first comprehensive federal law dealing with the problems of homelessness in America. This act was recently included in the 2001 No Child Left Behind Act and it is now called the McKinney-Vento Education Assistance Improvements Act of 2001, (Public Law 107-110) Subtitle B and covers the Education for Homeless Children and Youths (Sections 721-726).

The district recognizes its obligation to ensure that homeless students have access to the same educational programs and services provided to other district students. The district makes efforts to identify homeless children within the district, encourage their enrollment, and eliminate existing barriers to their attendance and education in compliance with federal and state law and regulations.

Homeless students are defined as individuals lacking a fixed, regular and nighttime residence, which include the following conditions:
• Sharing the housing of other persons due to loss of housing or economic hardship.
• Living in motels, hotels, or camping grounds due to lack of alternative adequate accommodations.
• Living in emergency, transitional, domestic violence shelters.
• Abandoned in hospitals.
• Awaiting foster care placement.
• Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings.
• Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings.
• Living as migratory children in conditions described in previous examples.
• Living as run-away children.
• Abandoned or forced out of homes by parent/guardians/guardians or caretakers.
• Living as school age unwed mothers in houses for unwed mothers if they have no other living accommodations.
For more information regarding the McKinney-Vento Education Assistance Improvement Act of 2001 please contact the district's Homeless Liaison at 724-695-5221.

Migrant Student Education

The West Allegheny School District provides that foreign students who do not possess an F-1 Visa and reside in the West Allegheny School District with parent/guardians, guardians, or individuals gratuitously caring for them are considered residents of the school district and are entitled to the same school rights and privileges available to resident students. For more information regarding Migrant Student Education, contact the district's Migrant Education

Coordinator at 724-695-5221.

Mode of Communication

If a person does not understand any part of this notice, he or she should request an explanation by contacting the Assistant to the Superintendent for Special Education and Student Services at 724-695-5221.

The school district will arrange for an interpreter for parent/guardians with limited English proficiency. If a parent/guardian is deaf or blind or has no written language, the school district will arrange for communication of this notice in the mode normally used by the parent/guardian (e.g., sign language, Braille, or oral communication).

WEST ALLEGHENY TRANSPORTATION HANDBOOK

West Allegheny School District – Transportation Guidelines and Expectations

The West Allegheny School District Administration recognizes that safety is paramount in transportation. The administration is committed to working with the Board of Education, parents, students, principals, drivers and staff to maintain a safe and orderly environment. The following guidelines are in place to ensure positive and safe passage to and from school and school sponsored events.

Transportation to and from school is a privilege. Abuse of this privilege may result in loss of transportation to and from school. When you lose your transportation privileges, you cannot ride a bus owned by the Monark Bus Company and contracted by the West Allegheny School District during the time of the suspension.

Video camera systems with audio capability are installed on Monark Transportation School Buses. The information from these tapes can be used to determine disciplinary action. The cameras on buses and vans are to help ensure the safety of all students and staff.

Special education students will be subject to the same disciplinary procedures, including suspensions from riding the bus as regular education students unless otherwise noted in the student's IEP. The IEP will be reviewed to be sure that there are not any special circumstances that would warrant alternative forms of discipline, especially when a bus suspension is under consideration.

It is to be understood that in the event of a bus suspension, the student is still required to attend school and any absence during the suspension without a valid written excuse will result in school officials following the standard school truancy process.

Video camera systems with audio capability are installed on Monark Transportation School Buses. The information from these tapes can be used to determine disciplinary action. The cameras on buses and vans are to help ensure the safety of all students and staff.

Students receiving special education services will be subject to the same disciplinary procedures, including suspensions from riding the bus as regular education students unless otherwise noted in the student's IEP. The IEP will be reviewed to be sure that there are not any special circumstances that would warrant alternative forms of discipline, especially when a bus suspension is under consideration.

It is to be understood that in the event of a bus suspension, the student is still required to attend school and any absence during the bus suspension without a valid written excuse will result in school officials following the standard school truancy process.

Students are only permitted to ride their assigned bus transportation to and from school. Riding a bus home with another student will only be permitted in cases of significant emergency and must be pre-approved by a school administrator. Students who attempt to ride another student's bus without pre-approval from a school administrator will be subject to disciplinary action outlined in the Code of Conduct.

DELAY OR CLOSING OF SCHOOLS

The Transportation Department could be impacted by several variables during the winter weather season. The main factor for a delay or cancellation decision is weather conditions, but other factors do play a part.

The following are the steps that the department uses to make a recommendation for a delay or cancellation:

1. Weather conditions and local radar are monitored to determine the time and duration of snowfall. The temperature and wind chill are also considered.
2. Early morning checks of the roads are conducted. Typically starting at 4:00 AM, a sampling of township and state roads

are driven to check road conditions.

3. Township and state road crews' status of snow removal and road treatment is monitored to determine what the road conditions will be like during student pickup hours.

The Superintendent makes the decision to delay or cancel school based on the data collected in the previous stated steps. Students and staff are notified via School Messenger, the district's mass phone notification system. Additionally, local media outlets are notified, and the West Allegheny Website and Facebook accounts are updated.

The following are expectations all drivers are expected to follow in operating a bus in the West Allegheny School District.

1. Drivers will greet all students as they enter and exit the bus in a pleasant and welcoming manner.

2. Drivers will assign all students an area or seat on the bus and set expectations for students to sit in assigned seats or areas.

3. Drivers will maintain focus on student safety and not engage in distracting behavior including but not limited to cell phone usage.

4. Drivers will maintain open lines of communication with teachers, administrators and the Monark Transportation administration in regards to the safety, security and behavior of all students.

5. Drivers will act in a professional manner at all times when interacting with students, parents, staff members and administrators.

The following are expectations all administrators are expected to follow in supporting the safe operations of district transportation

1. Administrators and/or their designees will reinforce seating arrangements on all buses.

2. Administrators and/or their designees will enforce all school and school bus safety rules when made aware of a violation.

3. Administrators and/or their designees will maintain open lines of communication with bus drivers, Monark Transportation administration and District Office Administration in regards to transportation related issues.

4. Administrators and/or their designees will request and review video from any bus violation that reaches level three or higher in the transportation guidelines and expectations.

The following are expectations all students are expected to adhere to during transportation to and from school.

1. Students will sit in their assigned area or seat and face forward at all times. No standing is permitted while the bus is in motion.

2. Students will keep hands, feet and personal belongings to themselves and out of the bus aisle.

3. Students will wait their turn to enter and exit the bus at the stop for which they are assigned.

4. Students will use appropriate language, tone and volume when speaking on the bus.

5. Students will be respectful of all other students and the driver while on the bus and at the bus stop.

6. Students will not eat or drink on the bus.

7. Students will not play loud or distracting music on the bus.

Parents can contribute to the efficient and safe transportation of their children in the following ways:

1. Ensure that students are at their designated bus stop at least five minutes prior to bus arrival time. Drivers are not required to wait for children as all children further down the route would then be forced to wait that much longer.
2. Ensure students stay off the roadway at all times while waiting for the bus.
3. Ensure students cross in front of the bus when crossing the road or highway.
4. Ensure students wait until the bus has come to a complete stop and red lights are flashing before attempting to enter or leave the bus.
5. Ensure special items and projects are transported by parents to school rather than on the bus due to space and safety consideration.
6. Ensure students do not chase after a bus.
7. Ensure students are orderly while awaiting the bus.
8. Ensure that the bus stop is safe and maintained.
9. Ensure that if driving students to the bus stop you do not interfere with the traffic pattern of the bus.

The district stance is that all students should ride their assigned bus to and from school.

*NOTE: In case of the need for an **emergency** bus change, a note from a parent must be submitted to the office for approval. **This does not guarantee that approval will be granted.** If approval is given, the student will receive a bus pass to give to the bus driver. Students must submit the note to the office first thing in the morning in order to arrange for this change.*

Misbehaviors and interventions are categorized across four levels based on seriousness/ frequency of occurrence.

Level I – BUS DISCIPLINE

Examples of Level I Violations Including but not Limited to:

Definitions

School bus means a motor vehicle that is designed to carry eleven (11) passengers or more, including the driver, and is used for the transportation of preprimary, primary or secondary school students to or from public, private or parochial schools or events related to such schools or school-related activities.[1]

School vehicle means a motor vehicle, except a motorcycle, designed for carrying no more than ten (10) passengers, including the driver, and used for the transportation of preprimary, primary or secondary school students while registered by or under contract to the school district. The term includes vehicles having chartered, group and party rights under the Pennsylvania Public Utility Commission and used for the transportation of school children. [1]

Authority

The Board authorizes the use of video and audio recording on school buses and school vehicles for safety, disciplinary and security purposes.[2]

The Board prohibits the use of audio recording on any school bus or school vehicle that is not being used for a school-related purpose. [2]

Delegation of Responsibility

The Board directs the Superintendent or designee to ensure that:

1. Each school bus and school vehicle that is equipped with video and audio recording equipment contains a clearly posted notice informing drivers and passengers of the potential for video and audio recording. [2]
2. This policy is posted on the district's publicly accessible website. [2] [3]
3. Each school year, this policy is included in the student handbook and in any other district publication that sets forth the comprehensive rules, procedures and standards of conduct. [2]

School Board Policy APPENDIX

Book	**Policy Manual**
Section	**100 Programs**
Title	**Discrimination/Title IX Sexual Harassment Affecting Students**
Code	**103**
Status	**Active**
Adopted	**December 13, 2023**

Authority

The Board declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the programs and activities offered in the schools without discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability.[1][2][3][4][5][6][7][8][9][10][11][12][13][14][15][16][17]

The Board also declares it to be the policy of this district to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex. Such discrimination shall be referred to throughout this policy as Title IX sexual harassment. Inquiries regarding the application of Title IX to the district may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The district is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the district and is prohibited at or, in the course of, district-sponsored programs or activities, including transportation to or from school or school- sponsored activities.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.[18][19][20][21]

The Board directs that the foregoing statement of Board policy be included in each student and staff handbook, and that this policy and related attachments be posted to the district's website.

The Board requires a notice stating that the district does not discriminate in any manner, including Title IX sexual harassment, in any district education program or activity, to be issued to all students, parents/guardians, employment applicants, employees and all unions or professional organizations holding collective bargaining or professional agreements with the district. All discrimination notices and information shall include the title, office address, telephone number and email address of the individual(s) designated as the Compliance Officer and Title IX Coordinator.

Reports of Title IX Sexual Harassment and Other Discrimination and Retaliation

The Board encourages students and third parties who believe they or others have been subject to Title IX sexual harassment, other discrimination or retaliation to promptly report such incidents to the building principal, even if some elements of the related incident took place or originated away from school grounds, school activities or school conveyances. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.

The student's parents/guardians or any other person with knowledge of conduct that may violate this policy is encouraged to immediately report the matter to the building principal.

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal, as well as properly making any mandatory police or child protective services reports required by law.[22]

If the building principal is the subject of a complaint, the student, third party or a reporting employee shall report the incident directly to the Title IX Coordinator.

The complainant or the individual making the report may use the Discrimination/Sexual Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form attached to this policy for purposes of reporting an incident or incidents in writing; however, verbal reports of an incident or incidents shall be accepted, documented and the procedures of this policy and the relevant attachments followed.

The building principal shall promptly notify the Title IX Coordinator of all reports of discrimination, Title IX sexual harassment or retaliation. The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in Attachment 2 to this policy, or if the reported circumstances meet the definition of Title IX sexual harassment and are most appropriately addressed through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Attachment 3, or other Board policies.

Disciplinary Procedures When Reports Allege Title IX Sexual Harassment

When a report alleges Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints outlined in Attachment 3. The district shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

When an emergency removal, as described in Attachment 3, is warranted to address an immediate threat to the physical health or safety of an individual, and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion shall be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable.[18][20][23][24]

When an emergency removal is not required, disciplinary sanctions shall be considered in the course of the Title IX grievance process for formal complaints. Following the issuance of the written determination and any applicable appeal, any disciplinary action specified in the written determination or appeal decision shall be implemented in accordance with the normal procedures for suspensions, expulsions or other disciplinary actions, including specific provisions to address a student with a disability where applicable.[18][19][20][23]

Discipline/Placement of Student Convicted or Adjudicated of Sexual Assault

Upon notification of a conviction or adjudication of a student in this district for sexual assault against another student enrolled in this district, the district shall comply with the disciplinary or placement requirements established by state law and Board policy.[25][26]

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a report and the investigation related to any form of discrimination or retaliation, including Title IX sexual harassment, shall be handled in accordance with applicable law, regulations, this policy, the attachments and the district's legal and investigative obligations.[27][28][29][30][31]

2. Testifying, assisting, participating or refusing to participate in a related investigation, process or other proceeding or hearing.

3. Acting in opposition to practices the person reasonably believes to be discriminatory.

The district, its employees and others are prohibited from intimidating, threatening, coercing, or discriminating against anyone for actions described above. Individuals are encouraged to contact the Title IX Coordinator immediately if retaliation is believed to have occurred.

Definitions

Complainant shall mean an individual who is alleged to be the victim.

Discrimination

Discrimination shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability.

Harassment is a form of discrimination based on the protected classifications listed in this policy consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance when such conduct is:

1. Sufficiently severe, persistent or pervasive; and

2. A reasonable person in the complainant's position would find that it creates an intimidating, threatening or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities or opportunities offered by a school.

Definitions Related to Title IX Sexual Harassment

Formal complaint shall mean a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the district investigate the allegation under the grievance process for formal complaints. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator a party in the grievance process for formal complaints. The phrase "document filed by a complainant" refers to a document or electronic submission that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.[29][32]

Supportive measures shall mean nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed.[32]

Supportive measures shall be designed to restore or preserve equal access to the educational program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or to deter sexual harassment. **Supportive measures** may include, but are not limited to:[32]

1. Counseling.

2. Extensions of deadlines or other course-related adjustments.

3. Modifications of work or class schedules.

11. Assistance from community health resources including counseling resources.

Supportive measures may also include assessments or evaluations to determine eligibility for special education or related services, or the need to review an Individualized Education Program (IEP) or Section 504 Service Agreement based on a student's behavior. This could include, but is not limited to, a manifestation determination or functional behavioral assessment (FBA), in accordance with applicable law, regulations or Board policy.[17][18][23][24][33]

Title IX sexual harassment means conduct on the basis of sex that satisfies one or more of the following:[32]

1. A district employee conditioning the provision of an aid, benefit, or district service on an individual's participation in unwelcome sexual conduct, commonly referred to as *quid pro quo sexual harassment.*

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a district education program or activity.

3. Sexual assault, dating violence, domestic violence or stalking.

    a. ***Dating violence*** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:[34]

        i. Length of relationship.

        ii. Type of relationship.

        iii. Frequency of interaction between the persons involved in the relationship.

    b. ***Domestic violence*** includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.[34]

    c. ***Sexual assault*** means a sexual offense under state or federal law that is classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.[35]

    d. ***Stalking,*** under Title IX means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means to engage in a course of conduct directed at a specific person that would cause a reasonable person to either:[34]

        i. Fear for their safety or the safety of others.

        ii. Suffer substantial emotional distress.

Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment under Title IX. An **education program or activity** includes the locations, events or circumstances over which the district exercises substantial control over both the respondent and the context in which the harassment occurs. Title IX applies to all of a district's education programs or activities, whether such programs or activities occur on- campus or off-

campus.[28][29][32]

This would include, for example, but not be limited to, conduct that would violate the Code of Student Conduct if it occurred in school that is committed in furtherance of a plan made or agreed to in school, or acts of vandalism directed at the property of school staff because of their status as school staff.

Delegation of Responsibility

The Superintendent or designee shall ensure that reasonable and necessary rules and regulations are developed to implement Board policy governing student conduct.

The Superintendent or designee shall publish and distribute to all staff, students and parents/guardians the rules and regulations for student behavior contained in the Code of Student Conduct, the sanctions that may be imposed for violations of those rules, and a listing of students' rights and responsibilities. Reasonable force may be used by teachers and school authorities under any of the following circumstances: to quell a disturbance, obtain possession of weapons or other dangerous objects, for the purpose of self-defense, and for the protection of persons or property.[9]

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed by students on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[14][17][19][20][21][22]

The Superintendent or designee shall notify the parent/guardian of any student directly involved in an incident as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.[11][16][19]

In accordance with state law, the Superintendent shall annually, by July 31, report all incidents involving possession of a weapon to the Office for Safe Schools on the required form.[11][13][18]

The building principal shall annually inform staff, students and parents/guardians about the Board policy prohibiting weapons and about their personal responsibility for the health, safety and welfare of the school community.

In accordance with federal law, possession or discharge of a firearm in, on, or within 1,000 feet of school grounds is prohibited. Violations shall be reported to the appropriate law enforcement agency.[20][21]

Transfer Students

When the district receives a student who transfers from a public or private school during an expulsion period for an offense involving a weapon, the district may assign that student to an alternative assignment or may provide alternative education, provided the assignment does not exceed the expulsion period.[2][22]

Book Policy Manual
Section 200 Pupils
Title Student Expression/Dissemination of Materials
Code 220
Status Active
Adopted June 19, 2024

Purpose

The right of public school students to freedom of speech is guaranteed by the Constitution of the United States and the Constitution of the Commonwealth. The Board respects the right of students to express themselves in word or symbol and to disseminate nonschool materials to others as a part of that expression. The Board also recognizes that the exercise of that right is not unlimited and must be balanced with the district's responsibility to maintain a safe and orderly school environment and to protect the rights of all members of the school community.[1]

This policy addresses student expression in general as well as dissemination of expressive materials that are not part of district-sponsored activities (nonschool materials).

This policy does not apply to materials sought to be disseminated as part of the curricular or extracurricular programs of the district, which shall be regulated separately as part of the school district's educational program.

Definitions

For the purposes of this policy, **dissemination** shall mean students distributing or publicly displaying nonschool materials to others:

1. On school property or during school-sponsored activities by placing such materials upon desks, tables, on or in lockers, walls, doors, bulletin boards, or easels; by handing out such materials to other persons; or by any other manner of delivery to others; or

2. At any time or location when creating or sending information using email, websites, online platforms, social media channels or other technological means that are owned, provided or sponsored by the school district.

Expression means verbal, written, technological or symbolic representation or communication or by any other manner.

Non-school materials means any printed, technological or written materials, regardless of form, source or authorship, that are not prepared as part of the curricular or approved extracurricular programs of the district. This includes, but is not limited to, fliers, invitations, announcements, pamphlets, posters, online discussion areas and digital bulletin boards, personal websites and the like.

Authority

Limitations on Student Expression

Students have the right to express themselves unless such expression is likely to or does materially and substantially disrupt or interfere with the educational process, including school activities, school work, discipline, safety and order on school property or at school functions; threatens serious harm to the school or community; encourages unlawful activity; or interferes with another's rights. Student expression is prohibited to the extent that it:[1]

1. Violates federal, state or local laws, Board policy or district rules or procedures;

2. Is defamatory, obscene, lewd, vulgar or profane;[2]

3. Advocates the use or advertises the availability of any substance or material that may reasonably be believed to constitute a direct and serious danger to the health or welfare of students, such as tobacco/vaping products, alcohol or illegal drugs;

4. Incites violence, advocates use of force or threatens serious harm to the school or community;

5. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions;

6. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs; or

7. Violates written district procedures on time, place and manner for dissemination of otherwise protected expression.

Student expression that occurs on school property or at school-sponsored events, or occurs at any time or place when created or communicated using district-provided equipment, email, websites or other technological resources, is subject to this policy. The limitations, prohibitions and requirements of this policy shall apply to expression that occurs outside the foregoing circumstances only when and to the extent that the out-of-school expression:[1][2][3][4]

1. Incites violence, advocates use of force or otherwise threatens serious harm directed at students, staff or the school environment;

2. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions; or

3. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs.

Dissemination of Non-school Materials

The district requires that dissemination of non-school materials shall occur only at the places and during the times set forth in written procedures. Such procedures shall be written to permit the safe and orderly operation of schools, while recognizing the rights of students to engage in protected expression.[1][3]

The district requires that students who wish to disseminate non-school materials on school property shall obtain approval by submitting them at least five (5) school days in advance to the building principal or designee, who shall forward a copy to the Superintendent.[1]

If the non-school materials include matters prohibited by this policy, the building principal or designee shall promptly notify the students of the nature of the violation and that they may not disseminate the materials until the violation is corrected and the materials are resubmitted for approval.

If notice of disapproval is not given during the period between submission and the time for the planned dissemination, students may consider the request approved and proceed with dissemination as requested, subject to all other established procedures and requirements relating to time, place and manner of dissemination. Students may nonetheless be directed to cease or suspend dissemination if it is later determined that the materials or the dissemination of them are in violation of this policy or implementing rules and procedures.

Students who disseminate printed non-school materials shall be responsible for clearing any litter that results from their activity and shall schedule the event so that they do not miss instructional time themselves.

Printed non-school materials displayed in a fixed location of a school building shall bear the date when placed in each location. The district may remove the materials within ten (10) days of the posting or other reasonable time as stated in applicable procedures.

Review of Student Expression

Review of non-school materials proposed for dissemination shall be reviewed within five (5) days of submission so as to avoid unreasonable delay in dissemination.

School officials shall not censor or restrict non-school materials or other student expression for the sole reason that it is critical of the school or its administration, or because the views espoused are unpopular or may make people uncomfortable.

Student-initiated religious expression is permissible, and apart from regarding time, place and manner, shall not be restricted unless the expression violates some other aspect of this policy, e.g., because it is independently determined to be in violation of this policy for reasons other than the religious nature of the content.

Appeal of the reviewer's decision may be made to the Superintendent and then to the Board, in accordance with Board policy and district procedures.

Delegation of Responsibility

The Superintendent shall assist the building principal in determining the designation of the places and times non-school materials may be disseminated in each school building. Such designations may take into account maintenance of the flow of student traffic throughout the school and shall limit dissemination of non-school materials to non instructional times.

When student dissemination of non-school materials or other student expression violates this policy, the building principal may determine what if any disciplinary or other consequences should be imposed. Disciplinary actions shall be in accordance with applicable Board policy and the Code of Student Conduct.[5][6]

The Superintendent shall ensure that building principals and other staff involved in reviewing non-school materials proposed for dissemination and evaluating whether violations of this policy have occurred receive training regarding applicable standards and procedures. Special emphasis shall be given to understanding the limitations on school officials' authority to regulate off-campus student expression, as well as the need to articulate in detail the nature and extent of disruption to or interference with the school environment thought to be caused by on or off-campus student expression and the specific manner by which the student expression involved is thought to have caused it.

This Board policy and any procedures written to implement this policy shall be referenced in student handbooks so that students can access them for further information.

Pennsylvania Department of Health Medical Marijuana Guidance for Schools and School Districts

Book	**Policy Manual**
Section	**200 Pupils**
Title	**Searches**
Code	**226**
Status	**Active**
Adopted	**June 19, 2024**

Purpose

The Board acknowledges the need to respect the rights of students to be free from unreasonable searches and seizures while fulfilling the district's interest in protecting and preserving the health, safety and welfare of the school population, enforcing rules of conduct, and maintaining an appropriate atmosphere conducive to learning.

Authority

School officials have the authority to lawfully search students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions, without a warrant, when in school, on school grounds or when otherwise under school supervision, if there is a reasonable suspicion that the place or thing to be searched contains prohibited contraband, material that would pose a threat to the health, safety and welfare of the school population, or evidence that there has been a violation of the law, Board policy, or school rules. The scope and extent of searches must be reasonable in relation to the nature of the suspected evidence, contraband or dangerous material and to the grounds for suspecting that it may be found in the place or thing being searched.[1][2][3][4]

The district has a compelling interest in protecting and preserving the health, safety and welfare of the school population, which under certain circumstances may warrant general or random searches of students and their lockers, vehicles or other belongings without individualized suspicion, for the purpose of finding or preventing entry onto school property of controlled substances, weapons or other dangerous materials.[5][6][7]

Delegation of Responsibility

The Board authorizes the administration to conduct searches of students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions in accordance with the standards set forth in this policy.

The Superintendent or designee, in consultation with the district solicitor, shall develop guidelines and procedures to implement this policy, and shall ensure that school staff who are involved in carrying out searches or determining when searches will be conducted receive appropriate periodic training about such procedures and currently applicable legal standards.[3]

Students, parents/guardians and staff shall be notified at least annually, or more often if deemed appropriate by administration, about the standards and procedures in effect pursuant to this policy.

Guidelines

Individualized Suspicion Searches

Students or their belongings, including lockers, automobiles, electronic devices, purses, backpacks, clothing, and other possessions, may be searched without a warrant when in school, on school grounds or when otherwise under school supervision, if there is a reasonable suspicion that the place or thing to be searched contains prohibited contraband, material that would pose a threat to the health, safety and welfare of the school population, or evidence that there has been a violation of the law, Board policy, or school rules. The scope and extent of searches must be reasonable in relation to the nature of the suspected evidence, contraband or dangerous material and to the grounds for suspecting that it may be found in the place or thing being searched.[3]

In determining whether reasonable suspicion exists, the principal or designee always should be able to articulate what is being looked for, and why it is thought to be located in the particular place to be searched. The scope of a search should be limited to the place or places the item sought is believed to be.

Examination by school staff of text messages, call logs, files, images or other data contained in a student's mobile telephone or

other electronic device, without the student's consent, normally constitutes a search that must be justified by reasonable suspicion that material in violation of law, district policy or school rules, or evidence of such a violation, is contained in the particular files, directories or other data locations being examined in the device.

Random or General Searches Without Individualized Suspicion

Under certain circumstances, random or general searches of students and their belongings, including student lockers or vehicles parked on school property, may be conducted during the school day or upon entry into school buildings or school activities, in the absence of suspicion focused on a particular student or students, for the purpose of finding or preventing entry onto school property or activities of controlled substances, weapons or other dangerous materials. Such searches normally will be conducted in a minimally intrusive manner using screening methods such as dogs or other animals trained to detect controlled substances, explosives or other harmful materials by smell, as well as metal detectors and other technology. When such screening methods provide a reasonable suspicion that particular students, items or places possess or contain controlled substances, weapons or other dangerous material, screening may be followed by physical searches of those particular students, items or places on an individualized basis.

General or randomized searches must apply to all students or a randomized selection, such as every tenth student.

Random or general searches for weapons or other dangerous devices may be conducted when there are circumstances, information or events tending to indicate increased likelihood that students may be armed or headed for physical confrontation or as a continuation or escalation of a prior incident, in or out of school.

Random or general searches for controlled substances may be conducted when there are circumstances, events or information tending to indicate significant drug use, possession or trafficking among students in school.

Random or general searches not based on individualized suspicion must be approved in advance by the Superintendent or designee, in consultation with the district solicitor. Coordination with law enforcement officials will be accomplished as provided in the memorandum of understanding with the applicable law enforcement agency.[8]

Searches Upon Consent

Searches may be conducted at any time, with or without reasonable suspicion, if the student has given knowing and voluntary consent specific to the place to be searched.

The administration may establish rules and procedures governing certain privileges enjoyed by students, such as the privilege of parking a vehicle on school grounds, that make the student's consent to random searches or inspections a condition of access to the privilege.[6]

Searches by or at the Request of Law Enforcement Officials

The legal standards governing searches initiated by school officials are less strict than the standards applicable to law enforcement authorities in many situations. When searches of students, student belongings, vehicles or lockers are conducted by or at the request of law enforcement officials, with or without the involvement of school staff, the law enforcement officials are solely responsible for ensuring that a warrant has been issued or that the circumstances otherwise permit the search to be lawfully conducted in accordance with the standards applicable to law enforcement actions. School staff will not interfere with or obstruct searches initiated by law enforcement, but may assist when law enforcement officials have requested such assistance and have represented that a warrant has been issued or that they otherwise have proper authority for a lawful search.[8]

Locker Inspections and Searches

Lockers are assigned to or otherwise made available to students as a convenience for the safe storage of books, clothing, school materials and limited personal property, and to facilitate movement between classes and activities and to and from school. Such lockers are and shall remain the property of the school district, and to the extent students have any expectation of privacy of lockers at all, it is very limited.

No student may place or keep in a locker any substance or object that is prohibited by law, Board policy or school rules, or that constitutes a threat to the health, safety or welfare of the occupants of the school building or the building itself. Students are required to ensure that their lockers do not contain spoiled food items or beverages, or soiled clothing which may attract pests, create odors or cause unhealthy conditions. A student locker may be opened and inspected for cleanliness, with or without the consent of the student, whenever there are odors, pests or other indications that a locker contains spoiled food, soiled clothing in need of laundering

or similarly unhealthy matter.

Students are exclusively responsible for locking their assigned lockers to ensure the security of their personal belongings and school property entrusted to them. Students are permitted to secure their assigned lockers only with locks provided by the district, or if the district does not provide locks, personal combination locks for which the combination has been provided to designated school staff.

Prior to an individual locker search or inspection, the student to whom the locker is assigned shall be notified and be given a reasonable opportunity to be present. However, when there is a reasonable suspicion that a locker contains materials which pose a threat to the health, welfare or safety of the school population, student lockers may be searched without prior notice to the student.

The principal or a designated staff person shall be present whenever a student locker is inspected for cleanliness or is searched. The principal or designee shall maintain written records of all occasions when a locker is searched or inspected. Such records shall include the reason(s) for the search, persons present, objects found and their disposition.

Searches Involving Removal of Clothing or Examination Beneath Clothing

Searches of students involving the removal of undergarments or examination beneath undergarments are subject to stricter standards than are required to justify other searches of a student's person or belongings. Such searches are permitted only when the basis for suspicion establishes either:

1. That the reasons for believing that the items being searched for are concealed specifically inside undergarments are stronger reasons than grounds that would support only a more general reasonable suspicion that the student is in possession of the items or has them somewhere on the student's person; or,

2. That the quantity or nature of the items being sought present a higher level of danger to the school population than other kinds of contraband.

Searches involving the removal of or examination beneath any clothing of a student, other than jackets, coats or other outerwear, shall be conducted only by a staff person of the same gender as the student, with at least one (1) other staff person of the same gender present as a witness, and in a location assuring privacy from observation by persons not involved in the search or of the opposite sex.

Searches involving the removal of undergarments or examination beneath undergarments will be conducted only after consultation with the district solicitor.

Handling and Disposal of Items Found in the Course of Searches

Any items or material found during a search or inspection, the student's possession of which is in violation of law, district policies or school rules, or otherwise is evidence of such a violation, may be confiscated, and may be used as evidence in student discipline proceedings or a criminal investigation, even if such items or material were not the original objective of the search or inspection.

For purposes of this policy, **serious bodily injury** shall mean bodily injury which creates a substantial risk of death or which causes serious, permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ.[8]

Authority

The Board prohibits hazing in connection with any student activity or organization regardless of whether the conduct occurs on or off school property or outside of school hours.[4][5][7][9][10]

No student, parent/guardian, coach, sponsor, volunteer or district employee shall engage in, condone or ignore any form of hazing.

The Board encourages students who believe they, or others, have been subjected to hazing to promptly report such incidents to the building principal or designee.

Title IX Sexual Harassment and Other Discrimination

Every report of alleged hazing that can be interpreted at the outset to fall within the provisions of policies addressing potential violations of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of a hazing investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged hazing.[11][12]

Delegation of Responsibility

Students, parents/guardians, coaches, sponsors, volunteers, and district employees shall be alert to incidents of hazing and shall report such conduct to the building principal or designee.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy.[13][14]

Guidelines

In addition to posting this policy on the district's publicly accessible website, the district shall inform students, parents/guardians, sponsors, volunteers and district employees of the district's policy prohibiting hazing, including district rules, penalties for violations of the policy, and the program established by the district for enforcement of the policy by means of distribution of written policy, publication in handbooks, presentation at an assembly or verbal instructions by the coach or sponsor at the start of the season or program.[4]

This policy, along with other applicable district policies, procedures and Codes of Conduct, shall be provided to all school athletic coaches and all sponsors and volunteers affiliated with a student activity or organization, prior to coaching an athletic activity or serving as a responsible adult supervising, advising, assisting or otherwise participating in a student activity or organization together with a notice that they are expected to read and abide by the policies, procedures and Codes of Conduct.[7]

Complaint Procedure

A student who believes that they have been subject to hazing is encouraged to promptly report the incident to the principal or designee.

Students are encouraged to use the district's report form, available from the principal, or to put the complaint in writing; however, oral complaints shall be accepted and documented. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

The Board directs that verbal and written complaints of hazing shall be provided to the principal or designee, who shall promptly notify the Superintendent or designee of the allegations and determine who shall conduct the investigation. Allegations of hazing shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The

Board directs that any complaint of hazing brought pursuant to this policy shall also be reviewed for conduct which may not be

proven to be hazing under this policy but merits review and possible action under other Board policies.

Interim Measures/Police

Upon receipt of a complaint of hazing, the principal or designee, in consultation with the Superintendent or designee, shall determine what, if any interim measures should be put in place to protect students from further hazing, bullying, discrimination or retaliatory conduct related to the alleged incident and report. Such interim measures may include, but not be limited to, the suspension of an adult who is involved, the separation of alleged victims and perpetrators, and the determination of what the complaining student needs or wants through questioning.

Those receiving the initial report and conducting or overseeing the investigation will assess whether the complaint, if proven, would constitute hazing, aggravated hazing or organizational hazing and shall report it to the police consistent with district practice and, as appropriate, consult with legal counsel about whether to report the matter to the police at every stage of the proceeding. The decision to report a matter to the police should not involve an analysis by district personnel of whether safe harbor provisions might apply to the person being reported, but information on the facts can be shared with the police in this regard.[15]

Referral to Law Enforcement and Safe Schools Reporting Requirements –

For purposes of reporting hazing incidents to law enforcement in accordance with Safe Schools Act reporting, the term **incident** shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco; or conduct that constitutes an offense listed under the Safe Schools Act.[16][17][18]

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents, as defined in the Safe Schools Act, committed by students on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[16][17][19][20][21][22]

The Superintendent or designee shall document attempts made to reach the parent/guardian.[17][22][23]

In accordance with state law, the Superintendent shall annually, by July 31, report all new incidents to the Office for Safe Schools on the required form.[16][22]

Retaliation

Reprisal or retaliation relating to reports of hazing or participation in an investigation of allegations of hazing is prohibited and shall be subject to disciplinary action.

Consequences for Violations

Safe Harbor –

An individual needing medical attention or seeking medical attention for another shall not be subject to criminal prosecution if the individual complies with the requirements under law, subject to the limitations set forth in law.[15]

Students –

If the investigation results in a substantiated finding of hazing, the investigator shall recommend appropriate disciplinary action up to and including expulsion, as circumstances warrant, in accordance with the Code of Student Conduct. The student may also be subject to disciplinary action by the coach or sponsor, up to and including removal from the activity or organization. The fact of whether a student qualified for and received safe harbor under a criminal investigation shall be considered in assigning discipline.[4][7][15][24][25]

Nonstudent Violators/Organizational Hazing -

If the investigation results in a substantiated finding that a coach, sponsor, or volunteer affiliated with the student activity or organization engaged in, condoned or ignored any violation of this policy, the coach, sponsor, or volunteer shall be disciplined in accordance with Board policy and applicable laws and regulations. Discipline could include, but is not limited to, dismissal from the position as coach, sponsor, or volunteer, and/or dismissal from district employment.[26]

Penalties may include rescission of permission for that organization to operate on school property or to otherwise operate under the sanction or recognition of the district.

Criminal Prosecution –

Any person or organization that causes or participates in hazing may also be subject to criminal prosecution.[4]

This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions and pre-adoptive homes. A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the state, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption or whether there is federal matching of any payments that are made.[25]

Homeless children and youths means individuals who lack a fixed, regular and adequate nighttime residence, and includes:[26]

Book	**Policy Manual**
Section	**800 Operations**
Title	**Use of Artificial Intelligence in Education**
Code	**815.1**
Status	**Active**
Adopted	**March 19, 2025**

Purpose

The Board's purpose of implementing a policy on Artificial Intelligence (AI) is to ensure the ethical and responsible use of AI technologies to enhance teaching, learning, and administrative processes while safeguarding student privacy and data security. By establishing clear guidelines and procedures, this policy aims to promote transparency and accountability, while fostering a safe learning and working environment.

Definition

Artificial intelligence (AI) refers to computer systems and algorithms that mimic human cognitive functions, such as learning, reasoning, problem-solving, and decision-making. AI encompasses a broad spectrum of techniques and methodologies, including machine learning, natural language processing, computer vision, and robotics, aimed at creating intelligent systems capable of performing tasks autonomously or with minimal human intervention.

Authority

The Board directs that the use of AI in the educational environment shall be limited to approved educational purposes and shall comply with applicable state and federal laws, regulations, Board policies, administrative regulations and school rules including, but not limited to, the Family Educational Rights and Privacy Act (FERPA), the Individuals with Disabilities Education Act (IDEA), the Americans with Disabilities Act (ADA), the Children's Internet Protection Act (CIPA), the Children's Online Privacy Protection Act (COPPA), as well as Board policies related to acceptable use of computers and network resources, student and staff conduct, copyright protections, student records, personnel records, bullying and cyberbullying, nondiscrimination and harassment, data security and staff and student expression.[1][2][3][4][5][6][7][8][9][10][11][12][13][14][15][16][17][18][19][20][21][22][23][24][25][26]

Delegation of Responsibility

The Superintendent shall develop administrative regulations to implement this policy, and may delegate to his/her designee(s) the right to enforce this policy.

AI tools and resources used in district schools and programs shall be evaluated and authorized on an ongoing basis for age-appropriateness, bias, privacy protections, accessibility standards and data security.[8][9][10][26][27]

The Superintendent or designee shall be responsible for developing procedures to address student safety measures and to determine whether AI tools and resources are being used for purposes prohibited by law, Board policy or for accessing sexually explicit materials.[2][24][28][29][30][31][32]

The district solicitor, in coordination with the Director of Information Technology, shall evaluate new and existing vendor contracts, collective bargaining agreements and related agreements for impacts related to district use of AI.[33][34]

Guidelines

Instruction on AI Tools

The Board directs that students at all grade levels receive age-appropriate instruction on the proper use of AI tools, encompassing fundamental principles such as the necessity of proper human supervision, critical thinking, and skepticism regarding accuracy. Such instruction should aim to empower students with the knowledge and skills needed to navigate the increasingly prevalent presence of AI technologies in their academic and personal lives. By fostering a culture of responsible and informed use, students will be better equipped to navigate AI tools effectively while understanding their limitations and ethical implications.

CIPA Compliance

The Director of Technology shall ensure that the district's internet content and message filters prevent users from accessing any AI website, tool, or application that is capable of generating obscene or pornographic material on both school district owned devices and on the school provided internet.[2][32]

FERPA Compliance

All teachers, administrators, and staff are required to adhere strictly to the regulations outlined in the Family Educational Rights and Privacy Act (FERPA) when utilizing any AI resources.[5]

The district prohibits the use of the personally identifiable information of students while using AI websites, tools, or applications that have not been pre-approved by the Director of Technology or his/her designee. The Director of Technology shall establish a process by which teachers and administrators can request the approval of new AI resources. The vetting process shall include a review of the tool's privacy policy, data handling practices, and compliance with FERPA. The Director of Technology or designee shall maintain a list of all such approved resources.

Academic Honesty

The Board recognizes the capacity of AI to complete many student assignments. In doing so, AI has the potential to upend

traditional academic honesty and plagiarism standards.[23]

It is the responsibility of all teachers to provide students with notice of whether AI use is permitted on a particular assignment or project. Teachers should use the following scale [i] for guidance:

[i] Adapted from the North Carolina Department of Public Instruction and its work adapting the work of Dr. Leon Furze, Dr. Mike Perkins, Dr. Jasper Roe PHEA, and Dr. Jason Mcvaugh.

0	No AI Use	The assignment is completed independently without the assistance of AI	No disclosure required.
1	AI-Assisted Idea Generation	AI is used for brainstorming and generating ideas only.	No disclosure required
2	AI-Assisted Editing	AI is used to edit or refine student work, but not to generate content.	Student must disclose how AI was used.
3	AI for Specified Task Completion	AI is used to complete certain elements of a task or part of a project with human oversight and evaluation of all AI generated content.	Student must disclose how AI was used.
4	Full AI Use with Human Oversight	AI may be used throughout the assignment. The student is responsible for providing human oversight and evaluating the AI generated content.	Student must disclose how AI was used.

Having received such notice from a teacher, any student who violates these standards is subject to discipline including detention, suspension, or expulsion depending on the nature of the violation.

AI Use In Operations

The Superintendent or designee shall establish protocols to verify the accuracy and reliability of the output from AI tools prior to the use of such tools for budgeting, payroll, financial or population forecasting, HR analytics, and similar operational tasks.

While AI tools may be used to assist in HR processes so long as the protocols above are in place, the Board directs that final decision-making regarding employee evaluations, promotions, and hiring be human decisions and not solely by AI technology to ensure fairness, equity, and compliance with anti-discrimination laws.

Professional Development

The Board directs the Superintendent to provide regular professional development training for administrators, teachers, and staff on the ethical and appropriate use of AI in school. The training should equip educators, administrators, and staff with the knowledge and skills necessary to integrate AI tools into their roles in the district while also addressing data privacy, legal compliance, and ethical considerations.[35]

Ethical Considerations

The district's technology protection measures shall be enforced during use of AI on district computers and network resources.[24]

The district prohibits the use of AI in making decisions regarding employee recruitment, hiring, retention, promotion, transfer, evaluation, demotion or dismissal.[10]

Guidelines

SUICIDE AWARENESS AND PREVENTION EDUCATION[1]

Suicide Awareness and Prevention Education for Students

Students shall receive age and developmentally-appropriate, student-centered lessons on the importance of safe and healthy choices, coping strategies focused on resiliency, how to recognize risk factors and warning signs, as well as help-seeking strategies for self or others, including how to engage school resources.

These lessons shall be integrated into the curriculum of health classes and other classes as appropriate. The lessons may be taught by health and physical education teachers, classroom teachers, student services staff or community service providers.

Programming related to suicide prevention shall be delivered in small group or classroom settings; not in a large group or auditorium setting.

District staff shall provide resources and access to counseling staff for students participating in programming, who may struggle with the topic of suicide prevention.

Lessons shall contain information on comprehensive health and wellness, including emotional, behavioral and social skills development by:

1. Informing students about broader behavioral health issues such as depression and substance use, as well as specific risk factors, protective factors and warning signs for suicide.
2. Encouraging students to seek help for themselves or their peers, including when concerns arise via social media or other online forum, and to avoid making promises of confidence when they are concerned about the safety of a peer or other individual.
3. Adhering to safe and effective messaging guidelines, avoiding graphic testimonials and including research-based suicide prevention resources.
4. Promoting a healthy school climate where students feel connected to and can identify trusted adults in the building.
5. Providing local, state and/or national resources for seeking help.

Suicide Awareness and Prevention Education for School Personnel

As part of the district's professional development plan, professional educators shall participate in a minimum of four (4) hours of youth suicide awareness and prevention training every five (5) years.[1][8][9]

The district shall make required training and refresher training available on an ongoing basis, so that educators may fulfill training requirements throughout the required timeframe.

School safety and security training for employees may include suicide awareness.[9]

Additional professional development in suicide risk screening and/or assessment and crisis intervention shall be provided to specialized staff and school behavioral health professionals such as school crisis response/intervention team members, threat assessment team members, designated administrators, school counselors, school psychologists, school social workers and school nurses.

Resources for Parents/Guardians

The district shall provide parents/guardians with resources including, but not limited to, health promotion and suicide risk, including characteristics and warning signs, and information about local, state and national behavioral health resources.

METHODS OF PREVENTION[1]

The district shall utilize a multifaceted approach to suicide prevention which integrates school and community-based

supports.

The methods of prevention utilized by the district include, but are not limited to, education, training and awareness; early identification and support for students at risk; and delegation of responsibility for planning and coordination of suicide prevention efforts.

Information received in confidence from a student may be revealed to the student's parents/guardians, the building principal, the threat assessment team and/or crisis response/intervention team or other appropriate authority when the health, welfare or safety of the student or any other person is clearly in jeopardy, in accordance with applicable law, regulations and Board policy.[4][10][11][12][13][14][15]

Suicide Prevention Coordinators

District-Wide -

A district-level suicide prevention coordinator shall be designated by the Superintendent or designee. This may be an existing district employee. The district suicide prevention coordinator shall be responsible for planning and coordinating implementation of this policy.

Building-Level -

Each building principal shall designate a school suicide prevention coordinator to act as a point of contact in each school for issues relating to suicide prevention and policy implementation. This may be an existing district employee, who may also be a member of the threat assessment team.[4]

Early Identification Procedures

Early identification of individuals with warning signs or suicide risk factors that appear to adversely impact the student is crucial to the district's suicide prevention efforts. To promote awareness, school personnel, students and parents/guardians should be educated about suicide risk factors and warning signs.

Referral Procedures

Any school personnel who observes a student exhibiting a warning sign for suicide, or who has another indication that a student may be contemplating suicide, shall immediately refer the student for suicide risk screening and/or assessment and intervention in accordance with Board policy and district procedures.[4][15][16]

In the absence of a warning sign for suicide, students demonstrating suicide risk factors that appear to be adversely impacting

the student, or other indications of self-harm, should be referred to an appropriate team or staff member (e.g., principal, school counselor, Student Assistance Program team) for support and follow-up.

When a student's behavior indicates a threat to the safety of the student, school personnel shall report the student to the threat assessment team, an appropriate member of the team or the suicide prevention coordinator. The threat assessment team, crisis response/intervention team and designated staff responsible for conducting or arranging suicide risk screening and assessment shall coordinate to provide assessment and intervention in accordance with Board policy and district procedures.[4][15][16][17]

School personnel shall arrange for or provide continuous adult supervision to ensure the student's safety.

Safe2Say Something

When the district receives a report through the Safe2Say Something program, members of the Safe2Say Something team shall coordinate with the appropriate emergency dispatch center(s), local law enforcement and/or district team, in accordance with district procedures.[9]

Documentation

The district shall document the referral, including specific reasons identified as indications that the student may be at risk.[4]

METHODS OF ASSESSMENT AND INTERVENTION[1]

The methods of assessment and intervention utilized by the district include, but are not limited to, responding to threats of suicide or self-harm, suicide attempts in school, suicide attempts outside of school and suicide.

Team members may include, but not be limited to, designated administrators, school counselors, school nurse, school psychologist, social worker, school security personnel, members of the Student Assistance Program team and others as designated by the district such as community behavioral health agency resources.

The district's threat assessment team shall serve as a crisis response/intervention team, and may coordinate with district behavioral health staff and community behavioral health agency resources as needed.[4]

Suicide intervention procedures shall involve collaboration and coordination with the student, the parent/guardian, suicide

prevention coordinator, the threat assessment team and/or the crisis response/intervention team and additional support services as needed.

Student Assessment and Intervention

When a student has been referred for assessment, designated members of the threat assessment team and/or crisis response/intervention team shall coordinate with appropriate behavioral health staff to assess and respond to the student's behavior, which may include development or update of an Individualized Management Plan and/or Safety Plan, where appropriate, in accordance with Board policy and administrative regulations.[4]

A district-approved suicide risk screening or assessment tool may be used by trained behavioral health staff such as school counselors, psychologists or social workers.

Parents/Guardians of a student identified as being at risk of suicide shall be notified by the building principal or designee and informed of crisis and community resources. If the school suspects that the student's risk status is the result of abuse or neglect, school staff shall immediately notify Children and Youth Services, in accordance with applicable law and Board policy.[4][6]

The district shall identify and develop agreements with behavioral service providers to whom students may be referred for further suicide risk screening and/or assessment and intervention.

If the student has been identified as being at increased risk of suicide, the district shall develop a new, or update a previous, Safety Plan to support the student and the student's family. The Plan should be developed collaboratively with input from the student, the student's parents/guardians, appropriate team members and behavioral health professionals.

Students With Disabilities

For students with disabilities who are identified as being at risk for suicide or who attempt suicide, the team receiving the referral or other district staff shall notify the appropriate Individualized Education Program (IEP) team or Section 504 team to address the student's needs in accordance with applicable law, regulations and Board policy.[3][4][18][19][20][21]

If a student is identified as being at risk for suicide or attempts suicide and the student may require special education services or accommodations, the Director of Special Education shall be notified and shall take action to address the student's needs in accordance with applicable law, regulations and Board policy.[3][18][19][20][21]

Documentation

The district shall document observations, recommendations and actions conducted throughout the course of intervention, suicide risk screening and/or assessment and follow-up, including verbal and written communications with students, parents/guardians, appropriate team members and behavioral service providers.[4]

METHODS OF RESPONSE TO SUICIDE ATTEMPT OR SUICIDE[1]

The district's crisis response/intervention team shall coordinate with first responders, district behavioral health staff and/or community behavioral health resources in response to a suicide attempt or suicide.

Response to Suicide Attempt

Methods of response to a suicide attempt utilized by the district include, but are not limited to:

1. Acting in accordance with professional development and crisis response training including, but not limited to:
   a. The rendering of first aid until professional medical services and/or transportation can be received.
   b. Supervision of the student and movement of all other students out of the immediate area.
2. Coordinating with the threat assessment team to document or follow up on the threat assessment process, in accordance with Board policy, where applicable.[4]
3. Notifying students, employees and parents/guardians.
4. Working with families.
5. Collaborating with community providers.

Re-entry Procedures

Prior to a student returning to school after a behavioral health crisis, a district-employed behavioral health professional, member(s) of the threat assessment team, the building principal or designee shall meet with the parents/guardians of the student and, if appropriate, meet with the student to discuss the student's return to school and to create an individual re-entry plan.[4]

When authorized by the student's parent/guardian, the designated district employee shall coordinate with the appropriate outside behavioral service providers, request releases of information and written documentation from the treating facility and

encourage their involvement in the re-entry process.

A school behavioral health professional shall periodically check in with the student and monitor the student's re-entry plan, which may include strategies and supports to facilitate the student's progress and transition back into the school community, including referrals to other school-based teams or programs (e.g. Student Assistance Program).

Re-entry of a student with a disability requires coordination with the appropriate team to address the student's needs in accordance with applicable law, regulations and Board policy.[3][18][19][20][21]

Response to Suicide (Postvention)

Upon confirmation of a suicide, the district shall immediately implement established postvention procedures which shall include methods for informing the school community; identifying and monitoring at-risk youth; and providing resources and supports for students, staff and families.

DOCUMENTATION PROCEDURES[1]

Effective documentation assists in preserving the safety of the student and ensuring communication among school staff, parents/guardians and behavioral service providers.

When school personnel take notes on any conversations or situations involving or relating to an at-risk student, the notes should contain only factual or directly observed information, not opinions or hearsay.

As stated in this policy, school personnel shall be responsible for effective documentation of incidents involving suicide prevention, intervention and response, in accordance with applicable laws, regulations and Board policy.[4]

Reports and information shall be maintained confidentially and made available to appropriate district staff in accordance with applicable laws, regulations and Board policy.[4][11][12][13][14][24][25]
