# West Allegheny School District Wireless Networks

Two wireless networks are available for people on the district campuses:

- West Allegheny SD
- WASD-Guest

West Allegheny SD is for staff and students who have a school username and password.
WASD-Guest is for people who do not have a school account.

West Allegheny SD

If you have a teacher or student account, connect to West Allegheny SD.

Click on the wireless icon on the system tray (Windows), then click on West Allegheny SD, and then click Connect.
West Allegheny SD (Cont.)

A login box will appear after clicking connect. Enter your school username and password, and then click OK.

WASD-Guest Network

If you do not have a school username and password, use WASD-Guest.

Click on the wireless icon on the system tray (Windows), then click on WASD-Guest, followed by Connect.

WASD-Guest Network (Cont.)

After clicking Connect an internet browser window will open. Click Accept to agree to the acceptable use policy and connect to the wireless network.
